Manual Handling in Health and Social Care, Second Edition Michael Mandelstam 2021-04-21 Manual Handling in Health and Social Care is written for all those involved in the manual handling of adults or children, including those carrying it out, assessors, managers and commissioners. It lays out the current legal requirements in a non-technical way and includes case studies illustrating the law applied in practice, across health, social care and sometimes educational settings. The book applies to England, Scotland, Wales and Northern Ireland. An extended introduction sets out challenges, past, present and future, including safety, balancing risk with duties to meet people's needs, human rights, incidence of blanket policies, social capacity, safeguarding, the limited resources of statutory services and single-handed care. It also considers some of the legal implications of increased use of technology (including remote assessment), as well as the "mechanisation" of care and its application to manual handling. The main part of the book is in the form of an A-Z guide, providing quick access to relevant legislation and common law (negligence) rules applying to personal injury cases. It covers also, extensively, judicial reviews legal challenges to decisions, when people and their families disagree with manual handing decisions that have been made. In addition, relevant ombudsman cases are included. The book will be essential reference for staff and managers in health and social care settings, students, legal professionals and all those working to ensure good practice and compliance with the law.

Risk and Safety in Play Dave Potter 2003-10-04Produced by PLAYLINK, a registered charity which assists local communities to create adventure playgrounds for children. Established in 1962, PLAYLINK is recognised as the national authority on good practice for play provision of this type. This essential handbook draws on PLAYLINK's 35 years experience with adventure playgrounds, introduces recent changes to legislation and gives guidance on the interpretation of legal responsibilities. It is intended for all those working as play officers, playworkers, playground designers or consultants in supervised play provision, legal advisers and regulatory authorities. It will also be of interest to anyone involved in leisure and recreation management and the design and construction of sports facilities.
