The Role of Modeling towards Impacting Quality Education

WebIn student -centered modeling, teachers engage students who have mastered specific concepts or learning outcomes in the t ask of modeling for their peers. This type of modeling makes the class less teacher -centered, which in some cases provides a more supportive learning environment for students. 2. 6.

OUR SISTERS' SCHOOL ANNUAL REPORT

Webtion. In these unsettling times, reaching out to support each other is what makes the OSS community strong and spirited. Our classrooms have pivoted almost seamlessly to distance learning. Parents, teachers and students work in tandem to achieve academic excellence and more. There are of course difficulties—financial stress,

Welcome to ECS!

WebProject-based learning (PBL). T eachers use PBL to guide students through inquiry-based learning that often includes an end-of-unit exhibition to a public audience. Teachers develop units with a question, design activities and projects that support inquiry, and work with students to construct knowledge throughout the journey.
