Management draws on extensive practice research to identify the key characteristics of successful case management: organisational support; developing delivery models to suit individual client needs; preparation of staff at all levels; and:

The Handbook of Research on Global Hospitality and Tourism Management examines the effects of political, legal, technological, competitive, and cultural factors that shape corporations worldwide. With its hallmark clear and concise approach, International Management places fundamental management theories in an international context.

For a successful gain entry into this new part of the market, it will first be necessary to understand the motives and background behind Asian economies. Asian Business and Management Practices: Trends and Global Considerations analyzes the various

In the twenty-first century. This third Australian edition has once again undergone a rigorous review and writing process. Contemporary changes in the regulation of nursing are reflected in the chapters and the third

The Pacific Islands

The work includes new or completely revised chapters on gender, music, logging, development, education, urbanization, health, ocean resources, and tourism. Throughout two key issues are addressed: the exceptional

The LMT framework is able to show the characteristics of different dimensions clearly, especially when combined with a conceptualization of the micro and macro as a continuum of intertwining

This book contributes to the understanding of crisis and disaster management generally, but with a specific focus on the Asia Pacific. With contributions by international scholars and practitioners, the book discusses both the theoretical and practical

The book argues that if we are to think differently about management, we must first rewrite management history.

The Pacific Islands

This book provides an invaluable resource for political leaders, policy advisers, academic researchers, military professionals, and students of international security and strategic studies.

To exploit this burgeoning market, tourism agencies must carefully consider the desires and goals of travelers from around the world. The Handbook of Research on Global Hospitality and Tourism Management

To effectively manage human resources in South East Asia, it is necessary to consider the political, legal, cultural, and social context in which organisations are situated. The latest instalment in the Global HRM series, Managing Human Resources in Asia-Pacific (2E) presents the HRM situations in a number of South-East Asian and

The Pacific Islands

This book is a comprehensive study of management in the Asia Pacific region. It examines the development of HRM in organisations; the nature of the workforce; recruitment and selection processes; organizational culture and team building; performance appraisal and reward systems; training and development; employee involvement and participation; and

The Pacific Islands

The management of human resources in the Asia Pacific region is now an essential part of the development of countries in the region. This book provides a comprehensive overview of the HRM practices in the countries of the region and identifies the major challenges faced by organisations in the region.
