Billy Lynn’s Long Halftime Walk Ben Fountain 2012-05-01 New York Times Bestseller Now a Major Motion Picture “Brilliantly done . . . grand, intimate, and joyous.” —New York Times Book Review “Mothers, father, sons, and daughters: read this giant-hearted novel.” —MAREA SEMPLE, author of Where’d You Go, Bernadette Three minutes and forty-three seconds of intensive warfare with Iraqi insurgents—caught on tape by an embedded Fox News crew—has transformed the eight surviving men of Bravo Squad into America’s most sought-after heroes. Now they’re on a media-intensive nationwide tour to reinvigorate public support for the war. On this rainy Thanksgiving Day, the Bravos are guests of a Dallas football team, slated to be part of the halftime show. Among the Bravos is nineteen-year-old Specialist Billy Lynn. Surrounded by patriots sporting flag pins on their lapels and support our troops bumper stickers, he is thrust into the company of the team’s owner and his coterie of wealthy colleagues; a born-again cheerleader; a veteran Hollywood producer; and supersized players eager for a vicarious taste of war. Over the course of this day, Billy will drink and brawl, yearn for home and mourn those missing, face a heart-wrenching decision and discover pure love and a bitter wisdom far beyond his years. Poignant, riotously funny, and exquisitely heartbreaking, Billy Lynn’s Long Halftime Walk is a searing and powerful novel that has cemented Ben Fountain’s reputation as one of the finest writers of his generation.

A Fire to Light Our Tongues Elizabeth Joan Dell 2022-07-01 A Fire to Light Our Tongues: Texas Writers on Spirituality brings together the works of writers in Texas. The title is taken, with permission, from Naomi Shihab Nye’s introduction to Salting the Ocean: 100 Poems by Young Poets, where she states the role of poetry serves as “a fire to light our tongues.” This view describes the role that creative writers, encountering the challenges of this past decade, face as they grapple with shifting views of spirituality. While the project started before COVID-19, given the current worldwide pandemic, a book of creative work responding to writers’ spirituality could not be more timely. This anthology offers readers creative works by Texas writers as they wrestle with evolving systems of belief or nonbelief.

Heaven, My Home Attica Locke 2019-09-17 In this “captivating” crime novel (People), Texas Ranger Darren Mathews is on the hunt for a missing child -- but it’s the boy’s family of white supremacists who are his real target. 9-year-old Levi King knew he should have left for home sooner; now he’s alone in the darkness of vast Caddo Lake, in a boat whose motor just died. A sudden noise distracts him — and all goes dark. Darren Mathews is trying to emerge from another kind of darkness; after the events of his previous investigation, his marriage is in a precarious state of re-building, and his career and reputation lie in the hands of his mother, who’s never exactly supported him. Still, he is determined to solve this case. But it’s the boy’s grandmother, who seems more concerned about the fate of her business than that of her grandson. Darren has to battle centuries-old suspicions and prejudices, as well as threats that have been re-ignited in the current political climate, as he races to find the boy, and to save himself. Purple Hibiscus Chimamanda Ngozi Adichie 2012-04-17 “One of the most vital and original novelists of her generation.” —Larissa MacFarquhar, The New Yorker From the bestselling author of Americanah and We Should All Be Feminists Fifteen-year-old Kambili and her older brother Jaja lead a privileged life in Enugu, Nigeria. They live in a beautiful house, with a caring family, and attend an exclusive missionary school. They’re completely shielded from the troubles of the world. Yet, as Kambili reveals in her tender-voiced account, things are less perfect than they appear. Although her Papa is generous and well respected, he is fanatically religious and tyrannical at home—a home that is silent and suffocating. As the country begins to fall apart under a military coup, Kambili and Jaja are sent to their aunt, a university professor outside the city, where they discover a life beyond the confines of their father’s authority. Books cram the shelves, curry and nutmeg permeate the air, and their cousins’ laughter rings throughout the house. When they return home, tensions within the family escalate, and Kambili must find the strength to keep her loved ones together. Purple Hibiscus is an exquisite novel about the emotional turmoil of adolescence, the powerful bonds of family, and the bright promise of freedom.

The Late Bloomer Mark Falkin 2018-10 The world experiences an unthinkable cataclysm and Kevin March, high school band trombonist and wannabe writer, embarks on a journey that promises to change everything.

The Beast in the Jungle Henry James 2021-01-01 The Beast in the Jungle is a 1903 novella by Henry James, first published as part of the collection, The Better Sort. Almost universally considered one of James’ finest short narratives, this story treats appropriately universal themes: loneliness, fate, love and death. The parable of John Marcher and his peculiar destiny has spoken to many readers who have speculated on the worth and meaning of human life.

Monday, Monday Elizabeth Crook 2014-04-29 In this gripping, emotionally charged novel, a tragedy in Texas changes the course of three livesOn an oppressively hot Monday in August of 1966, a student and former marine named Charles Whitman hauled a footlocker of guns to the top of the University of Texas tower and began firing on pedestrians below. Before it was over, sixteen people had been killed and thirty-two wounded. It was the first mass shooting of civilians on a campus in American history. Monday, Monday follows three students caught up in the massacre: Shelly, who leaves her math class and walks directly into the path of the bullets, and two cousins, Wyatt and Jack, who heroically rush from their classrooms to help the victims. On this searing day, a relationship begins that will eventually entangle these three young people in a forbidden love affair, an illicit pregnancy, and a vow of secrecy that will span forty years. Reunited decades after the tragedy, they will be forced to confront the event that changed their lives and that has silently and persistently ruled the lives of their children. With electrifying storytelling and powerful sense of destiny, Elizabeth Crook’s Monday, Monday explores the ways in which we sustain ourselves and one another when the unthinkable happens. At its core, it is the story of a woman determined to make peace with herself, with the people she loves, and with a history that will not let her go. A humane treatment of a national tragedy, it marks a generous and thrilling new direction for a gifted American writer.

Barefoot Dogs Antonio Ruiz-Camacho 2015-03-10 This collection of intertwined short stories follows the members of a wealthy family in Mexico City as they disperse across the globe, facing heartbreak and financial ruin, after their patriarch is kidnapped by shady underworld forces.

Presidio Randy Kennedy 2019-08-06 “Fluent, mordant, authentic, propulsive…wonderfully lit from within” (Lee Child, The New York Times Book Review), this critically acclaimed, stunningly mature literary debut is the darkly comic story of a car thief on the run in the gritty and arid landscape of the 1970s Texas panhandle. In this “stellar debut,” (Publishers Weekly) car thief Troy Falcorner returns home after years of wandering to reunite with his younger brother, Harlan. The two set out in search of Harlan’s wife, Bettie, who’s left him cold and run away with the little money he had. When stealing a station wagon for their journey, Troy and Harlan find they’ve accidentally kidnapped a Mennonite girl, Martha Zacharias, sleeping in the back of the car. But Martha turns out to be a stubborn survivor who refuses to be sent home, so together, these unlikely road companions haphazardly attempt to escape across the Mexican border, pursued by the police and Martha’s vengeful father. But this is only one layer of Troy’s story. Through interjecting entries from his journal that span decades of an unraveling life, we learn that Troy has become so estranged from society that he’s shunned the very idea of personal property. Instead of claiming possessions, he works motels, stealing the suitcases and cars of men roughly his size, living with their things until those things feel too much like his own, at which point he finds another motel and vanishes again into another man’s identity. Richly nuanced and complex, “like a nesting doll, [Presidio] continually uncovers stories within stories” (Ian Stansel, author of The Last Cowboys of San Geronimo). With a page-turning plot, prose as gritty and austere as the novel’s Texas panhandle setting, and a determined yet doomed cast of characters ranging from con artists to religious outcasts, this “rich and rare book” (Annie Proulx, author of Barkskins) packs a kick like a shot of whiskey. Perfect for fans of Cormac McCarthy, Denis Johnson, and Larry…
McMurtry, who said that Kennedy “captures the funny yet tragic relentlessness of survival in an unforgiving place. Let’s hope he keeps his novelistic cool and brings us much, much more.”

Country of Origin  Dalia Azim 2022-05-17 Seventeen-year-old Halah Ibrahim has always known a privileged life and never had cause to question it until Cairo goes up in flames. Not only does she start to doubt her father and his role in the new military-backed government—but she ultimately decides to flee to America with a young soldier she hardly knows, an impulsive act that has far-reaching consequences on both sides of the ocean. A powerful and universal debut novel about family, identity, and independence, Country of Origin is as much about a nation’s coming-of-age as it is about secrets and lies, love and truth.

Texas Almanac 2018-2019  Elizabeth Cruce Alvarez 2017-11-15 Includes these new feature articles: • WATER — An in-depth overview of the state of water in Texas, written by conservationist Dr. Andrew Sansom. Author of the acclaimed book Water in Texas, Dr. Sansom provides compelling new information in this Almanac article. A former executive director of both the Texas Parks and Wildlife Department and the Texas Nature Conservancy, he has won many awards for managing and protecting natural resources and currently is Research Professor of Geography and Executive Director of The Meadows Center for Water and the Environment at Texas State University. • HUNTING — A look at the popularity of hunting in Texas by Luke Clayton, a longtime outdoors writer, radio host, and book author. Clayton, who grew up hunting and fishing in rural northeast Texas, also discusses the overpopulation problem of wild hogs and provides his favorite recipes for all types of wild game. A prolific voice for hunters, Clayton hosts three weekly outdoors radio shows, writes a weekly hunting and fishing column that appears in more than 10 newspapers, and writes for magazines, such as Texas Parks & Wildlife magazine and Texas Wildlife. • SPORTSWOMEN — Cookbook author and food editor Dotty Griffith writes about women who love both hunting and fishing, and she offers up a few of her favorite recipes. • FISHING — Fishing guide and expert Kevin “K.T.” Townsend writes about angling in Texas. Townsend is the author of the online blog K.T. Diaries and gives an overview of both saltwater and freshwater fishing from the Gulf Coast to the state’s many rivers, lakes, and reservoirs. MAJOR SECTIONS UPDATED FOR EACH EDITION An illustrated History of the Lone Star State. The Environment, including geology, plant life, wildlife, rivers, lakes. Science Breakthroughs to Advance Food and Agricultural Research by 2030 National Academies of Sciences, Engineering, and Medicine 2019-04-21 For nearly a century, scientific advances have fueled progress in U.S. agriculture to enable American producers to deliver safe and abundant food domestically and provide a trade surplus in bulk and high-value agricultural commodities and foods. Today, the U.S. food and agricultural enterprise faces formidable challenges that will test its long-term sustainability, competitiveness, and resilience. On its current path, future productivity in the U.S. agricultural system is likely to come with trade-offs. The success of agriculture is tied to natural systems, and these systems are showing signs of stress, even more so with the change in climate. More than a third of the food produced is unconsumed, an unacceptable loss of food and nutrients at a time of heightened global food demand. Increased food animal production to meet greater demand will generate more greenhouse gas emissions and excess animal waste. The U.S. food supply is generally secure, but is not immune to the costly and deadly shocks of continuing outbreaks of food-borne illness or to the constant threat of pests and pathogens to crops, livestock, and poultry. U.S. farmers and producers are at the front lines and will need more tools to manage the pressures they face. Science Breakthroughs to Advance Food and Agricultural Research by 2030 identifies innovative, emerging scientific advances for making the U.S. food and agricultural system more efficient, resilient, and sustainable. This report explores the availability of relatively new scientific developments across all disciplines that could accelerate progress toward these goals. It identifies the most promising scientific breakthroughs that could have the greatest positive impact on food and agriculture, and that are possible to achieve in the next decade (by 2030).

Country of Origin  Dalia Azim 2022-03-15 The Hairdresser of Harare  Tendai Huchu 2019-01-01 Like very good dark chocolate this is a delicious novel, with a bitter-sweet flavour. Vimbai is a hairdresser, the best in Mrs Khumalo's salon, and she knows she is the queen on whom they all depend. Her situation is reversed when the good-looking, smooth-talking Dumisani joins them. However, his charm and promise to please slowly erode Vimbai's rancour and when he needs somewhere to live, Vimbai becomes his landlady. So, when Dumisani needs someone to accompany him to his brother's wedding to help smooth over a family upset, Vimbai obliges. Strangled to find that this smart hairdresser is the scion of one of the wealthiest families in Harare, she is equally surprised by the warmth of their welcome; and it is their subsequent generosity which appears to foster the relationship between the two young people. The ambiguity of this deepening friendship - used or embraced by Dumisani and Vimbai with different futures in mind - collapses in unexpected brutality when secrets and jealousies are exposed. Written with delightful humour and a penetrating eye, The Hairdresser of Harare is a novel that you will find hard to put down.

The UnAmericans: Stories  Molly Antopol 2014-02-03 A stunning exploration of characters shaped by the forces of history, the debut work of fiction by a National Book Foundation "5 Under 35" Honoree. Moving from modern-day Jerusalem to McCarthy-era Los Angeles to communist Prague and back again, The UnAmericans is a stunning exploration of characters shaped by the forces of history. Molly Antopol's critically acclaimed debut will long be remembered for its "poise and gravity" (New York Times), each story "so full of heartache and humor, love and life...[it's] as though we're absorbing a novel's worth of insight" (Jesmyn Ward, Salon).

Throw the Damn Ball  R. D. Rosen 2013-10-29 A hilarious collection of poetry by dogs—the perfect gift for lovers of literature and pups alike. "Dogs seldom make passes At dogs passing gasses." Are these the words of Dorothy Parker? Ogden Nash? No, the author is Sparky from Milton, Pennsylvania. Sparky, Snowy, Tucker, Louie, these canine laureates have written a volume of poetry displaying the brilliance and wit we've always suspected our dogs were hiding from us. They also, it turns out, revere the human geniuses who came before them, as you'll see with "There Is No Frigate Like A Pavement"—an homage to Emily Dickinson—and "Do Not Go Gentle." Yes, Dylan Thomas would love it.

Parenthood  Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: "Parenthood is brilliant, jaw-dropingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of Battle Hymn of the Tiger Mother). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parenthood, Conley hilariously reports the results of those experiments,
from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You’ll be laughing and learning at the same time.

The Writer's Field Guide to the Craft of Fiction Michael Noll 2018-02-27 The Writers Field Guide to the Craft of Fiction offers a refreshing approach to the craft of fiction writing. It takes a single page from forty contemporary novels and short stories, identifies techniques used by the writers, and presents approachable exercises and prompts that allow anyone to put those techniques to immediate use in their own work. Encompassing everything from micro (how to “write pretty”) to macro (how to “move through time space”), and even how to put all together on page one, this a field guide for anyone who wants to start writing now (or get some shiny new gear for their fiction toolbox.)

Remember Ben Clayton Stephen Harrigan 2012-05 Sculptor Frances “Gil” Gilheaney is commissioned to create a statue in honor of a client’s son who was killed in World War I, but Gil and his daughter learn the client guards a secret that still haunts his memory of his child.

Valentine Elizabeth Wetmore 2020-03-31 An instant New York Times Bestseller Finalist for the Dayton Literary Peace Prize A Read with Jenna Today Show Book Club Pick! “A thrilling debut that deserves your attention.” –Ron Charles, the Washington Post Written with the haunting emotional power of Elizabeth Strout and Barbara Kingsolver, an astonishing debut novel that explores the lingering effects of a brutal crime on the women of one small Texas town in the 1970s, longlisted for the Center for Fiction First Novel Prize and the VCU Cabell First Novel Award. Mercy is hard in a place like this . . . It’s February 1976, and Odessa, Texas, stands on the cusp of the next great boom oil. While the town’s men embrace the coming prosperity, its women intimately know and fear the violence that always seems to follow. In the early hours of the morning after Valentine’s Day, fourteen-year-old Gloria Ramirez appears on the front porch of Mary Rose Whitehead’s ranch house, broken and barely alive. The teenager had been viciously attacked in a nearby oil field—an act of brutality that is tried in the churches and barrooms of Odessa before it can reach a court of law. When justice is evasive, the stage is set for a showdown with potentially devastating consequences. Valentine is a haunting exploration of the intersections of violence and race, class and region in a story that plumbs the depths of darkness and fear, yet offers a window into beauty and hope.

Ghost Horse Thomas H. McNeely 2014 Winner of the 2013 Gival Press Novel Award / "An elegy for a lost father, an unforgettable fable of the power of art, Ghost Horse weaves a singular spell, captivating the reader and never letting go."—Adam Johnson, author of The Orphan Master’s Son, winner of the Pulitzer Prize for Fiction / Set amidst the social tensions of 1970s Houston, Ghost Horse tells the story of eleven-year-old Buddy Turner’s shifting alliances within his fractured family and with two other boys—one Anglo, one Latino—in their quest to make a Super-8 animated movie. As his father’s many secrets begin to unravel, Buddy discovers the real movie: the intersection between life as he sees it and the truth of his own past. In a vivid story of love, friendship, and betrayal, Ghost Horse explores a boy’s swiftly changing awareness of himself and the world through the lens of imagination.

The Invisible Rainbow Arthur Firstenberg 2020-03-09 Electricity has shaped the modern world. But how has it affected our health and environment? Over the last 220 years, society has evolved a universal belief that electricity is ‘safe’ for humanity and the planet. Scientist and journalist Arthur Firstenberg disrupts this conviction by telling the story of electricity in a way it has never been told before—from an environmental point of view—by detailing the effects that this fundamental societal building block has had on our health and our planet. In The Invisible Rainbow, Firstenberg traces the history of electricity from the early eighteenth century to the present, making a
compelling case that many environmental problems, as well as the major diseases of industrialized civilization—
heart disease, diabetes, and cancer—are related to electrical pollution.

**Austin to ATX** Joe Nick Patoski 2019-01-23 In this gonzo history of the "City of the Violet Crown," author and 
journalist Joe Nick Patoski chronicles the modern evolution of the quirky, bustling,unky, self-contradictory place 
known as Austin, Texas. Patoski describes the series of cosmic accidents that tossed together a mashup of outsiders, 
free spirits, thinkers, educators, writers, musicians, entrepreneurs, artists, and politicians who would foster the 
atmosphere, the vibe, the slightly off-kilter zeitgeist that allowed Austin to become the home of both Armadillo 
World Headquarters and Dell Technologies. Patoski's raucous, rolling romp through Austin's recent past and 
historic present connects the dots that lead from places like Scholz Garten—Texas' oldest continuously operating 
business—to places like the Armadillo, where Willie Nelson and Darrell Royal brought hippies and rednecks 
together around music. He shows how misfits like William Sydney Porter—the embassador who became famous 
under his pen name, O. Henry—served as precursors for iconoclasts like J. Frank Dobie, Bud Shrike, and Molly 
Ivins. He describes the journey, beginning with the search for an old girlfriend, that eventually brought Louis 
Black, Nick Barburo, and Roland Swenson to the founding of the South by Southwest music, film, and technology 
festival. As one Austinite, who in typical fashion is simultaneously pursuing degrees in medicine and 
cinematography, says, “Austin is very different from the rest of Texas.” Many readers of Austin to ATX will have 
already realized that. Now they will know why.

**Contract City** Mark Falkin 2015-03-11 The year is 2021 and the money is still green. The fully privatized city 
Tulsa, OK, is home to Sara Paige Christie, a teenage girl with her heart set on a film career in L.A. and her camera 
trained on the graffiti-covered walls of the city's outskirts. In pursuit of a documentary subject that might propel 
her from college hopeful to film school admittee at UCLA, Sara has focused her ambitions upon a singularly 
typical tag—WH2RR?? From the facades of storefronts to the walls of public restrooms, the tag is appearing 
everywhere. Its stark all-capital letters and demanding question marks have captured Sara's imagination, 
even as the private security personnel of FreeForce Tulsa (FFT) scramble to eliminate the marks with power 
washers, gray-overs, and full censorship, stripping even photographs of the tags from the locally accessible 
Internet. Sara has no doubt that there is meaning hidden in plain sight, and she sets off on a mission to find the 
person behind the mysterious tags while balancing an already full life: her final exams, her wild best friend, a 
physical fitness test that threatens her GPA, and a family that seems almost oblivious to what's happening just 
down the street from their suburban home. With the exception, perhaps, of her father. A retired Marine turned 
FFT investigator, Sara's dad has been on the trail of the graffiti artist for his own professional reasons. And if he 
already realized that. Now they will know why.

**The Spectators** Jennifer duBois 2019-04-02 A shocking crime triggers a media firestorm for a controversial talk 
show host in this provocative novel—a story of redemption, a nostalgic portrait of New York City, and a searing 
drama about to become very interesting, and Sara just might be in the right place to catch it all on film . . . . . but only if 
she survives.

**The Unraveling of Mercy Louis** Keija Parssinen 2015-03-10 Winner of the 2016 Alex Award Best Book of 2015—Kansas City Star In this intricate novel of psychological suspense, a fatal discovery near the high school ignites a 
witch-hunt in a Southeast Texas refinery town, unearthing communal and family secrets that threaten the lives of 
the town's girls. In Port Sabine, the air is thick with oil, superstition reigns, and dreams hang on making a 
winning play. All eyes are on Mercy Louis, the star of the championship girls' basketball team. Mercy seems 
designed for greatness, but the road out of town is riddled with obstacles. There is her grandmother, Evelia, a strict 
evangelical who has visions of an imminent Rapture and sees herself as the keeper of Mercy's virtue. There are 
the cryptic letters from Charmaine, the mother who abandoned Mercy at birth, and then there's Travis, the boy 
who shakes the foundation of her faith. At the periphery of Mercy's world floats team manager Ila Stark, a lonely 
wallflower whose days are spent caring for a depressed mother crippled in a refinery accident. Like the rest of 
the town, Ila is spellbound by Mercy's beauty and talent, but a note discovered in Mercy's gym locker reveals that 
her life may not be as perfect as it appears. The last day of school brings the disturbing discovery, and as summer 
unfolds and the police investigate, every girl becomes a suspect. When Mercy collapses on the opening night of 
the season, Evelia prophesies that she is only the first to fall, and soon, other girls are afflicted by the mysterious 
condition, sending the town into a tailspin, and bringing Ila and Mercy together in an unexpected way. Evocative 
and unsettling, The Unraveling of Mercy Louis charts the downfall of one town's golden girl while exploring the 
brutality and anxieties of girlhood in America.

**Basic Clinical Radiobiology** Michael C. Joiner 2018-08-28 Basic Clinical Radiobiology is a concise but comprehensive 
textbook setting out the essentials of the science and clinical application of radiobiology for those seeking 
credentification in radiation oncology, clinical radiation physics, and radiation technology. Fully revised and updated 
to keep abreast of current developments in radiation biology and radiation oncology, this fifth edition continues 
to present in an interesting way the biological basis of radiation therapy, discussing the basic principles and significant 
developments that underlie the latest attempts to improve the radiotherapeutic management of cancer. This new 
edition is highly illustrated with attractive 2-colour presentation and now includes new chapters on stem cells, 
tissue response and the convergence of radiotherapy, radiobiology, and physics. It will be invaluable for FRCR 
(clinical oncology) and equivalent candidates, SpRs (and equivalent) in radiation oncology, practicing radiation 
physicists, as well as radiobiologists and radiotherapists. 

*On Home* Becca Spence Dohias 2021-08-24 When tragedy strikes, Cassidy, a cam girl living in Southern California, 
must return to the small West Virginia town she left behind. Cassidy likes her job getting naked for men on
camera, though she prefers sex with women. She never came out to her family or friends back in her home state—not about her sexuality and certainly not about her sex work. Now, she must figure out how to hold on to the life she's built for herself while picking up the pieces of her fractured family. As Cassidy's story unfolds, we glimpse into the lives of the strong, complicated women who came before her: Jane, the sheltered daughter of farmers, escapes West Virginia for Washington, DC to work as a Government Girl for the FBI during World War II, until a fateful mistake threatens her future. Paloma, a Fulbright Scholar, journeys to newly Westernized Prague—only to fall for an idealistic but safe man from West Virginia. Though worlds and generations apart, all three search for meaning as they face impending motherhood and the pull to return home to rural Appalachia.

Sol Plaatje's Native Life in South Africa
Janet Remington 2016-10-01 She is new light on Native Life appearing at a critical historical juncture, and reflects on how to read it in South Africa's heightened challenges today. First published in 1916, Sol Plaatje's Native Life in South Africa was written by one of the South Africa's most talented early twentieth-century black leaders and journalists. Plaatje's pioneering book arose out of an early African National Congress campaign to protest against the discriminatory 1913 Natives Land Act. Native Life vividly narrates Plaatje's investigative journey into South Africa's rural heartlands to report on the effects of the Act and its involvement in the deputation to the British imperial government. At the same time it tells the bigger story of the assault on black rights and opportunities in the newly consolidated Union of South Africa - and the resistance to it. Originally published in war-time London, but about South Africa and its place in the world, Native Life travelled far and wide, being distributed in the United States under the auspices of prominent African-American W E B Du Bois. South African editions were to follow only in the late apartheid period and beyond. The aim of this multi-authored volume is to shed new light on how and why Native Life came into being at a critical historical juncture, and to reflect on how it can be read in relation to South Africa's heightened challenges today. Crucial areas that come under the spotlight in this collection include land, race, history, mobility, belonging, war, the press, law, literature, language, gender, politics, and the state.

My First Thirty Years
Gertrude Beasley 2021-09-28 "Thirty years ago, I lay in the womb of a woman, conceived in a sexual act of rape, being carried during the prenatal period by an unwilling and rebellious mother, finally bursting from the womb only to be tormented in a family whose members I despised or pitied, and brought into association with people whom I should never have chosen." Shortly after its 1925 publication, Gertrude Beasley’s ferociously eloquent feminist memoir was banned and she herself disappeared under mysterious circumstances. Though British Nobel Prize winner Bertrand Russell called My First Thirty Years "truthful, which is illegal" and Larry McMurtry pronounced it the finest Texas book of its era, Beasley’s words have been all but inaccessible for a century—until now. Beasley penned one of the most brutally honest coming-of-age historical memoirs ever written, one which strips away romantic notions about frontier women’s lives at the turn of the 20th century. Her mother and sisters braved male objectification and the indignities of poverty, with little if any control over their futures. With characteristic ferocity, Beasley rejected a life of dependence, persisting in her studies and becoming first a teacher, then a principal, then a college instructor, and finally a foreign correspondent. Along the way, Beasley becomes a strident activist for women’s rights, socialism, and sex education, which she sees as key to restoring bodily autonomy to women like those she grew up with. My First Thirty Years is profoundly human and shockingly candid, a rallying cry that cost its author her career and her freedom. Her story deserves to be heard. Praise for My First Thirty Years: "For almost a century in Texas literary circles, Gertrude Beasley’s 1925 memoir has been more a legend than a book... The tangled history of My First Thirty Years, and Beasley’s horrific personal fate, are case studies in society’s merciless treatment of women of her era who gave voice to socially unspeakable truths. The memoir’s republication this month, which makes it widely available for the first time in 96 years, is a long-overdue moment of reckoning. It’s also a rich gift to the Texas literary canon."—Texas Monthly "We should all be as fierce, loud, and convinced of our own self-worth as Gertrude Beasley was. This story of a justifiably angry woman living ahead of the world she lived in will resonate deeply today."—Soraya Chemaly, activist and award-winning author of Rage Becomes Her: The Power of Women’s Anger "Gertrude Beasley’s 1925 memoir grabs the reader by the arm and holds tight, speaking with a voice as compelling as if she had just put down her pen this morning. Feminist, socialist, and acute observer of both herself and the world around her, Beasley gives us stories that illuminate the costs of poverty and of being a woman. To read My First Thirty Years is to be in conversation with an extraordinary mind."—Anne Gardiner Perkins, author of Yale Needs Women

Ruby (Oprah's Book Club 2.0)
Cynthia Bond 2015-02-10 A New York Times bestseller and Oprah Book Club 2.0 selection, the epic, unforgettable story of a man determined to protect the woman he loves from the town desperate to destroy her. This beautiful and devastating debut heralds the arrival of a major new voice in fiction. Ephram Jennings has never found the beautiful girl with the long braids running through the piney woods of Liberty, their small East Texas town. Young Ruby Bell, “the kind of pretty it hurt to look at,” has suffered beyond imagining, so as soon as she can, she flees suffocating Liberty for the bright pull of 1950s New York. Ruby quickly winds her way into the ripe center of the city—the darkened piano bars and hidden alleys of the Village—all the while hoping for a glimpse of the red hair and green eyes of her mother. When a telegram from her cousin forces her to return home, thirty-year-old Ruby finds herself reliving the devastating violence of her girlhood. With the terrifying realization that she might not be strong enough to fight her way back out again, Ruby struggles to survive her memories of the town’s dark past. Meanwhile, Ephram must choose between loyalty to the sister who raised him and the chance for a life with the woman he has loved since he was a boy. Full of life, exquisitely written, and suffused with the pastoral beauty of the rural South, Ruby is a transcendent novel of passion and courage. This wondrous page-turner rushes through the red dust and gossip of Main Street, to the pit fire where men swill bootleg outside Bloom’s Juke, to Celia Jennings’s kitchen, where a cake is being made, yolk by yolk, that Ephram will use to try to begin again with Ruby. Utterly transfixing, with unforgettable characters, riveting suspense, and breathtaking, luminous prose, Ruby offers an unflinching portrait of man’s dark acts and the promise of the redemptive power of love. Ruby was a finalist for the PEN America Robert Bingham Debut Novel Award, a Barnes & Noble Discover Great New Writers selection, and an Indie Next Pick.

Bad Kid
David Crabb 2015-05-19 From comedian, storyteller, and The Moth host David Crabb, comes a music-filled, coming-of-age memoir about growing up gay and Goth in San Antonio, Texas. In the summer of 1989, three Goth kids crossed a street in San Antonio. They had no idea that a deeply confused fourteen-year-old boy was watching. Their dyed hair, fishnets, and eyeliner were his first evidence of another world—a place he desperately wanted to go. He just had no idea how to get there. Somehow David Crabb had convinced himself that every guy preferred French-bradied his girlfriend’s hair to making out, and that the funny feelings he got watching Silver Spoons and Growing Pains had nothing to do with Ricky Schroder or Kirk Cameron. But discovering George Michael’s Faith confirmed for David what every bully already knew: he was gay. Surviving high school, with its gym classes, locker rooms, and naked, glistening senior guys, would require impossible feats of denial. What saved him was
finding a group of outlandish friends who reveled in being outsiders. David found himself enmeshed with misfits: wearing black, cutting class, staying out all night, drinking, tripping, chain-smoking, idolizing The Smiths, Pet Shop Boys, and Joy Division—and learning lessons about life and love along the way. Richly detailed with 80s pop-culture, and including black and white photos throughout, BAD KID is as laugh-out-loud funny as it is poignant. Crabb’s journey through adolescence captures the essence of every person’s struggle to understand his or her true self.

Phenology: An Integrative Environmental Science Mark D. Schwartz 2011-04-28 Phenology is the study of plant and animal life cycle events, which are triggered by environmental changes, especially temperature. Wide ranges of phenomena are included, from first openings of leaf and flower buds, to insect hatchings and return of birds. Each one gives a ready measure of the environment as viewed by the associated organism. Thus, phenological events are ideal indicators of the impact of local and global changes in weather and climate on the earth’s biosphere. Assessing our changing world is a complex task that requires close cooperation from experts in biology, climatology, ecology, geography, oceanography, remote sensing and other areas. This book is a synthesis of current phenological knowledge, designed as a primer on the field for global change and general scientists, students and interested members of the public. With contributions from a diverse group of over fifty phenological experts, covering data collection, current research, methods and applications, it demonstrates the accomplishments and potential of phenology as an integrative environmental science.

The Which Way Tree Elizabeth Crook 2018-02-06 The poignant odyssey of a tenacious young girl who braves the dangers of the Texas frontier to avenge her mother’s death. Early one morning in the remote hill country of Texas, a panther savagely attacks a family of homesteaders, mauling a young girl named Samantha and killing her mother, whose final act is to save her daughter’s life. Samantha and her half brother, Benjamin, survive, but she is left traumatized, her face horribly scarred. Narrated in Benjamin’s beguilingly plainspoken voice, The Which Way Tree is the story of Samantha’s unshakeable resolve to stalk and kill the infamous panther, rumored across the Rio Grande to be a demon, and avenge her mother’s death. In their quest she and Benjamin, now orphaned, enlist a charismatic Tejano outlaw and a haunted, compassionate preacher with an aging but relentless tracking dog. As the members of this unlikely posse hunt the panther, they are in turn pursued by a hapless but sadistic Confederate soldier with troubled family ties to the preacher and a score to settle. In the tradition of the great pursuit narratives, The Which Way Tree is a breathtaking saga of one steadfast girl’s revenge against an implacable and unknowable beast. Yet with the comedic undertones of Benjamin’s storytelling, it is also a timeless tale full of warmth and humor, and a testament to the enduring love that carries a sister and brother through a perilous adventure with all the dimensions of a legend. “A ripping adventure [with] a show-stopping finale.”—Wall Street Journal “The stuff of legends.”—Attica Locke “Powerful, sly, and often charming.”—Daniel Woodrell
