A Fire to Light Our Tongues Elizabeth Joan Dell
2022-07-01 A Fire to Light Our Tongues: Texas Writers on Spirituality brings together the works of writers in Texas. The title is taken, with permission, from Naomi Shihab Nye's introduction to Salting the Ocean: 100 Poems by Young Poets, where she states the role of poetry serves as “a fire to light our tongues.” This view describes the role that creative writers, encountering the challenges of this past decade, face as they grapple with shifting views of spirituality. While the project started before COVID-19, given the current worldwide pandemic, a book of creative work responding to writers’ spirituality could not be more timely. This anthology offers readers creative works by Texas writers as they wrestle with evolving systems of belief or nonbelief.

World Social Report 2021 2021-05-20 The World Social Report 2021 points to new directions in which rural development strategies need to be reconsidered. It offers strategic principles, programs of action, and a set of concrete policies that can be combined to devise effective strategies to help realize the potential of rural development and achieve the SDGs. Reexamining the narrow view of rural development, it expands the discussion to include the role of development in achieving the wider set of SDGs. In doing so, it pays particular attention to the interaction of rural development with SDG 6 (clean water and sanitation), SDG 8 (economic growth and decent work), SDG 9 (infrastructure), SDG 11 (sustainable communities), SDG 13 (climate change), SDG 14 (life below water) and SDG 15 (life on land). The interlinkages of all these Goals suggest that there exist potential synergies between
rural development and sustainable efforts in many other directions.

**The UnAmericans: Stories** Molly Antopol 2014-02-03 Traces the experiences of protagonists from a range of cultures, including a blacklisted Hollywood actor who struggles to connect with his son, and a dissenting gallery worker who begins smuggling and curating underground art.

**The Kept** James Scott 2014-01-07 “Dark and mysterious... A novel whose daring is found in its bleakness... The plot unfolds with a weighty languor reminiscent of Cormac McCarthy... sparse, elegant... haunting.” – New York Times

Set in rural New York state at the turn of the twentieth century, superb new talent James Scott makes his literary debut with The Kept—a propulsive novel reminiscent of the works of Michael Ondaatje, Cormac McCarthy, and Bonnie Jo Campbell, in which a mother and her young son embark on a quest to avenge a terrible and violent tragedy that has shattered their secluded family. In the winter of 1897, a trio of killers descends upon an isolated farm in upstate New York. Midwife Elspeth Howell returns home to the carnage: her husband, and four of her children, murdered. Before she can discover her remaining son Caleb, alive and hiding in the kitchen pantry, another shot rings out over the snow-covered valley. Twelve-year-old Caleb must tend to his mother until she recovers enough for them to take to the frozen wilderness in search of the men responsible. A scorching portrait of a merciless world—of guilt and lost innocence, atonement and retribution, resilience and sacrifice, pregnant obsession and primal adolescence—The Kept introduces an old-beyond-his-years protagonist as indelible and heartbreaking as Mattie Ross of True Grit or Jimmy Blevins of All the Pretty Horses, as well as a shape-shifting mother as enigmatic and mysterious as a character drawn by Russell Banks or Marilynne Robinson.

**Purple Hibiscus** Chimamanda Ngozi Adichie 2012-04-17 “One of the most vital and original novelists of her generation.” – Larissa MacFarquhar, The New Yorker

From the bestselling author of Americanah and We Should All Be Feminists Fifteen-year-old Kambili and her older brother Jaja lead a privileged life in Enugu, Nigeria. They live in a beautiful house, with a caring family, and attend an exclusive missionary school. They're completely shielded from the troubles of the world. Yet, as Kambili reveals in her tender-voiced account, things are less perfect than they appear. Although her Papa is generous and well respected, he is fanatically religious and tyrannical at home—a home that is silent and suffocating. As the country begins to fall apart under a military coup, Kambili and Jaja are sent to their aunt, a university professor outside the city, where they discover a life beyond the confines of their father’s authority. Books cram the shelves, curry and nutmeg permeate the air, and their cousins’ laughter rings throughout the house. When they return home, tensions within the family escalate, and Kambili must find the strength to keep her loved ones together. Purple Hibiscus is an exquisite novel about the emotional turmoil of adolescence, the powerful bonds of family, and the bright promise of freedom.

**To Tame a Land** Louis L'Amour 2007-05-01 Rye Tyler was twelve when his father was killed in an Indian raid. Taken in by a mysterious stranger with a taste for books and an instinct for survival, Rye is schooled in the hard lessons of life in the West. But after killing a
man, he is forced to leave his new home. He rides lonely mountain passes and works on dusty cattle drives until he finds a job breaking horses. Then he meets Liza Hetrick, and in her eyes he sees his future. After establishing himself as marshal of Alta, he returns, only to discover that Liza has been kidnapped. Tracking her to Robbers' Roost, Rye is forced to face the man who taught him all he knows about books, guns, and friendship. Two old friends—one woman: Who will walk away?

**On Home** Becca Spence Dobias 2021-08-24 When tragedy strikes, Cassidy, a cam girl living in Southern California, must return to the small West Virginia town she left behind. Cassidy likes her job getting naked for men on camera, though she prefers sex with women. She never came out to her family or friends back in her home state—not about her sexuality and certainly not about her sex work. Now, she must figure out how to hold on to the life she’s built for herself while picking up the pieces of her fractured family. As Cassidy's story unfolds, we glimpse into the lives of the strong, complicated women who came before her: Jane, the sheltered daughter of farmers, escapes West Virginia for Washington, DC to work as a Government Girl for the FBI during World War II, until a fateful mistake threatens her future. Paloma, a Fulbright Scholar, journeys to newly Westernized Prague—only to fall for an idealistic but safe man from West Virginia. Though worlds and generations apart, all three search for meaning as they face impending motherhood and the pull to return home to rural Appalachia.

**The Hairdresser of Harare** Tendai Huchu 2010 Vimbai is the best hairdresser in Mrs. Khumalo's salon, and she is secure in her status until the handsome, smooth-talking Dumisani shows up one day looking for work. Despite her resistance, the two become friends, and eventually, Vimbai becomes Dumisani's landlady. He is as charming as he is deft with the scissors, and Vimbai finds that he means more and more to her. Yet, by novel's end, the pair's deepening friendship -- used or embraced by Dumisani and Vimbai with different futures in mind -- collapses in unexpected brutality.

**My First Thirty Years** Gertrude Beasley 2021-09-28 "Thirty years ago, I lay in the womb of a woman, conceived in a sexual act of rape, being carried during the prenatal period by an unwilling and rebellious mother, finally bursting from the womb only to be tormented in a family whose members I despised or pitied, and brought into association with people whom I should never have chosen." Shortly after its 1925 publication, Gertrude Beasley's ferociously eloquent feminist memoir was banned and she herself disappeared under mysterious circumstances. Though British Nobel Prize winner Bertrand Russell called My First Thirty Years "truthful, which is illegal" and Larry McMurtry pronounced it the finest Texas book of its era, Beasley's words have been all but inaccessible for almost a century—until now. Beasley penned one of the most brutally honest coming-of-age historical memoirs ever written, one which strips away romantic notions about frontier women's lives at the turn of the 20th century. Her mother and sisters braved male objectification and the indignities of poverty, with little if any control over their futures. With characteristic ferocity, Beasley rejected a life of dependence, persisting in her studies and becoming first a teacher, then a principal, then a college instructor, and finally a foreign correspondent. Along the way, Beasley becomes a strident activist for women's rights, socialism, and sex education, which she sees as key to restoring bodily autonomy to women like those she grew up with. She is undaunted by authority figures but secretly ashamed of her origins and yearns to be loved. My First Thirty Years is profoundly human and shockingly candid, a rallying cry that cost its author her career and her freedom. Her story deserves to be heard. Praise for My First Thirty Years: "For almost a century in Texas literary circles, Gertrude Beasley's 1925 memoir has been more a legend than a book... The tangled history of My First Thirty Years, and Beasley's horrific personal fate, are case studies in society's merciless treatment of women of her era who gave voice to socially unspeakable truths. The memoir's republication this
month, which makes it widely available for the first time in 96 years, is a long-overdue moment of reckoning. It's also a rich gift to the Texas literary canon."—Texas Monthly "We should all be as fierce, loud, and convinced of our own self-worth as Gertrude Beasley was. This story of a justifiably angry woman living ahead of the world she lived in will resonate deeply today."—Soraya Chemaly, activist and award-winning author of Rage Becomes Her: The Power of Women's Anger "Gertrude Beasley's 1925 memoir grabs the reader by the arm and holds tight, speaking with a voice as compelling as if she had just put down her pen this morning. Feminist, socialist, and acute observer of both herself and the world around her, Beasley gives us stories that illuminate the costs of poverty and of being a woman. To read My First Thirty Years is to be in conversation with an extraordinary mind."—Anne Gardiner Perkins, author of Yale Needs Women

The World of Pondside Mary Helen Stefaniak 2022-04-19 In a game of life or death, the seniors at Pondside Manor risk it all. With help from Pondside Manor’s quirky, twentysomething kitchen worker Foster Kresowik, resident Robert Kallman creates The World of Pondside, a video game that delights the nursing home’s residents by allowing them to virtually relive blissful moments from days long past—or even create new ones. One-legged Duane Lotspeich is overjoyed when he can dance the tango again. Octogenarian Laverne Slatchek cheers on her favorite baseball team from the stands at Candlestick Park with her beloved husband—who died years ago. Even the overwhelmed Pondside administrator escapes her job by logging into a much more luxurious virtual world. Robert’s game enlivens the halls of Pondside Manor, but chaos ensues when he is found dead, submerged in the pond, still strapped into his wheelchair. If any resident witnessed his death, they’re not telling—either covering up or, quite possibly, forgetting. And it’s far from clear to anyone—including the police—if the death of this brilliant man, who suffered from ALS, was suicide or murder. When Robert’s video game goes dark, its players grow desperate. The task of getting it back online falls to young Foster, who enlists help from a raucous group of residents and staff. Their pursuit—virtual and real—has unintended consequences, uncovering both criminal activities and the secret plans of Foster’s friend Robert. From Pondside Manor, this unlikely bunch of gamers embarks upon an astonishing journey—blissful, treacherous, and unforgettable. Packed with sharp wit and compassion, Mary Helen Stefaniak has written a rousing, perceptive, and utterly original novel.

Country of Origin Dalia Azim 2022-05-17 Seventeen-year-old Halah Ibrahim has always known a privileged life and never had cause to question it until Cairo goes up in flames. Not only does she start to doubt her father and his role in the new military-backed government—but she ultimately decides to flee to America with a young soldier she hardly knows, an impulsive act that has far-reaching consequences on both sides of the ocean. A powerful and universal debut novel about family, identity, and independence, Country of Origin is as much about a nation's coming-of-age as it is about secrets and lies, love and truth.

Presidio Randy Kennedy 2019-08-06 “Fluent, mordant, authentic, propulsive...wonderfully lit from within” (Lee Child, The New York Times Book Review), this critically acclaimed, stunningly mature literary debut is the darkly comic story of a car thief on the run in the...
gritty and arid landscape of the 1970s Texas panhandle. In this “stellar debut,” (Publishers Weekly) car thief Troy Falconer returns home after years of wandering to reunite with his younger brother, Harlan. The two set out in search of Harlan’s wife, Bettie, who’s left him cold and run away with the little money he had. When stealing a station wagon for their journey, Troy and Harlan find they’ve accidentally kidnapped a Mennonite girl, Martha Zacharias, sleeping in the back of the car. But Martha turns out to be a stubborn survivor who refuses to be sent home, so together, these unlikely road companions haphazardly attempt to escape across the Mexican border, pursued by the police and Martha’s vengeful father. But this is only one layer of Troy’s story. Through interjecting entries from his journal that span decades of an unraveling life, we learn that Troy has become so estranged from society that he’s shunned the very idea of personal property. Instead of claiming possessions, he works motels, stealing the suitcases and cars of men roughly his size, living with their things until those things feel too much like his own, at which point he finds another motel and vanishes again into another man’s identity. Richly nuanced and complex, “like a nesting doll, [Presidio] continually uncovers stories within stories” (Ian Stansel, author of The Last Cowboys of San Geronimo). With a page-turning plot, prose as gritty and austere as the novel’s Texas panhandle setting, and a determined yet doomed cast of characters ranging from con artists to religious outcasts, this “rich and rare book” (Annie Proulx, author of Barkskins) packs a kick like a shot of whiskey. Perfect for fans of Cormac McCarthy, Denis Johnson, and Larry McMurtry, who said that Kennedy “captures the funny yet tragic relentless of survival in an unforgiving place. Let’s hope he keeps his novelistic cool and brings us much, much more.”

Science Breakthroughs to Advance Food and Agricultural Research by 2030 National Academies of Sciences, Engineering, and Medicine 2019-04-21 For nearly a century, scientific advances have fueled progress in U.S. agriculture to enable American producers to deliver safe and abundant food domestically and provide a trade surplus in bulk and high-value agricultural commodities and foods. Today, the U.S. food and agricultural enterprise faces formidable challenges that will test its long-term sustainability, competitiveness, and resilience. On its current path, future productivity in the U.S. agricultural system is likely to come with trade-offs. The success of agriculture is tied to natural systems, and these systems are showing signs of stress, even more so with the change in climate. More than a third of the food produced is unconsumed, an unacceptable loss of food and nutrients at a time of heightened global food demand. Increased food animal production to meet greater demand will generate more greenhouse gas emissions and excess animal waste. The U.S. food supply is generally secure, but is not immune to the costly and deadly shocks of continuing outbreaks of food-borne illness or to the constant threat of pests and pathogens to crops, livestock, and poultry. U.S. farmers and producers are at the front lines and will need more tools to manage the pressures they face. Science Breakthroughs to Advance Food and Agricultural Research by 2030 identifies innovative, emerging scientific advances for making the U.S. food and agricultural system more efficient, resilient, and sustainable. This report explores the availability of relatively new scientific developments across all
disciplines that could accelerate progress toward these goals. It identifies the most promising scientific breakthroughs that could have the greatest positive impact on food and agriculture, and that are possible to achieve in the next decade (by 2030).

Ghost Horse Thomas H. McNeely 2014 Winner of the 2013 Gival Press Novel Award / “An elegy for a lost father, an unforgettable fable of the power of art, Ghost Horse weaves a singular spell, captivating the reader and never letting go.”--Adam Johnson, author of The Orphan Master's Son, winner of the Pulitzer Prize for Fiction / Set amidst the social tensions of 1970's Houston, Ghost Horse tells the story of eleven-year-old Buddy Turner's shifting alliances within his fragmented family and with two other boys--one Anglo, one Latino--in their quest to make a Super-8 animated movie. As his father's many secrets begin to unravel, Buddy discovers the real movie: the intersection between life as he sees it and the truth of his own past. In a vivid story of love, friendship, and betrayal, Ghost Horse explores a boy's swiftly changing awareness of himself and the world through the lens of imagination.

Migratory Animals Mary Helen Specht 2015-01-20 Winner of the Texas Institute of Letters Award and the Writer's League of Texas Fiction Award • An Indie Next Selection • An Austin American-Statesman Selects Book A powerful debut novel about a group of 30-somethings struggling for connection and belonging, Migratory Animals centers on a protagonist who finds herself torn between love and duty. When Flannery, a young scientist, is forced to return to Austin from five years of research in Nigeria, she becomes split between her two homes. Having left behind her loving fiancé without knowing when she can return, Flan learns that her sister, Molly, has begun to show signs of the genetic disease that slowly killed their mother. As their close-knit circle of friends struggles with Molly's diagnosis, Flannery must grapple with what her future will hold: an ambitious life of love and the pursuit of scientific discovery in West Africa, or the pull of a life surrounded by old friends, the comfort of an old flame, family obligations, and the home she’s always known. But she is not the only one wrestling with uncertainty. Since their college days, each of her friends has faced unexpected challenges that make them reevaluate the lives they’d always planned for themselves. A mesmerizing debut from an exciting young writer, Migratory Animals is a moving, thought-provoking novel, told from shifting viewpoints, about the meaning of home and what we owe each other--and ourselves.

The Beast in the Jungle Henry James 2021-01-01 The Beast in the Jungle is a 1903 novella by Henry James, first published as part of the collection, The Better Sort. Almost universally considered one of James' finest short narratives, this story treats appropriately universal themes: loneliness, fate, love and death. The parable of John Marcher and his peculiar destiny has spoken to many readers who have speculated on the worth and meaning of human life.

Monday, Monday Elizabeth Crook 2014-04-29 In this gripping, emotionally charged novel, a tragedy in Texas changes the course of three lives on an oppressively hot Monday in August of 1966, a student and former marine named Charles Whitman hauled a footlocker of guns to the top of the University of Texas tower and began firing on pedestrians below. Before it was over, sixteen people had been killed and thirty-two wounded. It was the first mass shooting of civilians on a campus in American history. Monday, Monday follows three students caught up
in the massacre: Shelly, who leaves her math class and walks directly into the path of the bullets, and two cousins, Wyatt and Jack, who heroically rush from their classrooms to help the victims. On this searing day, a relationship begins that will eventually entangle these three young people in a forbidden love affair, an illicit pregnancy, and a vow of secrecy that will span forty years. Reunited decades after the tragedy, they will be forced to confront the event that changed their lives and that has silently and persistently ruled the lives of their children. With electrifying storytelling and powerful sense of destiny, Elizabeth Crook’s Monday, Monday explores the ways in which we sustain ourselves and one another when the unthinkable happens. At its core, it is the story of a woman determined to make peace with herself, with the people she loves, and with a history that will not let her go. A humane treatment of a national tragedy, it marks a generous and thrilling new direction for a gifted American writer.

**Handbook of Pest Management in Organic Farming**

Vincenzo Vacante 2017-12-11 This book is an up-to-date and comprehensive reference covering pest management in organic farming in major crops of the world. General introductory chapters explore the management of crops to prevent pest outbreaks, plant protection tools in organic farming, and natural enemies and pest control. The remaining chapters are crop-based and discuss geographic distribution, economic importance and key pests. For each pest the fundamental aspects of its bi-ecology and the various methods of control are presented. Understanding of the scientific content is facilitated with practical advice, tables and diagrams, helping users to apply the theories and recommendations. This is an essential resource for researchers and extension workers in crop protection, integrated pest management and biocontrol, and organic farming systems.

**Treasure Island!!!**

Sara Levine 2011-12-07 A young slacker decides to live her life according to Robert Louis Stevenson’s classic adventure: “A rollicking tale, shameless, funny and intelligent” (The New York Times). When a college graduate with a history of hapless jobs (ice cream scooper, gift wrapper, laziest ever part-time clerk at The Pet Library) reads Robert Louis Stevenson’s novel Treasure Island, she is dumbstruck by the timid design of her life. When had she ever dreamed a scheme? When had she ever done a foolish, overbold act? When had she ever, like Jim Hawkins, broken from her friends, raced for the beach, stolen a boat, killed a man, and eliminated an obstacle that stood in the way of her getting a hunk of gold? Convinced that Stevenson’s book is cosmically intended for her, she redesigns her life according to its Core Values: boldness, resolution, independence, and horn-blowing. Accompanied by her mother, her sister, and a hostile Amazon parrot that refuses to follow the script, our heroine embarks on a domestic adventure more frightening than anything she’d originally planned. Treasure Island!!! is the story of a ferocious obsession, told by an original voice—“insane, hilarious, and irreverent” (Alice Sebold). “Highly original . . . will keep you entertained in spite of (or more accurately, because of) its toxic narrator.”—Library Journal “A hoot.”—Kirkus Reviews

**Heaven, My Home**

Attica Locke 2019-09-17 In this "captivating" crime novel (People), Texas Ranger Darren Mathews is on the hunt for a missing child -- but it's the boy's family of white supremacists who are his real target. 9-year-old Levi King knew he should have left for home sooner; now he's alone in the darkness of vast
Caddo Lake, in a boat whose motor just died. A sudden noise distracts him - and all goes dark. Darren Mathews is trying to emerge from another kind of darkness; after the events of his previous investigation, his marriage is in a precarious state of re-building, and his career and reputation lie in the hands of his mother, who's never exactly had his best interests at heart. Now she holds the key to his freedom, and she's not above a little maternal blackmail to press her advantage. An unlikely possibility of rescue arrives in the form of a case down Highway 59, in a small lakeside town where the local economy thrives on nostalgia for ante-bellum Texas - and some of the era's racial attitudes still thrive as well. Levi's disappearance has links to Darren's last case, and to a wealthy businesswoman, the boy's grandmother, who seems more concerned about the fate of her business than that of her grandson. Darren has to battle centuries-old suspicions and prejudices, as well as threats that have been reignited in the current political climate, as he races to find the boy, and to save himself. "A thrilling debut that deserves your attention." –Ron Charles, the Washington Post Written with the haunting emotional power of Elizabeth Strout and Barbara Kingsolver, an astonishing debut novel that explores the lingering effects of a brutal crime on the women of one small Texas oil town in the 1970s, longlisted for the Center for Fiction First Novel Prize and the VCU Cabell First Novel Award. Mercy is hard in a place like this. . . It’s February 1976, and Odessa, Texas, stands on the cusp of the next great oil boom. While the town’s men embrace the coming prosperity, its women intimately know and fear the violence that always seems to follow. In the early hours of the morning after Valentine’s Day, fourteen-year-old Gloria Ramírez appears on the front porch of Mary Rose Whitehead’s ranch house, broken and barely alive. The teenager had been viciously attacked in a nearby oil field—an act of brutality that is tried in the churches and barrooms of Odessa before it can reach a court of law. When justice is evasive, the stage is set for a showdown with potentially devastating consequences. Valentine is a haunting exploration of the intersections of violence and race, class and region in a story that plumbs the depths of darkness and fear, yet offers a window into beauty and hope. Told through the alternating points of view of indelible characters who burrow deep in the reader’s heart, this fierce, unflinching, and surprisingly tender novel illuminates women’s strength and vulnerability, and reminds us that it is the stories we tell ourselves that keep us alive. The Writer’s Field Guide to the Craft of Fiction Michael Noll 2018-02-27 The Writers Field Guide to the Craft of Fiction offers a refreshing approach to the craft of fiction writing. It takes a single page from forty contemporary novels and short stories, identifies techniques used by the writers, and presents approachable exercises and prompts that allow anyone to put those techniques to immediate use in their own work. Encompassing everything from micro (how to "write pretty") to macro (how to "move through time space"),
and even how to put all together on page one, this a field guide for anyone who wants to start writing now (or get some shiny new gear for their fiction toolbox.)

**How to Be Lost**

Amanda Eyre Ward 2015-03-18

From the New York Times bestselling author of The Jetsetters . . .

Years ago, five-year-old Ellie disappeared. But then her sister finds her photograph in the pages of a magazine, leading her to ask: Was Ellie ever really missing?

“Invites comparison to The Lovely Bones . . . Ward’s depiction of family, with its attendant love and guilt, will keep you turning pages.”—People

Joseph and Isabelle
Winters seem to have it all: a grand home in Holt, New York, a trio of radiant daughters, and a sense that they are safe in their affluent corner of America. But when five-year-old Ellie disappears, the fault lines within the family are exposed: Joseph, once a successful businessman, succumbs to his demons; Isabelle retreats into memories of her debutante days in Savannah; and Ellie’s bereft sisters grow apart—Madeline reluctantly stays home, while Caroline runs away. Fifteen years later, Caroline, now a New Orleans cocktail waitress, sees a photograph of a woman in a magazine. Convinced that it is Ellie all grown up, Caroline embarks on a search for her missing sister. Armed with copies of the photo, an amateur detective guide, and a cooler of Dixie beer, Caroline travels through the New Mexico desert, the mountains of Colorado, and the smoky underworld of Montana, determined to salvage her broken family.

**The Ruins of Us** Keija Parssinen 2012-01-17 The Ruins of Us is a compelling, timely debut novel that explores the loneliness of expatriate life and the dangers of intolerance, as well as the things we'll do for love. More than two decades after moving to Saudi Arabia and marrying powerful Abdullah Baylani, American-born Rosalie learns that her husband has taken a second wife. That discovery plunges their family into chaos as Rosalie grapples with leaving the country, her life, and her family behind. Meanwhile, Abdullah and Rosalie’s consuming personal entanglements blind them to the crisis approaching their sixteen-year-old son, Faisal, whose deepening resentment toward their lifestyle has led to his involvement with a controversial sheikh. When Faisal makes a choice that could destroy everything his embattled family holds dear, they all must confront difficult truths as they fight to preserve what remains of their world. The Ruins of Us is a timely story about intolerance, family, and the injustices we endure for love that heralds the arrival of an extraordinary new voice in contemporary fiction.

**The Which Way Tree** Elizabeth Crook 2018-02-06 The poignant odyssey of a tenacious young girl who braves the dangers of the Texas frontier to avenge her mother's death. Early one morning in the remote hill country of Texas, a panther savagely attacks a family of homesteaders, mauling a young girl named Samantha and killing her mother, whose final act is to save her daughter's life. Samantha and her half brother, Benjamin, survive, but she is left traumatized, her face horribly scarred. Narrated in Benjamin's beguilingly plainspoken voice, The Which Way Tree is the story of Samantha's unshakeable resolve to stalk and kill the infamous panther, rumored across the Rio Grande to be a demon, and avenge her mother's death. In their quest she and Benjamin, now orphaned, enlist a charismatic Tejano outlaw and a haunted, compassionate preacher with an aging but relentless tracking dog. As the members of this unlikely posse hunt the panther, they are in turn pursued by a hapless but sadistic Confederate soldier with troubled family ties to the preacher and a score to settle. In the tradition of the great pursuit narratives, The Which Way Tree is a breathtaking saga of one steadfast girl's revenge against an implacable and unknowable beast. Yet with the comedic undertones of Benjamin's storytelling, it is also a timeless tale full of warmth and humor, and a testament to the enduring love that carries a sister and brother through a perilous adventure with all the dimensions of a legend. "A ripping adventure [with] a show-stopping finale."-Wall Street Journal "The stuff of legends."-Attica Locke
"Powerful, sly, and often charming." - Daniel Woodrell

**The Invisible Rainbow**  Arthur Firstenberg  2020-03-09

Electricity has shaped the modern world. But how has it affected our health and environment? Over the last 220 years, society has evolved a universal belief that electricity is 'safe' for humanity and the planet. Scientist and journalist Arthur Firstenberg disrupts this conviction by telling the story of electricity in a way it has never been told before—from an environmental point of view—by detailing the effects that this fundamental societal building block has had on our health and our planet. In The Invisible Rainbow, Firstenberg traces the history of electricity from the early eighteenth century to the present, making a compelling case that many environmental problems, as well as the major diseases of industrialized civilization—heart disease, diabetes, and cancer—are related to electrical pollution.

**Ruby (Oprah's Book Club 2.0)**  Cynthia Bond  2015-02-10

A New York Times bestseller and Oprah Book Club 2.0 selection, the epic, unforgettable story of a man determined to protect the woman he loves from the town desperate to destroy her. This beautiful and devastating debut heralds the arrival of a major new voice in fiction. Ephram Jennings has never forgotten the beautiful girl with the long braids running through the piney woods of Liberty, their small East Texas town. Young Ruby Bell, “the kind of pretty it hurt to look at,” has suffered beyond imagining, so as soon as she can, she flees suffocating Liberty for the bright pull of 1950s New York. Ruby quickly winds her way into the ripe center of the city—the darkened piano bars and hidden alleyways of the Village—all the while hoping for a glimpse of the red hair and green eyes of her mother. When a telegram from her cousin forces her to return home, thirty-year-old Ruby finds herself reliving the devastating violence of her girlhood. With the terrifying realization that she might not be strong enough to fight her way back out again, Ruby struggles to survive her memories of the town’s dark past.

Meanwhile, Ephram must choose between loyalty to the sister who raised him and the chance for a life with the woman he has loved since he was a boy. Full of life, exquisitely written, and suffused with the pastoral beauty of the rural South, Ruby is a transcendent novel of passion and courage. This wondrous page-turner rushes through the red dust and gossip of Main Street, to the pit fire where men swill bootleg outside Bloom’s Juke, to Celia Jennings’s kitchen, where a cake is being made, yolk by yolk, that Ephram will use to try to begin again with Ruby. Utterly transfixing, with unforgettable characters, riveting suspense, and breathtaking, luminous prose, Ruby offers an unflinching portrait of man’s dark acts and the promise of the redemptive power of love. Ruby was a finalist for the PEN America Robert Bingham Debut Novel Award, a Barnes & Noble Discover Great New Writers selection, and an Indie Next Pick.

**Austin to ATX**  Joe Nick Patoski  2019-01-23

In this gonzo history of the “City of the Violet Crown,” author and journalist Joe Nick Patoski chronicles the modern evolution of the quirky, bustling, funky, self-contradictory place known as Austin, Texas. Patoski describes the series of cosmic accidents that tossed together a mashup of outsiders, free spirits, thinkers, educators, writers, musicians, entrepreneurs, artists, and politicians who would foster the atmosphere, the vibe, the slightly off-kilter zeitgeist that allowed Austin to become the home of both Armadillo World
Headquarters and Dell Technologies. Patoski’s raucous, rollicking romp through Austin’s recent past and hipster present connects the dots that lead from places like Scholz Garten—Texas’ oldest continuously operating business—to places like the Armadillo, where Willie Nelson and Darrell Royal brought hippies and rednecks together around music. He shows how misfits like William Sydney Porter—the embezzler who became famous under his pen name, O. Henry—served as precursors for iconoclasts like J. Frank Dobie, Bud Shrake, and Molly Ivins. He describes the journey, beginning with the search for an old girlfriend, that eventually brought Louis Black, Nick Barbaro, and Roland Swenson to the founding of the South by Southwest music, film, and technology festival. As one Austinite, who in typical fashion is simultaneously pursuing degrees in medicine and cinematography, says, “Austin is very different from the rest of Texas.” Many readers of Austin to ATX will have already realized that. Now they will know why.

Migratory Animals  Mary Helen Specht 2015-01-20 Winner of the Texas Institute of Letters Award and the Writer’s League of Texas Fiction Award A February 2015 Indie Next Selection A January Apple iBook Selection An Austin American-Statesman Selects Book A powerful debut novel about a group of 30-somethings struggling for connection and belonging, Migratory Animals centers on a protagonist who finds herself torn between love and duty. When Flannery, a young scientist, is forced to return to Austin from five years of research in Nigeria, she becomes split between her two homes. Having left behind her loving fiancé without knowing when she can return, Flan learns that her sister, Molly, has begun to show signs of the genetic disease that slowly killed their mother. As their close-knit circle of friends struggles with Molly’s diagnosis, Flannery must grapple with what her future will hold: an ambitious life of love and the pursuit of scientific discovery in West Africa, or the pull of a life surrounded by old friends, the comfort of an old flame, family obligations, and the home she’s always known. But she is not the only one wrestling with uncertainty. Since their college days, each of her friends has faced unexpected challenges that make them reevaluate the lives they’d always planned for themselves. A mesmerizing debut from an exciting young writer, Migratory Animals is a moving, thought-provoking novel, told from shifting viewpoints, about the meaning of home and what we owe each other—and ourselves.

The Spectators  Jennifer duBois 2019-04-02 A shocking crime triggers a media firestorm for a controversial talk show host in this provocative novel—a story of redemption, a nostalgic portrait of New York City, and a searing indictment of our culture of spectacle. One of the The New York Times’s “10 Books to Watch for in April” • “Jennifer duBois is a brilliant writer.”—Karen Russell, author of Vampires in the Lemon Grove Talk show host Matthew Miller has made his fame by shining a spotlight on the most unlikely and bizarre secrets of society, exposing them on live television in front of millions of gawking viewers. However, the man behind The Mattie M Show remains a mystery—both to his enormous audience and to those who work alongside him every day. But when the high school students responsible for a mass shooting are found to be devoted fans, Mattie is thrust into the glare of public scrutiny, seen as the wry, detached herald of a culture going downhill and going way too far. Soon, the secrets of Mattie’s past as a brilliant young politician in a crime-ridden New York City begin to push their way to the surface. In her most
daring and multidimensional novel yet, Jennifer duBois vividly portrays the heyday of gay liberation in the seventies and the grip of the AIDS crisis in the eighties, alongside a backstage view of nineties television in an age of moral panic. DuBois explores an enigmatic man’s downfall through the perspectives of two spectators—Cel, Mattie’s skeptical publicist, and Semi, the disillusioned lover from his past. With wit, heart, and crackling intelligence, The Spectators examines the human capacity for reinvention—and forces us to ask ourselves what we choose to look at, and why. Praise for The Spectators With The Spectators, duBois is staking out larger literary territory. The new novel is full of small pleasures that accumulate as proof that this writer knows her stuff. . . . DuBois’s mastery of . . . details earns our trust as she expands The Spectators into a billowing meditation on the responsibility of public figures to contribute something worthwhile to the culture. Although her book takes place decades ago, duBois’s message has a contemporary urgency as well.”—The New York Times “Heart-rending and visceral . . . DuBois’s language is dexterous, and her pacing impressive . . . . The Spectators is a treatise on the media’s power and a finely wrought example of intimate pain.”—USA Today

Contract City Mark Falkin 2015-03-11 The year is 2021 and the money is still green. The fully privatized city of Tulsa, OK, is home to Sara Paige Christie, a teenage girl with her heart set on a film career in L.A. and her camera trained on the graffiti-covered walls of the city’s outskirts. In pursuit of a documentary subject that might propel her from college hopeful to film school admittee at UCLA, Sara has focused her ambitions upon a singularly ubiquitous tag—WH2RR?? From the facades of storefronts to the walls of public restrooms, the tag is appearing nearly everywhere. Its stark all-capital letters and demanding question marks have captured Sara’s imagination, even as the private security personnel of FreeForce Tulsa (FFT) scramble to eliminate the marks with power washers, gray-overs, and full censorship, stripping even photographs of the tags from the locally accessible Internet. Sara has no doubt that there is meaning hidden in plain sight, and she sets off on a mission to find the person behind the mysterious tags while balancing an already full life: her final exams, her wild best friend, a physical fitness test that threatens her GPA, and a family that seems almost oblivious to what’s happening just down the street from their suburban home. With the exception, perhaps, of her father. A retired Marine turned FFT investigator, Sara’s dad has been on the trail of the graffiti artist for his own professional reasons. And if he knows what’s going on, he’s not telling Sara. And they’re not the only ones on the hunt . . . Tensions are rising in town and beyond. Between the machinations of the city’s home-grown megachurch, Chosen Hill, and the movements of a growing camp of homeless citizens parked just beyond Tulsa’s comfort and security, life in Tulsa is about to become very interesting, and Sara just might be in the right place to catch it all on film . . . . . . . but only if she survives.

Remember Ben Clayton Stephen Harrigan 2012-05-29 Winner of the James Fenimore Cooper Prize for Best American Historical Fiction Francis “Gil” Gilheaney is a sculptor of boundless ambition, but bad fortune and pride have driven him and his long-suffering daughter Maureen into artistic exile in Texas just after World War I. When an aging rancher commissions Gil to create a memorial
statue of his son who was killed in action, Gil believes it will be his greatest achievement. But as work proceeds on the statue, Gil and Maureen come to realize that their new client is a far more complicated man than they ever expected, and that he is guarding a secret that haunts his relationship with his son even in death.

The Unraveling of Mercy Louis Keija Parssinen 2015-03-10 Winner of the 2016 Alex Award Best Book of 2015 –Kansas City Star In this intricate novel of psychological suspense, a fatal discovery near the high school ignites a witch-hunt in a Southeast Texas refinery town, unearthing communal and family secrets that threaten the lives of the town’s girls. In Port Sabine, the air is thick with oil, superstition reigns, and dreams hang on making a winning play. All eyes are on Mercy Louis, the star of the championship girls’ basketball team. Mercy seems destined for greatness, but the road out of town is riddled with obstacles. There is her grandmother, Evelia, a strict evangelical who has visions of an imminent Rapture and sees herself as the keeper of Mercy’s virtue. There are the cryptic letters from Charmaine, the mother who abandoned Mercy at birth. And then there’s Travis, the boy who shakes the foundation of her faith. At the periphery of Mercy’s world floats team manager Illa Stark, a lonely wallflower whose days are spent caring for a depressed mother crippled in a refinery accident. Like the rest of the town, Illa is spellbound by Mercy’s beauty and talent, but a note discovered in Mercy’s gym locker reveals that her life may not be as perfect as it appears. The last day of school brings the disturbing discovery, and as summer unfolds and the police investigate, every girl becomes a suspect. When Mercy collapses on the opening night of the season, Evelia prophesies that she is only the first to fall, and soon, other girls are afflicted by the mysterious condition, sending the town into a tailspin, and bringing Illa and Mercy together in an unexpected way. Evocative and unsettling, The Unraveling of Mercy Louis charts the downfall of one town’s golden girl while exploring the brutality and anxieties of girlhood in America.
