*Zyla & Kai* Kristina Forest 2022-06-07 A fresh love story about the will they, won't they--and why can't they--of first love. While on a school trip to the Poconos Mountains (in the middle of a storm) high school seniors, Zyla Matthews and Kai Johnson, run away together leaving their friends and family confused. As far as everyone knows, Zyla and Kai have been broken up for months. And honestly? Their break up hadn't surprised anyone. Zyla and Kai met while working together at an amusement park the previous summer,

and they couldn't have been more different. Zyla was a cynic about love. She'd witnessed the dissolution of her parents' marriage early in life, and it left an indelible impression. Her only aim was graduating and going to fashion school abroad. Until she met Kai. Kai was a serial dater and a hopeless romantic. He'd put a temporary pause on his dating life before senior year to focus on school and getting into his dream HBCU. Until he met Zyla. Alternating between the past and present, we see the love story unfold from Zyla's and Kai's perspectives: how they first became the unlikelyst of friends over the summer, how they fell in love during the school year, and why they ultimately broke up... Or did they? Romantic, heart-stirring, and a little mysterious, Zyla & Kai will keep readers guessing until the last chapter.

*Born a Crime* Trevor Noah 2016-11-15 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man’s relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother’s unconventional, unconditional love.

*The Immortal Life of Henrietta Lacks* Rebecca Skloot 2010-02-02 #1 NEW YORK TIMES BESTSELLER • “The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly.”—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “MOST INFLUENTIAL” (CNN), “DEFINING” (LITHUB), AND “BEST” (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

*We* Yevgeny Zamyatin 2022-02-04 An inspiration for George Orwell’s 1984 and a precursor to the work of Philip K. Dick, Ayn Rand (Anthem), and Stanislaw Lem, *We* is a classic of dystopian science fiction ripe for rediscovery. Written in 1921 by the Russian revolutionary Yevgeny Zamyatin, this story of the thirtieth century is set in the One State, a society where all live for the collective good and individual freedom does not exist. Although fiction, it is a story informed by the war communism of the Soviet Union, and was of course completely banned in Russia. But the collectivism is of a recognizable type, one that threatens every society in all times. To come to understand its features and markings is the benefit of the dystopian genre. The reality that dawns on the reader is that this seeming fiction is all-too real in our times. The novel takes the form of the diary of state mathematician D-503, who, to his shock, experiences the most disruptive emotion imaginable: love for another human being. At once satirical and sobering, *We* speaks to all who have suffered under repression of their personal, economic, and cultural freedom. “One of the greatest novels of the twentieth century.” —Irving Howe.

*Understanding and Treating Incels* Brian Van Brunt 2020-11-29 Understanding and Treating Incels is an indispensable guide for mental health clinical staff, social workers, prevention specialists, educators, and threat assessment professionals who want to better understand the involuntary celibate movement, assess

individuals’ potential for violence, and offer treatment approaches and prevention efforts. Chapters explore the movement in terms of gender, technology, the media, and pornography usage. Later chapters walk the reader through three cases studies and offer treatment considerations to assist mental health professionals and those developing education and prevention-based programming. The complete text gives the reader useful perspectives and insights into incel culture while offering mental health clinicians and educators guidance on treatment and prevention efforts.

Now, he's sure he'll be the first person to die there. After a dust storm nearly kills him and forces his crew to evacuate while thinking him dead, Mark finds himself stranded and completely alone with no way to even signal Earth that he’s alive—and even if he could get word out, his supplies would be gone long before a rescue could arrive. Chances are, though, he won't have time to starve to death. The damaged machinery, unforgiving environment, or plain-old "human error" are much more likely to kill him first. But Mark isn't ready to give up yet. Drawing on his ingenuity, his engineering skills—and a relentless, dogged refusal to quit—he steadfastly confronts one seemingly insurmountable obstacle after the next. Will his resourcefulness be enough to overcome the impossible odds against him?

*Dating-ish* Penny Reid 2016-05-16 USA TODAY BESTSELLING romantic comedy series 'Dating-ish' can be read as a standalone, is a full length 100k word novel, and is book #6 in the Knitting in the City Series. There are three things you need to know about Marie Harris: 1) She's fed up with online dating, 2) She's so fed up, she's willing to forego the annoyance and consider more creative alternatives, and 3) She knows how to knit. After the most bizarre and irritating first date in the history of humankind, Marie is looking for an alternative to men. With the help of her friends, she quickly identifies a few possibilities: Need a cuddle? Use a professional cuddler. Need affirmation? Get yourself a life coach. Need an orgasm? Try orgasm meditation! Why does she need the hassle of a romantic partner when she can meet all her needs with paid services? But then her irritating date resurfaces. And he's not at all the person she thought he was. And he suggests a different--and crazier--solution to her dilemma . . . As everyone knows (or will soon come to realize), traditional relations between humans are a thing of the past. Robots are our future. And if robots are our future, then why do we need other people at all?

"In a world where it's easy to lose faith in love, I Wanna Be Where You Are is a brilliant burst of light. A dazzling debut." — Nic Stone, New York Times bestselling author of *Dear Martin* and *Odd One Out* When Chloe Pierce’s mom forbids her to apply for a spot at the dance conservatory of her dreams, she devises a secret plan to drive two hundred miles to the nearest audition. But Chloe hits her first speed bump when her annoying neighbor Eli insists upon hitching a ride, threatening to tell Chloe’s mom if she leaves him and his smelly dog, Geezer, behind. Filled with roadside hijinks, heart-stirring romance, and a few broken rules, Kristina Forest's *I Wanna Be Where You Are* is a YA debut perfect for fans of Jenny Han and Sandhya Menon.
