A great reference tool for anyone wanting to get into action shooting! A quick way to become a safe and confident shooter...FAST! Considering a new firearm for yourself or a loved one? Before you purchase a firearm, review this book. It is written by the experts and includes all the necessary information and training details needed to become a safe and confident shooter. From shop etiquette to do-it-yourself repairs, Guns 101 answers all of your gun questions. Complete with diagrams and photographs that make all of the technical details clear, this book is essential reading for any newcomer to the world of guns. In a growing world of firearm enthusiasts and shooting opportunities ranging from plinking to competition, the National Rifle Association has long been considered the greatest—and most hilarious—book on turkey hunting. There are 400 pages packed with gore, guns, and guffaws. From the fires of the Second Amendment to the treacherous terrain of the turkey woods, this book will have you laughing out loud. If you’re a left-handed person or a right-handed person with a left-handed person, you’ll definitely find something to laugh at in this book. This book is a comprehensive how-to guide to turkey hunting, from preparation to post-season and everything in between. It includesStep-by-step instructions on where to hunt, how long to wait, how to avoid being bitten by rattlesnakes, and how to properly vacuum the inside of your firearm. It also includes a glossary of turkey hunting terms and a detailed section on the proper use of firearms in self-defense. This book is a must-read for any turkey hunter, whether you’re a seasoned pro or a first-time hunter. This book also includes several chapters on the science of turkey hunting, including a detailed explanation of why turkeys do what they do and how to use this knowledge to your advantage. It also includes several chapters on the ethics of turkey hunting, including a detailed explanation of the importance of ethical hunting and why it’s important to hunt responsibly. It also includes a glossary of turkey hunting terms and a detailed section on the proper use of firearms in self-defense. This book is a must-read for any turkey hunter, whether you’re a seasoned pro or a first-time hunter.
instantly. Seasoned detective Paul Grant is assigned to investigate the girl's murder. He senses that the shooting was not random but doesn't know the connection to his only witness. Was the girl referring to Julianna's presumed dead husband, her lazy stepson, her shady bar manager, or someone else? The investigation leaves Julianna wondering who she can trust and culminates with an eerie link to the past that no one sees coming.

**The Handgun Guide for Women**
Tara Dixon Engel 2015-10-23 This manual reflects an impassioned belief in the 2nd Amendment, and is a must have for any woman interested in buying, owning, and securely keeping a gun.

**Gunfight**
Ryan Busse 2021-10-19 A former firearms executive pulls back the curtain on America's multibillion-dollar gun industry, exposing how it fostered extremism and racism, radicalizing the nation and bringing cultural division to a boiling point. As an avid hunter, outdoorsman, and conservationist—all things that the firearms industry was built on—Busse shared a childhood dream and built a successful career selling millions of firearms for one of America's most popular gun companies. But blinded by the promise of massive profits, the gun industry abandoned its self-imposed decency in favor of hardline conservatism and McCarthyesque internal policing, sowing irreparable division in our politics and society. That drove Busse to do something few other gun executives have done: he's ending his 30-year career in the industry to show us how and why we got here. Gunfight is an insider's call-out of a wild, secretive, and critically important industry. It shows us how America's gun industry shifted from prioritizing safety and ethics to one that is addicted to fear, conspiracy, intolerance, and secrecy. It recounts Busse's personal transformation and shows how authoritarianism spreads in the guise of freedom, how trusting one's instincts becomes an act of treason in a culture that demands sameness and loyalty. Gunfight offers a valuable perspective as the nation struggles to choose between armed violence or healing.

**Hell, I was There!**
Elmer Keith 1979

**Shoot**
Julie Golob 2012-02 A guide to shooting profiles techniques and competitive societies associated with different types of shooting sports, and also features information on women and guns, safety, and practicing.

**Guns, Bullets, And Gunfights**
Jim Cirillo 1996-03-01 Learn what it takes to survive a real gunfight from someone who's been in many - Jim Cirillo, top gun in the New York City Police Department stakeout unit. Read about the stress and intensity of an actual shoot-out and how to maximize your training, ammo and weapons to prevail.

**Blue Book of Tactical Firearms Values**
Steven P. Fjestad 2016-04-01

**Citizen-Protectors**
Jennifer Carlson 2015-04-01 From gang- and drug-related shootings to mass shootings in schools, shopping centers, and movie theaters, reports of gun crimes fill the headlines of newspapers and nightly news programs. At the same time, a different kind of headline has captured public attention: a steady surge in pro-gun sentiment among Americans. In Citizen-Protectors, Jennifer Carlson offers a compelling portrait of gun carriers, shedding light on Americans' complex relationship with guns. Through experiences, she explores the role guns play in the lives of Americans who carry them and show how a sense of freedom, safety, and security are intertwined with one's understanding of what it means to be a good citizen. A much-needed counterpoint to the rhetorical battles over gun control, Citizen-Protectors is a captivating and revealing look at gun culture in America, and a must-read for anyone with a stake in this heated debate.
