EBOOK: International Perspectives on Early Childhood Education and Care Jan Georgeson 2013-02-16 There is a growing interest in understanding how early years care and education is organised and experienced internationally. This book examines key influential approaches to early years care as well as some less well-known systems from around the world. In particular the book aims to: Inform those studying early years about perspectives in other countries Encourage critical thinking about issues, influences and the complexities of early years provision around the world Promote critical reflection on students' own provision and the current context of that provision Each chapter provides an overview of early years provision and explores historical and current influences in context, as well as offering insights into daily life through short vignettes, longer case studies and commentary from practitioners. Whilst many approaches - such as Reggio Emilia, Te Whariki and Head Start - are widely admired, it is important for reflective practitioners to understand the motivation which gave rise to these influential approaches in their original context. Additionally, broadening understanding through information on less widely known systems, the book provides students with a good grounding in the international context of early years, the provenance of different early years approaches and principles, and the influences on their own countries' provision. Written in a straightforward and accessible style, the book is designed to meet the needs of students studying modules related to international perspectives on a range of foundation, bachelor and master's degrees in early years. Aunt Jane's Nieces on Vacation L. Frank Baum 2016-01-19 Chapter I THE HOBO AT CHAZY JUNCTION Mr. Judkins, the station agent at Chazy Junction, came out of his little house at daybreak, shivered a bit in the chill morning air and gave an involuntary start as he saw a private car on the sidetrack. There were two private cars, to be exact--a sleeper and a baggage car--and Mr. Judkins knew the three o'clock train must have left them as it passed through. "Ah," said he aloud; "the nabobs hev arrove." "Who are the nabobs?" asked a quiet voice beside him. Again Mr. Judkins started; he even stepped back a pace to get a better view of the stranger, who had approached so stealthily through the dim light that the agent was unaware of his existence until he spoke. "Who be you?" he demanded, eyeing the man suspiciously. "Never mind who I am," retorted the other in a grumpy tone; "the original question is 'who are the nabobs?'" "See here, young feller; this ain't no place fer tramps," observed Mr. Judkins, frowning with evident displeasure; "Chazy Junction's got all it kin do to support its reg'lar inhabitants. You'll hev to move on." The stranger sat down on a baggage truck and eyed the private car reflectively. He wore a rough gray suit, baggy and threadbare, a flannel shirt with an old black tie carelessly knotted at the collar, a brown felt hat with several holes in the crown, and coarse cowhide shoes that had arrived at the last stages of usefulness. You would judge him to be from twenty-five to thirty years of age; you would note that his face was browned from exposure, that it was rather set and expressionless but in no way repulsive. His eyes, dark and retrospective, were his most redeeming feature, yet betrayed little of their owner's character. Mr. Judkins could make nothing of the fellow, beyond the fact that he was doubtless a "tramp" and on that account most unwelcome in this retired neighborhood.

Rick Stein's Seafood Lovers' Guide Rick Stein 2019-06-06 Rick (and Chalky his trusty dog) discover great seafood dishes and small delicacies amongst the tidal estuaries, shingle banks and rocky shores of Britain. Rick travels from the bleak Suffolk coast where fishermen scrape a living catching cod to the wild, clear waters of Scotland's lochs bringing back an abundance of stories and imaginative, colourful recipes. The book is organised geographically with each chapter covering one of the regions featured in the BBC series. Rick describes the fish-catching and fish-eating traditions of each area as well as details of the local life, legends and literature. He singles out local delicacies and includes six to eight fish and seafood recipes per chapter. Each chapter is illustrated with stunning food and landscape photography and ends with an area map and a guide to a small selection of the best hotels, restaurants, pubs and specialist suppliers (including information on extra locations, not featured in the series). 'Just as I do in the restaurant to keep ahead of the game, I look for the best suppliers, the freshest fish and who catches them. In a way, this is what this series is about, the fish I love, for all sorts of reasons, not just taste or fashion, where they come from and the people who catch them and the best way to cook them. As a result of looking around the country for the best seafood, it's turned out to be a love affair with the changing coastline of Great Britain and Ireland and the business of going to sea in small boats to catch the freshest prime fish we have.' A Map of Glass Jane Urquhart 2010-10-22 Jane Urquhart's stunning new novel weaves two parallel stories, one set in contemporary Toronto and Prince Edward County, Ontario, the other in the nineteenth century on the northern shores of Lake Ontario. Sylvia Bradley was rescued from her parents' house by a doctor attracted to and challenged by her withdrawn ways. Their subsequent marriage has nourished her, but ultimately her husband's care has formed a kind of prison. When she meets Andrew Woodman, a historical geographer, her world changes. A year after Andrew's death, Sylvia makes an unlikely connection with Jerome McNaughton, a young Toronto artist whose discovery of Andrew's body on a small island at the mouth of the St. Lawrence River unlocks a secret in his own past. After Sylvia finds Jerome in Toronto, she shares with him the story of her unusual childhood and of her devastating and ecstatic affair with Andrew, a man whose life was irrevocably affected by the decisions of the past. At the breathtaking centre of the novel is the compelling tale of Andrew's forebears. We meet his great-great-grandfather, Joseph Woodman, whose ambitions brought him from England to the northeastern shores of Lake Ontario, during the days of the flourishing timber and shipbuilding industries; Joseph's practical, independent and isolated daughter,

Annabel; and his son, Branwell, an innkeeper and a painter. It is Branwell's eventual liaison with an orphaned French-Canadian woman that begins the family's new generation and sets the stage for future events. A novel about loss and the transitory nature of place, *A Map of Glass* is vivid with evocative prose and haunting imagery — a lake of light on a wooden table; a hotel gradually buried by sand; a fully clothed man frozen in an iceberg; a blind woman tracing her fingers over a tactile map. Containing all of the elements for which Jane Urquhart's writing is celebrated, it stands as her richest, most accomplished novel to date.

Appalachian Daughter Mary Jane Salyers 2014-08-17 "Appalachian Daughter grabbed me Friday afternoon, and except for the time for sleeping and necessary duties, did not turn me loose until I finished it Saturday afternoon." Early Reader This coming-of-age novel depicts the trials, triumphs, and tragedies that befall Maggie Martin, the eldest of eight children whose family struggles to make ends meet on a hilly farm in

Campbell Hollow, a narrow mountain valley in East Tennessee. On the last day of eighth grade, Maggie begins to dream of finding a way to escape the drudgery and confinement of life in the hollow and establish her independence. Her plan begins to fall in place when she enters high school and discovers she has a natural talent for excelling in shorthand, typing and other business classes. Meanwhile she spares no effort in helping her family continue to survive despite their poverty, a less than fertile few acres, and a family history of instability. She strives to fit in at high school in spite of the harsh limits placed on her by her hot-tempered, authoritarian mother, Corie Mae. She often turns for support to her easy-going father Ray, who sometimes intervenes to overrule Corie Mae's restrictions. As she goes about her life, doing her school work and helping out at home, she interacts with interesting, unforgettable, and sometimes dangerous characters, including a mentally challenged neighbor, an escaped convict, and a lecherous employer. She is forced to make decisions and take actions that would be difficult for a much older adult. Maggie meets each challenge with determination, imagination, and courage whether it's cutting a pitchfork from a mare's tail or helping to deliver her baby sister. The typical spoken language, folkways, and traditional beliefs and religious practices are skillfully woven into this portrait of Appalachian family life. The author's sympathetic insights into mountain culture combined with memorably etched characters and events create a realistic reflection of Tennessee mountain life during the decade following WWII. Don't Look Back Amanda Quick 2003-04-01 In this most entrancing tale of mystery and romance by the New York Times bestselling author AMANDA QUICK, lovers and partners-in-crime investigators Lavinia Lake and Tobias March continue their exciting newfound relationship, with its delicious mix of risky business, rising passion, and now--murder. As if a head for business and a nose for trouble aren't enough to distinguish fiercely independent Lavinia Lake from the other women of London's fashionable Claremont Lane, there is one more feature to set her apart. Lavinia is also well versed in the practice of mesmerism, an extraordinary

gift that far surpasses mere charm and physical appeal. Nobody knows this better than the usually coolheaded Tobias March, who seems to have fallen hopelessly under her spell. Fortunately for all, however, Lavinia uses her powers for good. And ever since a tragedy involving one of her subjects, she has even retired them in favor of her work with Lake and March, a joint venture providing “discreet private inquiries for individuals of quality.” Celeste Hudson, the stunningly beautiful young wife of a family friend and fellow mesmerist, would surely count herself among such individuals--were she still alive, that is. While mythology’s Medusa could turn men to stone, lovely Celeste was more accustomed to turning them to jelly. In fact, unbeknownst to her husband, Howard, the ambitious Celeste was planning to use her talents to forge a new future in Society--one that would not include him. Sadly, her plans were cut short when she was murdered. Only a gentleman’s cravat wound around her lovely neck remained for evidence--small compensation for the strange and priceless bracelet that may have been snatched from her wrist as she drew her last breath. As a result, Lake and March are soon in Howard Hudson’s employ on the trail of the killer. But Tobias is convinced the dashing widower is more interested in tracking down the missing relic. If so, Howard is not alone. Any number of ruthless types are after the very same antiquity, whose centerpiece is an unusual blue cameo of inestimable value and supposed legendary powers--powers of immeasurable worth to anyone in Howard’s line of work. Together, Lake and March undertake a tantalizing investigation that leads them from the glittering ballrooms of the ton to London’s seediest taverns to a mesmerist whose therapies include treating ladies suffering from “hysteria” is a most unconventional method--and, not least of all, to the darkest reaches of men’s psyches. Along the way, Don’t Look Back becomes a completely mesmerizing read as the irrepressible Lavinia and Tobias mix business with pleasure....

The Adventures Of Aunt Jane's Nieces L. Frank Baum 2014-03-31 Aside from the Oz books and all the other fairy tales, there is a long list of series books for older boys and girls—perhaps in the twelve to fifteen age group—that came from Baum's pen. These books were almost always published under one of several pseudonyms, and from 1906 to 1919, at least one additional title appeared in each current series every year. Baum adopted a woman's name for his stories for girls; this is one of the series for which he used the pseudonym Edith Van Dyne. The first volume, *Aunt Jane's Nieces*, appeared in 1906, and the interested reader can follow the adventures of the heroines through the nine volumes that followed. This edition contains all nine volumes of the Aunt Jane books on more than 2000 pages.

A History of the World in 6 Glasses Tom Standage 2009-05-26 *The New York Times* Bestseller “There aren't many books this entertaining that also provide a cogent crash course in ancient, classical and modern history.” -*Los Angeles Times* Beer, wine, spirits, coffee, tea, and Coca-Cola: In Tom Standage's deft, innovative account of world history, these six beverages turn out to be much more than just ways to quench thirst. They also represent six eras that span the course of civilization—from the adoption of agriculture, to the birth of cities, to the advent of globalization. *A History of the World in 6 Glasses* tells the story of humanity from the Stone Age to the twenty-first century through each epoch's signature refreshment. As Standage persuasively argues, each drink is in fact a kind of technology, advancing culture and catalyzing the intricate interplay of different societies. After reading this enlightening book, you may never look at your favorite drink in quite the same way again.
