Spiritual Purification in Islam Gavin Picken 2011-03-21 Purification of the soul is a principle that is central to understanding Islamic spirituality but despite this, relatively little has been written explicitly in the Islamic tradition regarding this discrete method of spiritual purification. This book examines the work of a scholar of this discipline, al-Harith al-Muhāsibī, who lived and worked during the classical Islamic period under the

Abbasids. Although al-Muhāsibī was well known for his skills in many disciplines, including the Qurʾān, Prophetic narration and scholastic theology, it is his mastery in the field of Islamic spirituality and moral psychology for which he is best remembered. Assessing the extent to which the political, social and economic factors played a part in his life and work, Gavin Picken provides a comprehensive overview of his work and its great significance in the development of Islamic spirituality. Reconstructing his life in chronological order and providing the most comprehensive appraisal of his works to date, it explores a facet of al-Muhāsibī's teaching which as yet has not been studied, namely his understanding, concept and methodology regarding the purification of the soul within the Islamic paradigm. As such, it will be of great interest not only to researchers and students of Sufism but also to scholars of comparative spirituality and mysticism.

Dodging elaborate attempts on her life with characteristic grit and humor, the one-of-a-kind detective

wends her way through a maze of grain elevators and thousand-ton freighters, ruthless businessmen and gorgeous ballerinas, to ferret out Boom Boom's killers before they phase her out of the picture—permanently. Praise for Deadlock “V.I. Warshawski is one of the best . . . smart, tough, sexy.”—Daily News (New York) “Sara Paretsky makes excellent use of local backgrounds in a carefully plotted tale of murder and great misdeeds in the world of Great Lakes cargo shipping.”—Chicago Tribune “Hard-boiled detective fiction . . . a swift-paced and engrossing read.”—The Philadelphia Inquirer “Slithers with suspense!”—Chicago Sun-Times

LOVE, IN SPANISH is a sequel about 60K words, told from Mateo Casalles' POV. This is not a "rehash" of LIE and is instead a whole new story about Mateo and Vera on their quest to a happily-ever-after."She sat beside me on the bus and she changed my whole life."Successful, wealthy and absurdly handsome Spanish ex-football player Mateo Casalles seemed like he had it all. until Vera Miles came into his life like a shooting star. Tattooed, wild and young, Vera seemed like Mateo's polar opposite at first. But you can't choose who you fall in love with and the two lost souls did everything they could to be together, all while suffering the grave consequences. Now with Mateo divorced and living in Madrid with Vera, there is a whole new set of challenges and setbacks facing the couple and rocking the foundation of their star-crossed relationship. Post-Hindu India Kancha Ilaiah 2009-11-17 Kancha Ilaiah, the author of the best selling book Why I am Not a Hindu, pens a thought-provoking critique of Brahmanism and the caste system in India, while anticipating

the death of Hinduism as a direct consequence of, what he says is, its anti-scientific and anti-nationalistic stand. This work challenges Hinduism's interpretation of history, with a virulent attack on caste politics, and also takes a refreshing look at the necessity of encouraging indigenous scientific thought for the sake of national progress. It establishes Hinduism as a `backward` religion that suppresses the latent scientific and productive potential of the Dalit-Bahujan communities. The author says this oppressive system of spiritual fascism is detrimental to both the future of religion and the nation-state. He thus criticizes the idea of spiritual justice or varnadharma, used to justify the caste system, as rooted in spiritual inequality. On a micro-analytical level, it is based on a thorough study of the productive knowledge systems of the Dalit-Bahujan communities of Andhra Pradesh, and provides a detailed day-to-day analysis of the scientific technological processes and events at work in the

life of a member of these communities. On a macro level, it shows how Hinduism fails to negotiate between faith and reason, unlike other major religions of the world. Kancha Ilaiah critiques the intellectual imagination of the dominant communities and inspires the marginalized. In the process of doing so he crafts a work of immense socio-political interest which appeals to academics, and also to all those who are concerned about contemporary India's polity and social fabric.
