Dragon's Jaw Stephen Coonts 2019-05-14 A riveting Vietnam War story--and one of the most dramatic in aviation history--told by a New York Times bestselling author and a prominent aviation historian Every war has its "bridge"--Old North Bridge at Concord, Burnside's Bridge at Antietam, the railway bridge over Burma's River Kwai, the bridge over Germany's Rhine River at Remagen, and the bridges over Korea's Toko Ri. In Vietnam it was the bridge at Thanh Hoa, called Dragon's Jaw. For seven long years hundreds of young US airmen flew sortie after sortie against North Vietnam's formidable and strategically important bridge, dodging a heavy concentration of anti-aircraft fire and enemy MiG planes. Many American airmen were shot down, killed, or captured and taken to the infamous "Hanoi Hilton" POW camp. But after each air attack, when the smoke cleared and the debris settled, the bridge stubbornly remained standing. For the North Vietnamese it became a symbol of their invincibility; for US war planners an obsession; for US airmen a testament to American mettle and valor. Using after-action reports, official records, and interviews with surviving pilots, as well as untapped Vietnamese sources, Dragon's Jaw chronicles American efforts to destroy the bridge, strike by bloody strike, putting readers into the cockpits, under fire. The story of the Dragon's Jaw is a story rich in bravery, courage, audacity, and sometimes luck, sometimes tragedy. The "bridge" story of Vietnam is an epic tale of war against a determined foe.

F*cking History The Captain 2020-08-11 History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh*. Enter The Captain, the ultimate storyteller who brings history to life (and to your life) in this hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from Catherine the Great. You'll learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to F*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-F*cking-patra. People in the past were just like us--so learn from life's losers and emulate the badasses. The Captain shows you how.

Hav Jan Morris 2011-08-30 A New York Review Books Original Hav is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published Last Letters from Hav in 1985, it was short-listed for the Booker Prize. Here it is joined by Hav of the Myrmidons, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.

Praise for Deadlock "V.I. Warshawski is one of the best . . . smart, tough, sexy."—Daily News (New York) "Sara Paretsky makes excellent use of local backgrounds in a carefully plotted tale of murder and great misdeeds in the world of Great Lakes cargo shipping."—Chicago Tribune "Hard-boiled detective fiction . . . a swift-paced and engrossing read."—The Philadelphia Inquirer "Slithers with suspense!"—Chicago Sun-Times
