Cyprus Stephen G. Xydis 1973-04
Undersea Atrophia Geoffrey Morrison 2016-06-03
A great silence has settled upon a drowned world. In the final battle of their final war, the massive citysubs Universalis and Population reduced each other to ruins. One lays wrecked on the seafloor. The other, beached and lifeless,
litters the island of pristine polar ice it tried to destroy. Pockets of survivors huddle together. On the frigid surface, Ralla Gattley and Thom Vargas cling to life and each other. Below, the soldier Geran Lo fights relentlessly to free trapped and drowning civilians. As they struggle against a world determined to kill them, a new and even more dangerous menace approaches. Undersea Atrophia is the second book in the Undersea Saga.

Parentology Dalton Conley 2014-03-18
An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of Battle Hymn of the Tiger Mother). If you’re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-
doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You’ll be laughing and learning at the same time.

**Trillion** Winter Renshaw 2020-08-17 Trey Westcott-devastatingly gorgeous. Intimidatingly brilliant. Powerful beyond belief. A man with all the money in the world-literally. As the first trillionaire in existence, my boss lives a life most people can only dream of. Anything he wants—anything at all—is a snap-of-the-fingers away. But when the coldhearted magnate snaps his fingers and requests me for a stint on his arm playing the role of his devoted fiancée and then some, he makes an offer I can't refuse. And so I don't. But I make it clear that he'll have my time, my body, my attention, my discreet professionalism—everything except my heart. It's not for sale. Because all the money in the world can't change the secret I've kept the last eight years. A secret
that complicates the very business deal I'm to help him secure. A secret that makes the undeniable tension between us all the more forbidden. Trey Westcott can have anything he wants ... but he can never have me. Even if he's all I've ever wanted.
