Love, Hate and Knowledge Robert Waska 2018-04-17 This book introduces the clinical concept of analytic contact. This is a term that describes the therapeutic method of investigation that makes up psychoanalytic treatment. The field has been in debate for decades regarding what constitutes psychoanalysis. This usually centers on theoretical ideals regarding analyzability, goals, or procedure and external criteria such as frequency or use of couch. Instead, the concept of analytic contact looks at what takes place with a patient in the clinical situation. Each chapter in this book follows a wide spectrum of cases and clinical situations where hard to reach patients are provided the best opportunity for health and healing through the establishment of analytic contact. This case material closely tracks each patient's phantasies, and transference mechanisms which work to either increase, oppose, embrace, or neutralize, analytic contact. In addition, the fundamental internal conflicts all patients struggle with between love, hate, and knowledge are represented by extensive case reports.

Cataract City Craig Davidson 2014-02-06 Cataract City, a dead-end border town overlooking Niagara Falls. Owen Stuckey and Duncan Diggs are fast friends as kids - united by wrestling, go-karts, and metal bands - but as they grow into young men, their once simple affection competes with the tensions created by their respective circumstances. Owen, born to relative privilege, seems destined to get out of the city, while Duncan, honest but hard, is hurtling along the rails towards a future working the assembly line at the soulless biscuit factory, The Bisk. As Duncan becomes more and more desperate to escape, he finds himself at opposite ends of the law to Owen, and as the coils of the city creep ever tighter around the two friends, they find themselves struggling not to break free, but simply to survive.

Mind is your Business Sadhguru 2015-04-30 For most people, the mind seems to be an unruly cacophony, attempting to grasp and shape everything which falls in its purview. In mind is your business, Sadhguru explains that only if we make it “our business” to transform this uncoordinated mess into a well - coordinated symphony, will we able to use the mind, rather than be used by it. Sadhguru is a yogi and profound mystic of our times. An absolute clarity of perception places him in a unique space in not only matters spiritual but in business, environmental and international affairs, and opens a new door on all that he touches.

Flowers on the Path (eBook) Sadhguru 2012-09-01 The Flowers on the Path series is a bouquet. It comprises articles created by Sadhguru for the Speaking Tree column of the Times of India. These articles have, for many years, brought daily infusions of beauty, humour, clarity and wisdom into lives abraded by mayhem and monotony. In pages devoted to the changing weather of the stock market and international affairs, these articles have brought readers moments of unexpected insight and stillness. Sadhguru's original thoughts, outspoken comments and references to current affairs have sometimes provoked controversy. But they have invariably added vitality and color to a national debate. Like flowers, these articles have inspired and stimulated readers, wafting into their lives as a gentle fragrance on some mornings, and on others, startling them awake with fresh perspectives on age-old ideas and beliefs.

The Perils of Pleasure Julie Anne Long 2008-01-29 A rescued rogue . . . Scandal has rocked the city of London. Colin Eversea, a handsome, reckless unapologetic rogue is sentenced to hang for murder and, inconveniently for him, the only witness to the crime disappears. Then again, throughout history, the Everseas have always managed to cheat fate in style: Colin is snatched from the gallows by a beautiful, clever mercenary. A captivating captor. . . Cool-headed, daring Madeleine Greenway is immune to Colin's vaunted charm. Her mission is not to rescue Colin but to kidnap him, and to be paid handsomely for it. But when it becomes clear that whoever wants Colin alive wants Madeline dead, the two become uneasy allies in a deadly race for truth. Together, they'll face great danger—and a passion neither can resist.

Don't Polish Your Ignorance ...It May Shine Sadhguru 2011 The persistent questions of seekers fill this book. It's all here - the pain, the confusion, the raging gut-level thirst, all that it means to be human and alive and wanting. And through it all are the clear, strong, unwavering tones of a master who reminds us that the only thing that lies between the human and the divine, the finite and the boundless, the seeking and the finding, is choice. What does that choice entail? Not the acquisition of any path-breaking wisdom, but a determined refusal to strengthen one's ignorance, to reinforce one's deceptions, to 'gold-plate one's limitations'. The danger, Sadhguru tells us, does not lie in being in the dark - that can be dispelled for anyone who genuinely desires it - but in settling for an easy brilliance, a spurious radiance. The danger does not lie in seeking urgently, but in arriving cheaply. “Don't polish your ignorance,” he warns aphoristically, unforgettably, recurrently in the course of this book. “It may shine.”

Courageous Dreaming Alberto Villoldo 2009-03-01 Modern physics tells us that we're dreaming the world into being with every thought. Courageous Dreaming tells us how to dream our world with power and grace. The ancient shamans of the Americas understood that we're not only creating our experience of the world, but are dreaming up the very nature of reality itself—that is, "life is but a dream." When you don't dream your life, you have to settle for the nightmare being dreamed by others. This book shows how to wake up from the collective nightmare and begin to dream a life of courage and

grace, a sacred dream that shamans throughout time have known and served.Alberto Villoldo reveals ancient wisdom teachings that explain how to birth reality from the invisible matrix of creation; and reveals how we can interact with this matrix to dream a life of peace, health, and abundance. He shows us that courage is all that is required to create the joy we desire!

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of Battle Hymn of the Tiger Mother). If you’re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You’ll be laughing and learning at the same time.

Emotion & Relationships (2 Books in 1) Sadhguru 2017-12-07 Emotion “One can make any emotion into a creative force in one’s life.” – Sadhguru It’s not just poetic license that allows us to refer to emotions as “juicy”. In a literal sense also, emotions are a chemical cocktail that course through our bodies. But while we have no problems with pleasant emotions, unpleasant emotions are the source of much angst in our lives. In Emotion: The Juice of Life, Sadhguru looks at the gamut of human emotions and how to turn them into stepping stones rather than stumbling blocks. Relationships “If you enhance yourself into a very beautiful state, everyone will want to hold a relationship with you.” – Sadhguru Human beings constantly make and break relationships. Unfortunately, relationships can make and break human beings too. Why are relationships such a circus for most of us? What is this primal urge within us that demands a bond – physical, mental, or emotional - with another? And how do we keep this bond from turning into bondage? These are the fundamental questions that Relationships: Bond or Bondage looks at as Sadhguru shares with us the keys to forming lasting and joyful relationships, whether they are with husband or wife, family and friends, at work, or with the very existence itself. Sadhguru is a yogi and profound mystic of our times. An absolute clarity of perception places him in a unique space in not only matters spiritual but in business, environmental and international affairs, and opens a new door on all that he touches.
