Salt and Light, Volume 2 Carol Lee Hamrin 2010-02-11 The hidden seeds of the Christian renewal in China today include the outstanding Chinese Christians in Salt and Light 2, a dozen new life stories with lively anecdotes and photographs. These reformers made lasting contributions that shaped modern China. Working out of the limelight in their professions, they had quiet but powerful influence on early twentieth-century civil society. Motivated by their faith, they modeled essential virtues. This series helps recover a lost Christian heritage linked closely to a legacy

of East-West cooperation in an earlier global era.

Consumers and Nanotechnology

Harald Throne-Holst 2013-04-12 In recent years, questions about democratic influence on science and technology have received much attention. The lesson from the European unrest over GMO is that consumer-citizens will react negatively to being forced to accept the introduction of new, partly untested technologies. A number of political bodies have started to involve citizens and to consider their concerns, attitudes, hopes, and worries in the early stages of the coming nano revolution. This volume is assembles the contributions of experts who analyze a number of these deliberations, mainly in the European Union and the United States. The book analyzes citizen-oriented deliberations along with more stakeholder-oriented deliberations.

From Niggas to Gods Akil 1993 ...a message to the Black Youth.This is a compilation of individual essays written during the summer-fall of 1992. The essays are designed to inspire thought within the Black Mind. These writings are primarily targeted toward the Black Youth of this day, of which I am a part of. I am not a Master of these teachings, but these teachings I wish to Master.They say that my generation is not intelligent enough to read a book. I say

that They are wrong. It is just that They are not writing about anything of interest that is relevant to our lives! And when They do write something, they have to write in the perfect King's English to impress their Harvard Professors! Here we are with a book in one hand, and a dictionary in the other, trying to understand what in the hell the author is talking about! If you have got something to say, just say it! We are not impressed by your 27-letter words, or your Shakespearian style of writing. The Black Youth of today don't give a damn about Shakespeare!!! This ain't no damn poetry contest! We are dealing with the life, blood, and salvation of our entire Black Nation! If you want to reach the People, you have to embrace us where we are, and then take us where we need to go. So, these writings are from my generation and for my generation with respect and love. If no one will teach, love and guide us, then we will teach love and guide ourselves. Peace.

Dragon's Jaw Stephen Coonts 2019-05-14
A riveting Vietnam War story--and one of the most dramatic in aviation history--told by a New York Times bestselling author and a prominent aviation historian Every war has its "bridge"--Old North Bridge at Concord, Burnside's Bridge at Antietam, the railway bridge over Burma's River Kwai, the bridge over Germany's Rhine River at Remagen, and the bridges over Korea's Toko Ri. In Vietnam it was the bridge at Thanh Hoa, called Dragon's Jaw. For seven long years hundreds of young US airmen flew sortie after sortie against North Vietnam's formidable and strategically important bridge, dodging a heavy concentration of anti-aircraft fire and enemy MiG planes. Many American airmen were shot down, killed, or captured and taken to the infamous "Hanoi Hilton" POW camp. But after each air attack, when the smoke cleared and the debris settled, the

bridge stubbornly remained standing. For the North Vietnamese it became a symbol of their invincibility; for US war planners an obsession; for US airmen a testament to American mettle and valor. Using after-action reports, official records, and interviews with surviving pilots, as well as untapped Vietnamese sources, *Dragon's Jaw* chronicles American efforts to destroy the bridge, strike by bloody strike, putting readers into the cockpits, under fire. The story of the *Dragon's Jaw* is a story rich in bravery, courage, audacity, and sometimes luck, sometimes tragedy. The "bridge" story of Vietnam is an epic tale of war against a determined foe.

Enter *The Captain*, the ultimate storyteller who brings history to life (and to your life) in this hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from Catherine the Great. You'll learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to f*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-f*cking-patra. People in the past were just like us--so learn from life's losers and emulate the badasses. *The Captain* shows you how.
