HOW TO USE THIS BOOK
What Do I Study to take the ELPT?

To start studying as soon as possible, you should begin studying for the test as soon as you can. Depending on how long before the exam you begin to study, you will be able to develop your abilities in both of these areas. It is important for you to discover the time and place that works best for you. Some students may set aside a specific time each day for studying, while others may prefer to study at specific times during a week. You need to find the time constraints. Repeating this process will help you develop speed in answering the questions on the ELPT. You should also practice answering the questions under time constraints. Practice makes perfect! This large collection of fun and engaging practice pages is designed to help students practice for the ELPT. The practice pages are divided into sections that correspond to the different parts of the ELPT. Each section includes ready-to-use flash cards for extra practice skills. For use with Grade 4, practice makes perfect!
