This Series 63 exam study guide uses Plain English and concise explanations as it ticks off the items mentioned on the NASAA Series 63 exam outline point-by-point. To reduce your frustration in obtaining your Series 63 license, we try to make sure each sample question in our Pass the 63 Practice Exam Question Bank is explained within this textbook. In fact, we encourage you to use this study guide while working through the Series 63 sample questions. When you encounter a tough practice question, you can quickly and easily look it up in this textbook in order to come away from the question with a deeper understanding of the topics involved. Remember that the Series 63 license exam is not a memorization test but,
rather, a "competency exam." Too many Series 63 exam candidates go to the testing center expecting to simply recognize a few vocabulary terms when, in fact, passing your test requires you to work with the information at a much deeper level. That's why we explain things in a way you'll both understand and remember at the testing center. It takes more work on our end, but we feel our job is to make things easier on your end. We also take what you learn in the pages of this Series 63 exam study guide to a higher level by presenting you with over 450 challenging questions in our Pass the 63 Practice Exam Question Bank. However, our sample questions are not designed to merely trick you—which most people find discouraging and confusing at best. Rather, our Series 63 sample questions are designed to help you learn the information as you improve your ability to eliminate the incorrect answer choices you will see when taking the Series 63 exam. Be sure to keep a notebook filled with all that you learn from working the questions and reading the helpful explanations that follow. For an extra edge, try writing your own variations of practice questions in this same notebook, something our tutoring clients have found extremely helpful. Finally, go to www.examzone.com to take the Go / No Go Exams to see if you are really ready to take your Series 63 Exam. Pass the 63 is your guide to a passing score on the Series 63 exam. This textbook is at the same time in-depth and easy to read. We don't skimp on the details found on the
NASAA outline. Rather, we skimp on the filler found in many of the more tedious license exam manuals on the market. To give yourself an edge on this difficult license exam buy this book and then go to www.examzone.com to purchase the Pass the 63 Practice Exam Question Bank, Pass the 63 Go / No Go Exams and other Series 63 study materials.
