Hardware Hacker Don Lancaster 1994-11-01 101 Kruger Tales Jeff Gordon 2016-01 "An enraged elephant flips a car onto its roof. A lioness prises open the door of a terrified couple. A leopard helps itself to a family's picnic breakfast. A fleeing impala leaps through an open car window. A lion charges around inside a busy rest camp. A hyena snatches a baby from a tent. A tourist takes a bath in a croc-infested dam...These are just a few of the 101 jaw-dropping sightings, scrapes and encounters in this collection of extraordinary true stories from the roads, camps, picnic sites and walking trails of South Africa's Kruger National Park, as told by the very people who experienced them. There are no game ranger tales here - each and every story happened to an ordinary Kruger visitor doing what over a million tourists do in this spectacular reserve each year." — Back cover.

Proceedings of the 1st- Meeting Eastern Art Teachers’ Association 1908 Water-based Paint Formulations Ernest W. Flick 1975 This collection of 232 up-to-date water-based trade and industrial formulations will be of value to technical and managerial personnel in paint manufacturing companies and firms which supply raw materials or services to these companies, and to those interested in less hazardous, environmentally safer formulations. The book will be useful to both those with extensive experience as well as those new to the field. This book includes new and different formulations than those included in the previous volumes. The data consists of selections of manufacturers’ suggested formulations made at no cost to, nor influence from, the makers or distributors of these materials. The information given is presented as supplied; the manufacturer should be contacted if there are any questions. Only the most recent data supplied us has been included. Any solvent contained is minimal. Table of contents is organized in such a way as to serve as a subject index. The formulations described are divided into sections which cover exterior, interior, and exterior and/or interior water-based paints, enamels, and coatings, as indicated below. Included in the descriptive information for each formulation, where available, the following properties may be listed: viscosity, solids, content, % nonvolatiles, pigment volume concentration, density, pH, spatter, leveling, sag resistance, scrub stability, freeze-thaw stability, ease of application, gloss foaming, cratering, brightness, opacity, water spotting, adhesion to chalk, brush clean-up, reflectance, and sheen.
