The Bippolo Seed and Other Lost Stories: Read & Listen Edition

Dr. Seuss 2013-10-22

What’s better than a lost treasure? Seven lost treasures! These rarely seen Dr. Seuss stories were published in magazines in the early 1950s and are finally available in book form. They include “The Bippolo Seed” (in which a scheming feline leads a duck toward a bad decision), “The Rabbit, the Bear, and the Zinniga-Zanniga” (about a rabbit who is saved from a bear by a single eyelash), “Gustav, the Goldfish” (an early rhymed version of the Beginner Book A Fish Out of Water), “Tadd and Todd” (about a twin who is striving to be an individual), “Steak for Supper” (in which fantastic creatures follow a boy home in anticipation of a steak dinner), “The Strange Shirt Spot” (the inspiration for the bathtub-ring scene in The Cat in the Hat Comes Back), and “The Great Henry McBride” (about a boy whose far-flung career fantasies are bested only by those of Dr. Seuss himself). An introduction by Seuss scholar Charles D. Cohen traces the history of the stories, which demonstrate an intentional move toward the writing style we now associate with Dr. Seuss. Cohen also explores the themes that recur in well-known Seuss stories (like the importance of the imagination or the perils of greed). With a color palette enhanced beyond the limitations of the original magazines, this is a collection that no Seuss fan (whether scholar or second grader) will want to miss.
This Read & Listen edition contains audio narration.

Sun-Kissed  Melissa de la Cruz
2013-06-04 In the Hamptons for their third summer, Mara, Eliza, and Jacqui do their best not to get burned on the beach—or in love—in Book 3 of the Beach Lane series. It’s another summer in the Hamptons for Mara, Eliza, and Jacqui—and babysitting is officially on the back burner. Mara is the new It Girl of the Hamptons, writing a column about the local nightlife. She has a pass to every hot club, but all her boyfriend Ryan wants to do is stay home and cuddle.

Eliza is in relationship bliss with Jeremy, but her hectic fashion internship is limiting their time together. Can they make it work? Jacqui has decided to forego the no boys rules, especially when three dot.com billionaires move in next door and vie for her affection. The girls seem to have it all this summer. But as all good Hamptons girls know, looks can be deceiving...and sometimes when the sun shines, it scorches. The Beach Lane series is created by Alloy Entertainment, producer of bestselling teen and middle grade series including The Sisterhood of the Traveling Pants, Gossip Girl, The Vampire Diaries, and Pretty Little Liars. Originally published as part of the Au Pairs series.

It's not long before sparks start to fly. . . if only Eliza can keep herself from interfering too much in the course of true love. After all, she and Alex have an arrival of their own to plan for, though Alex's latest case brings a perilous threat that may destroy everything. The sweeping love story of Alexander Hamilton and Elizabeth Schuyler comes to a close in All for One, the riveting final installment of the New York Times bestselling Alex & Eliza trilogy.

Crazy Hot Melissa de la Cruz

Back in the Hamptons for a final summer, the sun is hot, but the drama’s hotter for Mara, Eliza, and Jacqui in the conclusion to the Beach Lane series. Mara, Eliza, and Jacqui thought they would be spending the summer apart, but when Eliza’s stepmom is in desperate need of a nanny, Eliza calls for
reinforcements. And so back to the Hamptons it is... Mara’s sworn off romance, and focusing instead on writing a book about being an au pair and an It Girl. But she keeps getting distracted by her ex, Ryan. Eliza is quickly becoming a fashion star—but her relationship with Jeremy is also moving at breakneck speed. Are things moving too fast for her to handle? And Jacqui is just trying to do her job so she can pay for NYU, though it’s hard when an Australian photographer is encouraging her to quit and become a model. Will she take a risk? However these girls survive their craziest, hottest summer yet, one thing’s for sure: The Hamptons wouldn’t be the same without them. The Beach Lane series is created by Alloy Entertainment, producer of bestselling teen and middle grade series including The Sisterhood of the Traveling Pants, Gossip Girl, The Vampire Diaries, and Pretty Little Liars. Originally published as part of the Au Pairs series.

*The Shape of Inner Space* Shing-Tung Yau 2010-09-07 String theory says we live in a ten-dimensional universe, but that only four are accessible to our everyday senses. According to theorists, the missing six are curled up in bizarre structures known as Calabi-Yau manifolds. In The Shape of Inner Space, Shing-Tung Yau, the man who mathematically proved that these manifolds exist, argues that not only is geometry fundamental to string theory, it is also fundamental to the very nature of our universe. Time and again, where Yau has gone, physics
has followed. Now for the first time, readers will follow Yau’s penetrating thinking on where we’ve been, and where mathematics will take us next. A fascinating exploration of a world we are only just beginning to grasp, The Shape of Inner Space will change the way we consider the universe on both its grandest and smallest scales.

The Last Summer (of You and Me) Ann Brashares 2008-05-06 From the New York Times-bestselling author of The Sisterhood of the Traveling Pants, Ann Brashares comes her first adult novel. In the town of Waterby on Fire Island, the rhythms and rituals of summer are sacrosanct: the ceremonial arrivals and departures by ferry; yacht club dinners with terrible food and breathtaking views; the virtual decree against shoes; and the generational parade of sandy, sun-
bleached kids, running, swimming, squealing, and coming of age on the beach. Set against this vivid backdrop, The Last Summer (of You and Me) is the enchanting, heartrending story of a beach-community friendship triangle and summertime romance among three young adults for whom summer and this place have meant everything. Sisters Riley and Alice, now in their twenties, have been returning to their parents’ modest beach house every summer for their entire lives. Petite, tenacious Riley is a tomboy and a lifeguard, always ready for a midnight swim, a gale-force sail, or a barefoot sprint down the beach. Beautiful Alice is lithe, gentle, a reader and a thinker, and worshipful of her older sister. And every summer growing up, in the big house that overshadowed their humble one, there was Paul, a friend as important to both girls as the place itself, who has now finally returned to the island after three years away. But his return marks a season of tremendous change, and when a simmering attraction, a serious illness, and a deep secret all collide, the three friends are launched into an unfamiliar adult world, a world from which their summer haven can no longer protect them. Ann Brashares has won millions of fans with her blockbuster series, The Sisterhood of the Traveling Pants, in which she so powerfully captured the emotional complexities of female friendship and young love. With The Last Summer (of You and Me), she moves on to introduce a new set of characters and adult relationships just as true, endearing, and
unforgettable. With warmth, humor, and wisdom, Brashares makes us feel the excruciating joys and pangs of love—both platonic and romantic. She reminds us of the strength and sting of friendship, the great ache of loss, and the complicated weight of family loyalty. Thoughtful, lyrical, and tremendously moving, The Last Summer (of You and Me is a deeply felt celebration of summer and nostalgia for youth.

Picture-Book Professors  
Melissa Terras 2018-10-31  
How is academia portrayed in children's literature? This Element ambitiously surveys fictional professors in texts marketed towards children, who are overwhelmingly white and male, tending to be elderly scientists. Professors fall into three stereotypes: the vehicle to explain scientific facts, the baffled genius,
and the evil madman. By the late twentieth century, the stereotype of the male, mad, muddlehead, called Professor SomethingDumb, is formed in humorous yet pejorative fashion. This Element provides a publishing history of the role of academics in children's literature, questioning the book culture which promotes the enforcement of stereotypes regarding intellectual expertise in children's media. This title is also available, with additional material, as Open Access.

Mrs. Keppel and Her Daughter  Diana Souhami 2014-10-14

Alice Keppel, the married lover of Queen Victoria's eldest son and great-grandmother to Camilla Parker-Bowles, was a key figure in Edwardian society. Hers was the acceptable face of adultery. Discretion was her hallmark. It was her art to be the king's mistress and yet to laud the Royal Family and the institution of marriage. Formidable and manipulative, her attentions to the king brought her wealth, power, and status. Her daughter Violet Trefusis had a long tempestuous affair with the author and aristocrat Vita Sackville-West, during which Vita left her husband and two sons to travel abroad with Violet. It was a liaison that threatened the fabric of Violet's social world, and her passion and recalcitrance in pursuit of it pitted her against her mother and society. From memoirs, diaries, and letters, Diana Souhami portrays this fascinating and intense mother/daughter relationship in Mrs. Keppel and Her Daughter. Her story of these women, their lovers, and their lovers' mothers, highlights Edwardian - and contemporary - duplicity and double standards and goes to the heart of questions about sexual freedoms.

Alternative Models of Sports Development in America

B. David Ridpath 2018-01-16

In the United States, the entanglement of sports and education has persisted for over a century. Multimillion-dollar high school football stadiums, college coaches whose salaries are many times those of their institutions’ presidents, psychological and educational tolls on student-athletes, and high-profile academic scandals are just symptoms of a system that has come under increasing fire. Institutions large and small face persistent quandaries: which do they value more, academic integrity or athletic success? Which takes
precedence: prioritizing elite teams and athletes, or making it possible for all students to participate in sports? How do we create opportunities for academic—not just athletic—development for players? In Alternative Models of Sports Development in America, B. David Ridpath—a leading sports development researcher who has studied both the US system and the European club model—offers clear steps toward creating a new status quo. He lays out four possible alternative models that draw various elements from academic, athletic, and European approaches. His proposals will help increase access of all young people to the benefits of sports and exercise, allow athletes to also thrive as students, and improve competitiveness. The result is a book that will resonate with sports development professionals, academic administrators, and parents.

The foundations of mechanics of continua are introduced in the context of inner product spaces. With this basis, the application of Hamilton’s principle to the classical theories of fluid and solid mechanics are covered. Then recent developments are described, including materials with

They are all clues.” -- New York Times Book Review

On an island off the coast of Ireland, guests gather to celebrate two people joining their lives together as one. The groom: handsome and charming, a rising television star. The bride: smart and ambitious, a magazine publisher. It’s a wedding
for a magazine, or for a celebrity: the designer dress, the remote location, the luxe party favors, the boutique whiskey. The cell phone service may be spotty and the waves may be rough, but every detail has been expertly planned and will be expertly executed. But perfection is for plans, and people are all too human. As the champagne is popped and the festivities begin, resentments and petty jealousies begin to mingle with the reminiscences and well wishes. The groomsmen begin the drinking game from their school days. The bridesmaid not-so-accidentally ruins her dress. The bride’s oldest (male) friend gives an uncomfortably caring toast. And then someone turns up dead. Who didn’t wish the happy couple well? And perhaps more important, why?
