Cliff Richard Steve Turner 2009-08 Cliff Richard has been Britain’s longest surviving and most consistent hit music maker. Starting his career as a rock ’n’ roll threat to decent, upstanding citizens, he is now a friend to Royalty and prime ministers, a Knight, and a holder of the OBE. This book tells his story chronologically, through the voices of his friends, family, and colleagues including songwriters, film directors, managers, and agents—like listening in on a dinner party attended by most of the key people in his career. The stories reveal Cliff as seen by those closest to him and, in contrast to the many official publications, this book does not just include the flattering stories. The author’s probing questions have elicited extraordinary memories and observations, previously unheard by the public. Heavily illustrated with rare and interesting photographs of Cliff at work and play, this unique oral history will stand as a lasting testament to one of the most glorious careers in British show business.

In The Best Camera Is The One That’s With You, Chase reimagines, examines, and redefines the intersection of art and popular culture through images shot with his iPhone. The pictures in the book, all taken with Chase’s iPhone, make up a visual notebook—a photographic journal—from the past year of his life. The book is full of visually-rich iPhone photos and peppered with inspiring anecdotes. Two megapixels at a time, these images have been gathered and bound into a book that represents a stake in the ground. With it, Chase underscores the idea that an image can come from any camera, even a mobile phone. As Chase writes, "Inherently, we all know that an image isn’t measured by its resolution, dynamic range, or anything technical. It’s measured by the simple—sometimes profound, other times absurd or humorous or whimsical—effect that it can have upon us. If you can see it, it can move you." This book is geared to inspire everyone, regardless of their level of photography knowledge, that you can capture moments and share them with our friends, families,
loved ones, or the world at the press of a button.
