Gateways #6 Peter David 2001-11-14 Missing for two hundred millennia, the legendary Iconians have returned, bringing with them the secret of interdimensional teleportation across vast interstellar distances. Awakened once more, their ancient Gateways are rewriting the map of the galaxy, and nowhere more than in the New Frontier®. A century ago, the imperial Thallonians separated two feuding alien races, depositing each of them on a new world safely distant from that of their ancestral enemies. Now, however, the Gateways have made it possible for the long dormant blood feud to begin anew. Captain Mackenzie Calhoun of the U.S.S. Excalibur and his partner, Captain Elizabeth Shelby of the U.S.S. Trident, find themselves fighting a losing battle to keep the horrific violence from escalating, even as they gradually realize the catastrophic danger posed by the Gateways themselves!

The Movie Guide James Pallot 1995 The Movie Guide is the most comprehensive, in-depth film reference available in a single volume - the indispensable sourcebook for movie buffs and film scholars alike. Collected from the vast databases of CineBooks, the world’s leading film authority, The Movie Guide provides key information not available in other single-volume guides. With longer, more detailed reviews and fascinating film facts, this easy-to-use, alphabetized guide covers well over 3,000 of the most important films ever made - from accepted classics such as Citizen Kane and Schindler’s List, to cult hits and “sleepers” like The Crying Game and Strictly Ballroom, to the most-talked-about films of the year. Whether it’s foreign films or The Flintstones, every movie fan will applaud The Movie Guide’s in-depth coverage and special features: Comprehensive reviews - with detailed plot synopses and probing critical insights, often supplemented by special anecdotal material not found in other film guides. Complete cast listings - including major cast information (up to ten main actors) and the names of the characters played. Academy Awards - the special honors that each film has received. Not only the winners in every category, but the nominees as well. Top creative credits - including director, producer, cinematographer, editor, art director, music composer, costume designer, special effects, and more. Essential for the true fan who appreciates the collaborative nature of film. Production information - crucial film facts such as year of release, running time, distributor, production company, country of origin, and color code. Rating systems - not only the MPAA rating (essential for family viewing), but a special star ratings system based on the film’s overall critical merit.

The Cold War Norman Friedman 2019 As present-day political and military
hostilities between Russia and the West threaten to escalate, The Cold War looks back at a global drama that positioned the world on the brink of nuclear Armageddon. Published 30 years after the fall of the Berlin Wall and the collapse of Communism in Europe that led to the end of the Cold War, it is an agrarian account of a confrontation that encompassed moments of high tension, such as the Berlin Crisis of 1961, the Cuban Missile Crisis of 1962 and the nuclear alerts of 1973 and 1983. Written by leading defense analyst, Dr. Norman Friedman, The Cold War is a fully illustrated account of this period of crisis, subtree and power. Showing rare documents, such as a 1963 nuclear attack protection booklet produced for homeowners by the British government, and an official pack for US troops passing through Checkpoint Charlie, the reader can witness events as they unfolded. The result is a vivid account of a historical period that is echoed in today's geopolitical climate. The Cold War is the perfect companion with which to examine the events of this tense period of history - events that resonate ever strongly in this modern era of paranoia and surveillance.

Deterrence - From Cold War to Long War, Austin Long 2008-10-27 Since its inception six decades ago, the RAND Corporation has been one of the key institutional homes for the study of deterrence. This book examines much of this research for lessons relevant to the current and future strategic environment. It is therefore part intellectual history and part policy recommendation, intended to encourage debate and discussion on how deterrence can best be incorporated into U.S. strategy.

Civil War in Siberia, Jon Smole 1996 This book traces the clash between the 'Reds' of the Moscow-based Soviet regime and the 'Whites', the militaristic, counter-revolutionary governments.

The Monarch of Hell, Jack Apostol 2003 The underlying reality and decisive influencing factor of mankind's ills on earth are attributed to The Monarch of Hell, the Devil. Hitler is a contingent representation and the subject of diabolic and hellish atrocities, reciprocally and hereditarily, correlated as to a vicious circle of tyrannical leaders and subsequent events dating back to by-gone eras and extending up to the present. He is one of many playful ploys of the Devil in belief of their own wildest dreams as to conquer the Devil himself and make themselves supreme rulers of eternity and all it encompasses, and to include the primacy of God. Within this preeminence, ethereal, spiritual, and related terrestrial world there also exists the marked and projected rank of dignity, it
being The Supremacy of God that remains in contention and eminently the basis of conflict with the Devil’s schemes. Hitler’s dream is to propel himself deep into the mysteries of profound space, the unknown, and beyond to capture its vital powers whereas he would become the supreme ruler of eternity and all that it encompasses and to include both that of God and the Devil. God’s spirit exemplification are John and Valerie who have died in a previous life and are now key catalytic factors serving as a deterrent force in pursuit to impede Hitler. In this plane of intrigue, Prophet is the ultimate enigmatic figure of inspiration and guidance.

The Art of War Sun Tzu 2021-03-18 The Art of War is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu’s teachings remain as relevant to leaders and strategists today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, The Art of War is a must-read for anybody who works in a competitive environment.

The Oxford Companion to Comparative Politics 2013 Fills a gap in scholarship on an increasingly important field within Political Science. Comparative Politics, the discipline devoted to the politics of other countries or peoples, has been steadily gaining prominence as a field of study, allowing politics to be viewed from a wider foundation than a concentration on domestic affairs would permit.
