The Art of War Sun Tzu 2021-03-18 The Art of War is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, The Art of War is a must-read for anybody who works in a competitive world.

Magill's Guide to Military History: Peg-Tri John Powell 2001 "Salem Press's five-volume 'Magill's Guide to Military History' presents a survey of the wars, battles, peoples, groups, and civilizations that played a significant role in world events today and those that were to rulers and military generals in ancient times. In addition to comprehensive coverage of Western military history, the encyclopedia examines the major military events, persons, and civilizations of the entire world from the beginning of military history ..." Includes; Time Line of Wars and Battles, Wars and Battles by Geographical Area, Military Leaders by Geographic Area, and List of Entries by Category, The Visionary Realism of German Economics forms a collection of Erik S. Reinert's essays bringing the more realistic German economic tradition into focus as an alternative to Anglo-Saxon neoclassical mainstream economics. Together the essays form a holistic theory explaining why economic development—by its very nature—is a very uneven process. Herein lie the important policy implications of the volume.

The Monarch of Hell Jack Apostol 2003 The underlying reality and decisive influencing factor of mankind[A’a]s ills on earth are attributed to The Monarch of Hell, the Devil. Hitler is a contingent representation and the subject of diabolic and hellish atrocities, reciprocally and hereditarily, correlated as to a vicious circular dance of leaders and subsequent events dating back to by-gone eras and extending up to the present. He is one of many playful ploys of the Devil in belief of their own wildest dreams as to conquer the Devil himself and make themselves supreme rulers of eternity and all it encompasses and include the primacy of God. Within this preeminent, ethereal, spiritual, and related terrestrial world there also exists the marked and projected rank of dignity, it being The Supremacy of God that remains in contention and eminently the basis of conflict with the Devil[A’a]s schemes. Hitler[A’a]s dream is to propel himself deep into the mysteries of profound space, the unknown, and beyond to capture its vital powers whereas he would become the supreme ruler of eternity and all that it encompasses and to include both that of God and the Devil. God[A’a]s spirit exemplification are John and Valerie who have died in a previous life and are now key catalytic factors serving as a deterrent force in pursuit to impede Hitler. In this plane of intrigue, Prophet is the ultimate enigmatic figure of inspiration and guidance.

Burentencee “From Cold War to Long War Austin Long 2009-10-27 Since its inception six decades ago, the RAND Corporation has been one of the key institutional homes for the study of deterrence. This book examines much of this research for lessons relevant to the current and future strategic environment. It is therefore part intellectual history and part policy recommendation, intended to encourage debate and discussion on how deterrence can best be incorporated into U.S. strategy.

The Oxford Companion to Comparative Politics 2013 Fills a gap in scholarship on an increasingly important field within Political Science. Comparative Politics, the discipline devoted to the politics of other countries or peoples, has been steadily gaining prominence as a field of study, allowing politics to be viewed from a wider foundation than a concentration on domestic affairs would permit.

a single volume — the indispensable sourcebook for movie buffs and film scholars alike. Collected from the vast databases of CineBooks, the world's leading film authority, The Movie Guide provides key information not available in other single-volume guides. With longer, more detailed reviews and fascinating film facts, this easy-to-use, alphabetized guide covers well over 3,000 of the most important films ever made — from accepted classics such as Citizen Kane and Schindler's List, to cult hits and "sleepers" like The Crying Game and Strictly Ballroom, to the most-talked-about films of the year. Whether it's foreign films or The Flintstones, every movie fan will applaud The Movie Guide's in-depth coverage and special features: Comprehensive reviews — with detailed plot synopses and probing critical insights, often supplemented by special anecdotal material not found in other film guides. Complete cast listings — including major cast information (up to ten main actors) and the names of the characters played. Academy Awards — the special honors that each film has received. Not only the winners in every category, but the nominees as well. Top creative credits — including director, producer, cinematographer, editor, art director, music composer, costume designer, special effects, and more. Essential for the true fan who appreciates the collaborative nature of film. Production information — crucial film facts such as year of release, running time, distributor, production company, country of origin, and color code. Rating systems — not only the MPAA rating (essential for family viewing), but a special star ratings system based on the film's overall critical merit.

**The Cold War** Norman Friedman 2019 As present-day political and military hostilities between Russia and the West threaten to escalate, The Cold War looks back at a global drama that positioned the world on the brink of nuclear Armageddon. Published 30 years after the fall of the Berlin Wall and the collapse of Communism in Europe that led to the end of the Cold War, it is an agrarian account of a confrontation that encompassed moments of heightened tension, such as the Berlin Crisis of 1961, the Cuban Missile Crisis of 1962 and the nuclear alerts of 1973 and 1983. Written by leading defense analyst, Dr Norman Friedman, The Cold War is a fully illustrated account of this period of crisis, subterfuge and anodyne. Showing rare documents, such as a 1963 nuclear attack protection booklet produced for homeowners by the British government, and an official pack for US troops passing through Checkpoint Charlie, this reader can witness events as they unfolded. The result is a vivid account of a historical period that is echoed in today's geopolitical climate. The Cold War is the perfect companion with which to examine the events of this tense period of history — events that resonate everstrongly in this modern era of paranoia and surveillance.

**A Guide to the Battles of the American Revolution**

Theodore P. Savas 2006-08-19 A Guide to the Battles of the American Revolution is the first comprehensive account of every engagement of the Revolution, a war that began with a brief skirmish at Lexington Green on April 19, 1775, and concluded on the battlefield at the Siege of Yorktown in October 1781. In between were six long years of bitter fighting on land and at sea. The wide variety of conflicts that created the North American continent from Canada to the Southern colonies, from the winding coastal lowlands to the Appalachian Mountains, and from the North Atlantic to the Caribbean. Unlike existing accounts, A Guide to the Battles of the American Revolution presents each engagement in a unique way. Each battle entry offers a wide and rich but consistent template of information to make it easy for readers to find exactly what they are seeking. Every entry begins with introductory details including the date of the battle, its location, commanders, opposing forces, terrain, weather, and time of day. The detailed body of each entry offers both a Colonial and British perspective of the unfolding military situation, a detailed and unbiased account of what actually transpired, a discussion of numbers and losses, an assessment of the consequences of the battle, and suggestions for further reading. Many of the entries are supported and enriched by original maps and photos. Fresh, scholarly, informative, and entertaining, A Guide to the Battles of the American Revolution will be welcomed by historians and general enthusiasts everywhere.

**Civil War in Siberia** Jon Smele 1996 This book traces the clash between the 'Reds' of the Moscow-based Soviet regime and the 'Whites', the militaristic, counter-revolutionary governments.
