The Presentation of Self in Everyday Life Erving Goffman 2021-09-29 A notable contribution to our understanding of ourselves. This book explores the realm of human behavior in social situations and the way that we appear to others. Dr. Goffman uses the metaphor of theatrical performance as a framework. Each person in everyday social intercourse presents himself and his activity to others, attempts to guide and control the impressions they form of him, and employs certain techniques in order to sustain his performance, just as an actor presents a character to an audience. The discussions of these social techniques offered here are based upon detailed research and observation of social customs in many regions.

Tom Waits by Matt Mahurin Matt Mahurin 2019-10-29 A collection of wildly inventive portraits of musician Tom Waits, the result of a 30-year collaboration with photographer and illustrator Matt Mahurin This visually arresting book is a testament to the unique collaboration, going back three decades, between the photographer and illustrator Matt Mahurin and the musician Tom Waits. Having shot magazine portraits, album covers, and music videos of Waits, Mahurin was inspired to resurrect 100 dormant film negatives as a jumping off point to explore his own surreal, poetic, and occasionally dark vision. The images vary from traditional portraits to ones that capture Waits in concert—but the majority are richly imagined scenes in which Waits is more muse than musician. In addition to the diverse images, the book includes a foreword by Waits, an essay by Mahurin on their longtime collaboration, and 20 original paintings, drawings, photographs, and digital images inspired by Waits's song titles.

This Is Marketing Seth Godin 2018-11-13 #1 Wall Street Journal Bestseller Instant New York Times Bestseller A game-changing approach to marketing, sales, and advertising. Seth Godin has taught and inspired millions of entrepreneurs, marketers, leaders, and fans from all walks of life, via his blog, online courses, lectures, and bestselling books. He is the inventor of countless ideas that have made their way into mainstream business language, from Permission Marketing to Purple Cow to Tribes to The Dip. Now, for the first time, Godin offers the core of his marketing wisdom in one compact, accessible, timeless package. This is Marketing shows you how to do work you're proud of, whether you're a tech startup founder, a small business owner, or part of a large corporation. Great marketers don't use consumers to solve their company's problem; they use marketing to solve other people's problems. Their tactics rely on empathy, connection, and emotional labor instead of attention-stealing ads and spammy email funnels. No matter what your product or service, this book will help you reframe how it's presented to the world, in order to meaningfully connect with people who want it. Seth employs his signature blend of insight, observation, and memorable examples to teach you: * How to build trust and permission with your target market. * The art of positioning--deciding not only who it's for, but who it's not for. * Why the best way to achieve your goals is to help others become who they want to be. * Why the old approaches to advertising and branding no longer work. * The surprising role of tension in any decision to buy (or not). * How marketing is at its core about the stories we tell ourselves about our social status. You can do work that matters for people who care. This book shows you the way.

Bears Behaving Badly Maryjanice Davidson 2020-03-31 We're not dating, we've never been dating, we're not going to hook up, no way, absolutely not...oh. Oops. My primary focus has always been taking care of were-babies in the interspecies foster care system. I am unapologetically a fierce mama bear shifter and I am completely united with my team behind protecting at-risk were-children. So I have no idea why the appealing scruffy bear shifter PI David Auberon keeps hanging around, asking for sweets, and being charming and flirty. I've certainly got no time for shy solitary bears who can't ask for what they want. But what am I to do when a hideous bad guy shows up and I need to rescue a were-baby, except call on the skills of the handsome and growly PI? And if dodging enemies puts us in a tight spot...well, I'm not against tight spots. The Net and the Butterfly Olivia Fox Cabane 2017-02-07 In *The Charisma Myth*, Olivia Fox Cabane offered a groundbreaking approach to becoming more charismatic. Now she teams up with Judah Pollack to reveal how anyone can train their brain to have more eureka insights. The creative mode in your brain is like a butterfly. It's beautiful and erratic, hard to catch and highly valued as a result. If you want to capture it, you need a net. Enter the executive mode, the task-oriented network in your brain that help you tie your shoes, run a meeting, or pitch a client. To succeed, you need both modes to work together--your inner butterfly to be active and free, but your inner net to be ready to spring at the right time and create that "aha!" moment. But is there any way to trigger these insights, beyond dumb luck? Thanks to recent neuroscience discoveries, we can now explain these breakthrough moments--and also induce them through a series of specific practices. It turns out there's a hidden pattern to all these seemingly random breakthrough ideas. From Archimedes' iconic moment in the bathtub to designer Adam Cheyer's idea for Siri, accidental breakthroughs throughout history share a common origin story. In this book, you will learn to master the skills that will transform your brain into a consistent generator of insights. Drawing on their extensive coaching and training practice with top Silicon Valley firms, Cabane and Pollack provide a step-by-step process for accessing the part of the brain that produces breakthroughs and systematically removing internal blocks. Their tactics range from simple to zany, such as: · Imagine an alternate universe where gravity doesn't exist, and the social and legal rules that govern it. · Map Disney's Pocahontas story onto James Cameron's Avatar. · Rid yourself of imposter syndrome through mental exercises. · Literally change your perspective by climbing a tree. · Stimulate your butterfly mode by watching a foreign film without subtitles. By trying the exercises in this book, readers will emerge with a powerful new capacity for breakthrough thinking.
