Popular Science 1989-06 Popular Science gives our readers the information and tools to improve their technology and

research on the part of the author and contributing therapists. This pioneering book in massage therapy provides the foundation, guidance, and the know-how that students need to master the essential task of blending art with science. The new Sixth Edition is an all-inclusive text for massage therapy students that moves beyond technique to encompass expanded foundational learning and professional and personal development, massage techniques, and career and practice development. With its logical format and compelling visuals, students will gain practical knowledge of the techniques and skills they need to become outstanding massage therapists. Also available with MyHealthProfessionsLab(TM) This title is also available with MyHealthProfessionsLab—an online homework, tutorial, and assessment program designed to help with this text to engage students and improve results. Within its structured environment, students practice what they learn and test their understanding to help them better absorb course material and understand difficult concepts. MyHealthProfessionsLab helps personalize learning, so each student can work at their own pace to review or practice, depending on their needs.
