Survival Guns Mel Tappan
2009-11-01 When he wrote Survival Guns in 1979, Mel Tappan demonstrated that having the right weapons for securing food and providing personal defense is the key to sustaining life on an independent basis, whether or not a catastrophe occurs. This is even more true today. Survival Guns became the standard in its own time and went through several printings. When it finally went out of print, it graduated from a classic to a sought-after collector's item, because the principles and advice in this well-reasoned volume are sound and perennially valuable.
Some new guns and some new calibers have become available since this book was first published, but its principles, advice, and value remain unchanged. Having more choices only increases the value of advice on how to choose what is best for you. As used copies of this book became harder and harder to find, Paladin received numerous requests to bring Tappan's classic back into print. We are pleased to make the most well-known survival firearms book ever published available once more to a new generation of concerned citizens facing the same threats Tappan chronicled during his lifetime. Survival Guns remains the definitive book for anyone interested in the practical use of firearms and related weapons for defense, food gathering, and predator and pest control under conditions of long-term, self-sufficient living.

2010-06-04 All the best ads and commercials are written in high-powered advertising agencies in New York City, right? In fancy offices perched high on the gleaming towers of Manhattan, right? By mythical creatures just returning from three martini lunches, right? Wrong, wrong, wrong. And once more, just for good measure. Once upon a time I was fired. Again. I’d been writing ads for agencies in Chicago, Detroit, Minneapolis and New York. For almost twenty years. Then one day I found myself writing them in the sometimes sleepy, sometimes far from sleepy little city of Marion, Ohio. How I got there, what I did there, and all the rest of it makes a rather interesting story. At least to me. Although Gertrude Stein famously said, “There’s no there there,” don’t believe it for a minute. She sure wasn’t talking about Marion, Ohio. Read on, gentle reader, read on...
