*The Feminist Case Against Bureaucracy* Kathy E. Ferguson 1984 "Like it or not, all of us who live in modern society are organization men and women. We tend to be caught in the traditional patterns of dominance and subordination. This book is both pessimistic and hopeful. With devastating thoroughness, the author shows how pervasive these patterns of relationship are in our work lives and personal lives, and how deep they run -- into the very language of the organization and of ordinary life. This is not a book about how women can succeed in business, but a criticism of books like those success manuals and notions like that idea of success. The author sees bureaucrats and clients as the 'second sex'. To fit in properly, they just learn the skills necessary to cope with subordinate status, skills that women have always learned as part of their 'femininity'. Liberal reforms -- placing more women in management positions, for example -- are not enough. What is required is the emergence of an alternative voice, one grounded in the experience and perceptions of women, that will challenge the patterns of control found in every aspect of modern life. Public discourse today is not the language of women even when women speak it. In this brilliant synthesis of the feminist literature and the literature on organizational theory and practice, the author suggests how a feminist discourse could interject into public debate a reformulation of the basic political questions of power, reason, and organization and thereby legitimate a concern of both autonomy and community. In the face of the massive incursions of bureaucracy into daily life, this is an important contribution to the project of human liberation."--Publisher description.

*California Police Officer Exam Study Guide* Pellet-B Exam Prep Team 2016-08-18 Think all California police officer study guides are the same? Think again! With easy to understand lessons and practice test questions designed to maximize your score, you'll be ready. You don't want to waste time - and money! - retaking an exam. You want to accelerate your education, not miss opportunities for starting your future career! Every year, thousands of people think that they are ready for the POST Exam Review for the California POST Entry-Level Law Enforcement Test Battery but realize too late when they get their score back that they were not ready at all. They weren't incapable, and they certainly did their best, but they simply weren't studying the right way. There are a variety of methods to prepare for the PELLETB exam...and they get a variety of results. Trivium Test Prep's California Post Exam study guide provides the information, secrets, and confidence needed to get you the score you need - the first time around. Losing points on the POST exam can cost you precious time, money, and effort that you shouldn't have to spend. What is in the book? In our California Post Exam study guide, you get the most comprehensive review of all tested concepts. The subjects are easy to understand, and have fully-explained example questions to ensure that you master the material. Best of all, we show you how this information will be applied on the real exam; two full-length practice exams are included so that you can know, without a doubt, that you are prepared. Our study guide is streamlined and concept-driven so you get better results through more effective study time. Why spend days or even weeks reading through meaningless junk, trying to sort out the helpful information from the fluff? We give you everything you need to know in a concise, comprehensive, and effective package.

These easy to use materials give you that extra edge you need to pass the first time.

**Chief Officer: Principles and Practice** Iafc 2011-08-08 The Complete Fire Officer III and IV Training Solution! Chief officers need to know how to make the transition from company officer to chief officer. Chief Officer: Principles and Practice is designed to help make the transition from company officer to chief officer a smooth evolution. Covering the entire scope of Levels III and IV from the 2009 Edition of NFPA 1021, Standard for Fire Officer Professional Qualifications, Chief Officer combines current content with dynamic features and interactive technology to better support instructors and to help prepare future chief officers to become problem-solving leaders for their organizations. Chief Officer: Principles and Practice has a clear focus on instilling fire fighter safety throughout an organization's culture. Reducing fire fighter injuries and deaths requires the dedicated efforts of every fire fighter, fire officer, and fire department. The entire fire community must work together to achieve one common goal: to ensure that everyone goes home. Chief officers therefore set the tone for safety in their organization, and this textbook embraces that philosophy. It is with this goal in mind that the 16 Firefighter Life Safety Initiatives, developed by the National Fallen Firefighters Foundation, are integrated throughout the text. The features in this textbook will help students take that extra step toward becoming outstanding chief officers. These features include: • Scenario-Based Learning. You Are the Chief Officer and Chief Officer in Action are found in each chapter to encourage and foster critical thinking skills. • Practical Tips for the

Chief Officer. Chief Officer Tips and Voices of Experience essays are integrated into each chapter to provide helpful advice from experienced chief officers. • Level IV Job Performance Requirements. Fire Officer Level IV content is highlighted to discern Level III JPRs from Level IV. • Walk the Talk. Additional activities encourage students to take what they have learned in the chapter and apply it to their own department.

**Police Officer Exam** Donald Schroeder 2017-06-06 Rated "Best of the Best" in Police Exam Prep Books by BestReviews, September 2018

This updated manual presents information, practice tests, and strategies for the different question types used by police departments throughout the country. It includes: Four full-length practice exams with all questions answered and explained Two official exams given by a large metropolitan police department Streamlining of chapters to more closely reflect the latest question types currently in use General strategies for dealing with multiple-choice questions and specific strategies for taking computer-based multiple-choice tests, as well as for taking the traditional paper/pencil multiple-choice exam All important time management strategies New reading comprehension question types, plus strategies for answering these questions An additional diagnostic exam presents questions like those that have appeared on recent entry-level exams used by police departments across the country. Also included are test-taking tips for all question types, suggested rules for effective study, and a detailed description of a police officer's duties. Updated chapters take into account the recent trend by police departments to rely on oral interviews and computerized testing when selecting police officers.

**Law enforcement** Ray K. Robbins 1989-01-01 This book is a comprehensive resource for study of virtually all areas common to the day-to-day functions of peace officers. The material in these three volumes is designed and intended to complement performance objectives for the basic peace officer course of study and is organized to follow specific functional areas of minimum peace officer competencies. The format makes them valuable as reference resources and for thoughtful review of the major concerns in law enforcement. They may be used in peace officer training academies and for self-education by officers. Written in nontechnical language, they address the peace officer as a responsible, thinking, influential individual who exercises important discretion in carrying out daily responsibilities. Study aids include a glossary of relevant terms and concepts, a comprehensive index, and extensive review questions.

**Homeroom Security** Aaron Kupchik 2012-08-01 Police officers, armed security guards, surveillance cameras, and metal detectors are common features of the disturbing new landscape at many of today's high schools. You will also find new and harsher disciplinary practices: zero-tolerance policies, random searches with drug-sniffing dogs, and mandatory suspensions, expulsions, and arrests, despite the fact that school crime and violence have been decreasing in the US for the past two decades. While most educators, students, and parents accept these harsh policing and punishment strategies based on the assumption that they keep children safe, Aaron Kupchik argues that we need to think more carefully about how we protect and punish students. In Homeroom Security, Kupchik shows that these policies lead schools to prioritize the rules instead of students, so that students' real problems--often the very reasons for their misbehaviour--get ignored. Based on years of impressive field research, Kupchik demonstrates that the policies we have zealously adopted in schools across the country are the opposite of the strategies that are known to successfully reduce student misbehaviour and violence. As a result, contemporary school discipline is often unhelpful, and can be hurtful to students in ways likely to make schools more violent places. Furthermore, those students who are most at-risk of problems in schools and dropping out are the ones who are most affected by these counterproductive policies. Schools and students can and should be safe, and Homeroom Security offers real strategies for making them so.

**Barron's Police Officer Exam Flash Cards** 2017 This set of more than 450 flash cards includes 23 different categories of question types typically found on entry-level police officer exams; detailed test-taking strategies; hundreds of practice questions covering each category along with answer explanations, and more. **Applicant to Police Cadet** Xavier Wells 2019-01-21 6 years, that's the time it took me from my first Police application to my first Hiring letter. It's a little-known fact for many starting out, and a very real reality for most that are in the process; that most Applicants don't make it through the hiring process on their first time out. I've probably made all of the mistakes there are to make, from not being prepared for Oral Boards and turning in inaccurate applications. This book doesn't just teach you how to be a standout applicant; it show's how to pick agencies, what Departments look for, and how to plan out your selections so that it benefits not only you but your family as well. In the end, I hope you avoid the hiring process pitfalls that plague so many and learn how to skyrocket the top of any hiring list, in a shorter time than it took me.
