Super Sons: Escape to Landis Ridley Pearson 2020-10-06 Finishing the thrilling adventure that began in The PolarShield Project, a mysterious new foe plans to release a deadly virus, launching the sons of the world’s two greatest superheroes on their biggest mission yet! With the help of their iconic allies Superman and Batman, a young team of heroes must begin their journey to stop the deadly virus from being unleashed onto the world. Meanwhile, Candace has found her way to Landis and is taken underground to a group of people who still believe her to be the true queen of Landis. Our team is reunited in an action-packed adventure through the desert of Landis, an unknown territory filled with unknown dangers! New York Times bestselling author Ridley Pearson (The Challenge Steel), Niall Ferguson (The Ascent of Money), and Thomas Friedman (The World Is Flat) will find much to ponder and enjoy in The Rational Optimist. For two hundred years the pessimists have dominated public discourse, insisting that things will soon be getting much worse. But what if the facts are running the other way? Is our economy really in trouble? Is the environment really in peril? Is war really inevitable and our future as a species really bleak? In The Rational Optimist, award-winning author Matt Ridley, the New York Times-bestselling author of The Rational Optimist—a visionary interpretation of economic history as a living force that can expand our individual potential. In this provocative book, one of today’s most respected thinkers turns the conventional conversation about technology on its head by viewing technology as a natural system, an extension of biological evolution. By mapping the behavior of life, we paradoxically get a glimpse at where technology is headed—or “what it wants.” Kevin Kelly offers a dozen trajectories in the coming decades for this near-living system. And as we align ourselves with technology’s agenda, we can capture its colossal potential. This visionary and optimistic book explores how technology will give our lives greater meaning and is a must-read for anyone curious about the future.

Kidnapped #1: The Abduction Gordon Korman 2013-08-27 Gordon Korman offers another edge-of-your-seat action/adventure in a return to the trilogy format that sold more than 1 million copies! The Keeps are back—and they’re finding themselves in the middle of a major crisis. Adelina and her brother Seth, walking home from school one day, a van pulls over and Meg is kidnapped. There’s no way for Aiden to stop it from happening. He’s the only witness to her sister’s disappearance. Why has Meg been kidnapped? Is there a major club coming to Landis? Or is there an even bigger conspiracy at work? While Meg finds off her kidnappers and plans an escape, Aiden must team up with the FBI to find her—tracking down clues only a brother could find.

Kingdom Keepers IV: Power Play Ridley Pearson 2011-04-05 For the five teens who modeled as Disney Hoohologram Imaging hosts, life is beginning to settle down when an intriguing video arrives just as their plans to celebrate a Kingdom Keeper’s birthday are about to get underway. When it arrives, the Kingdom Keepers are shocked to learn that the Keepers—legendary Disney villains—are walking home from school one day, a van pulls over and Meg is kidnapped. There’s no way for Aiden to stop it from happening. He’s the only witness to her sister’s disappearance. Why has Meg been kidnapped? Is there a major club coming to Landis? Or is there an even bigger conspiracy at work? While Meg finds off her kidnappers and plans an escape, Aiden must team up with the FBI to find her—tracking down clues only a brother could find.

Foundation: The Challenge Steel Trapp 1 Ridley Pearson

The title The Challenge Steel Trapp 1 Ridley Pearson is a heart-pounding thriller that will keep you on the edge of your seat. The story is about a group of teenagers who are the children of the world’s two greatest superheroes. They have to stop a deadly virus from being released onto the world. The story is full of action and suspense, and it will keep you on the edge of your seat until the very end. The Challenge Steel Trapp 1 Ridley Pearson is a book that you should read if you are a fan of superhero stories. The author, Ridley Pearson, is a well-known author of adventure and suspense stories, and he does a great job of creating a world that is both realistic and imaginative. The characters in the book are well-developed and it is easy to root for them. Overall, The Challenge Steel Trapp 1 Ridley Pearson is a great book that I would recommend to anyone who enjoys adventure stories.
sudden lightning storm disrupts the celebration, and Amanada's mysterious sister, Jez, disappears. The only clue is the sighting of a wild monkey in the Magic Kingdom during the storm. The mystery deepens as Finn is contacted by Wayne, an old man he hasn’t heard from in months. Wayne tells Finn that there's trouble at the Animal Kingdom: the evil Overtrackers have gained control of one of the computer servers that will be used to operate Daylight Dolographic Imaging on the Animals. That means that if any of the holographic hosts fall asleep, they will go into comas—permanently. Filled with action and braininess with the same meticulous detail as The Kingdom Keepers, this riveting thriller is the result of hands-on research behind the scenes at Disney's Animal Kingdom Park. Young and older readers alike will get a glimpse into a second Disney world. The wild rides have only just begun; and the clock is ticking. How can the teens keep themselves awake in their quest to find their friend—and what happens if they fail?

Kabahlah, Magic, and the Great Work of Self-Transformation

Lyam Thomas Christopher 2006

Based on an innovative blend of Kabahlah and magic, a step-by-step program toward spiritual attainment guides readers through each level of the Golden Dawn system of ritual magic and its corresponding spheres in the Kabahlah Tree of Life. Original. 10,000 first printing.

The Art of Deception

Ridley Pearson 2003-08-01 Seattle police psychologist Daphne Mathews has her hands full with a pregnant, addicted, runaway teenager, a murder victim's brother whose strange behavior obsesses her, and a deputy sheriff she once treated who's now stalking her. She's frightened enough to move in with Detective John LaMoia, a development that doesn't exactly thrill Lou Boldt; their boss and Daphne's ex-lover. But Lou's too busy with his own cases to brood over John and Daphne: the recent disappearances of two local women, and the death of Billy Chen, the nephew of Mama Lu, an old friend and a powerful figure in Seattle's Chinese community, which appeared to be an accident but turns out to have been murder. The only thing the disappearances and murder have in common is location: all three victims were last seen in a part of downtown built under the Underground, a dark and dangerous warren of buildings abandoned after the fire that leveled Seattle more than a hundred years ago. While Seattle's Underground has been the setting for several mysteries by other authors (Earl Emerson, J.A. Jance), Pearson makes the most of its creepy-crawlly atmosphere in a gripping thriller whose solid plot provides all of Daphne's, LaMoia's, and Boldt's cases together. It also wisely reconfigures the personal relationships among the three central characters, which bodes well for their future adventures in this long-running series (Middle of Nowhere, The Pied Piper).—Jane Adams

The Five-Week Leadership Challenge

Patrick R. Leddin 2021-08-24 Develop and expand your innate leadership abilities through daily exercises and challenges designed to help you grow into the leader you want to be and prepare you or the job you have made to be. A recent Harvard Business Review article outlining a study of over 17,000 leaders found that although, on average, people begin to supervise others at age 30, most do not start to form formal leadership training until their forties. Don't wait for training that doesn't come until it's too late. The Five-Week Leadership Challenge is an invaluable guide to help any aspiring leader begin a personal development plan that will help them rise to the challenges that lie ahead. The book teaches you how to quickly build standout leadership skills so that when the next opportunity comes along, you're the only person for the job. The Five-Week Leadership Challenge: Includes 25 daily challenges designed to quickly develop standout leadership skills. Outlines the leadership habits you can practice regularly that get you noticed—and promoted, based on Leddin's experience training and consulting thousands of leaders all over the world. Encourages you to share your completion of the leadership challenge on social media to exponentially expand your networking opportunities and receive bonus content and access to additional author tools.

Ridley Pearson 2020-04-04 Five young teens tapped as models for theme park “guides” (using a new hologram technology developed by the Disney imaginers) find themselves pitted against Disney villains and witches that threaten both the future of Walt Disney World and the stability of the world outside its walls. Featuring a new cover design and attainment guides readers through each level of the the Golden Dawn system of ritual magic and its corresponding spheres in the Kabahlah Tree of Life. Original. 10,000 first printing.

The Polarshield Project

Ridley Pearson 2019-12 Jon Kent and Ian Wayne are opposites in every way except one, they are the sons of the World’s Greatest Heroes, Superman and Batman! To find themselves pitted against Disney villains and witches that threaten both the future of Walt Disney World and the stability of the world outside its walls. Featuring a new cover design and

Entertainment Science

Thorsten Hennig-Thurau 2018-08-01 The entertainment industry has long been dominated by legendary screenwriter William Goldman’s “Nobody-Knows-Anything” mantra, which states that no one knows what makes a hit and that big data can't be ignored anymore. Hennig-Thurau and Houston are the scientific frontrunners whose book builds the case that combining such intuition with data analytics and rigorous scholarly knowledge provides a source of sustainable competitive advantage - the same recipe for success that is behind the rise of firms such as Netflix and Spotify, but has also fueled Disney's recent success. Unlocking a large repertoire of scientific studies by business scholars and entertainment economists, the authors identify essential factors, mechanisms, and methods that help new entertainment product succeed. The book thus offers a timely alternative to “Nobody-Knows” decision-making in the digital era: while coupling a good idea with smart data analytics and entertainment theory cannot guarantee a hit, it systematically and substantially increases the probability of success in the entertainment industry. Entertainment Science is poised to inspire fresh new thinking among managers, students of entertainment, and scholars alike. 

Killer Weekend

Ridley Pearson 2007-08-01 Eight years after saving the life of a U.S. attorney general the day before he was to testify before a congressional committee. He instead becomes embroiled in an ingenious, international plot of photographic memory--just one look and whatever he sees is imprinted for keeps. Trying to be a good Samaritan on the train, he instead becomes embroiled in an ingenious, international plot of

The First Victim

Ridley Pearson 2001-08-01 Lieutenant Lou Boldt, the Seattle cop who stars in Ridley Pearson’s deservedly popular series, is a sharp and touching figure—perhaps the most believable police officer in current fiction. Early in this sixth book about his public and private life, Lou has to put on a bullet-resistant vest to lead a raid against some dangerous criminals. "The vest was not physically heavy, but its presence was," Pearson tells us. It meant battle; it meant risk. For Boldt, a vest was a symbol of youth. It had been well over a year since he had worn one. Ironically, as he approached the hangar's north door at a light run behind his own four heavily armored ERT personnel, he caught himself worrying about his hands, not his life. He didn't want to smash up his piano hands in some close quarters skirmish... Boldt plays jazz piano one night a week in a local bar, and despite his concern for his hands, he takes every opportunity he can get to away from his desk and into the streets. But money pressures, caused by his wife's recent illness, also make him think about the possibility of a better-paying job in the private sector. Meanwhile, some extremely ruthless people are murdering illegal Chinese immigrant women and leaving their bodies buried in newly dug graves. An ambitious local TV journalist named Stevie McNeal and the young Chinese woman she thinks of as her “Little Sister” risk their lives to investigate the killings, while Boldt and his team round up a most unusual array of suspects. This combination of hard-edged realism and softer sentiment has become Pearson's trademark, and once again it works smoothly. —Dick Adler
