Invention of Tradition and Syncretism in Contemporary Religions Stefania Palmsano 2017-09-28 This book explores manifestations of creativity in the religious domain. Specifically, the contributions focus on the nexus of the sacred and the creative, and the mechanisms of syncretism and (re)invention of tradition by which this manifestations occur. The text is divided into two sections. In the first, empirical cases of spirituality characterized by syncretistic processes are highlighted; in the second, examples which can be traced back to forms of the (re)invention of tradition are examined. The authors document possible forms of adaptations and religious enculturation. In the second, the authors demonstrate that spiritual traditions, whether ancient or historically fictitious, are suitable for reframing in the context of critical interpretative frameworks related to cultural expectations which challenge them and call their continuity into question.

On Not Dying Abou Farman 2020-04-21 An ethnographic exploration of technoscientific immortality

Immortality has long been considered the domain of religion. But immortality projects have gained increasing legitimacy and power in the world of science and technology. With recent rapid advances in biology, nanotechnology, and artificial intelligence, secular immortalists hope for and work toward a future without death. On Not Dying is an anthropological, historical, and philosophical exploration of immortality as a secular and scientific category. Based on an ethnography of immortalist communities—those who believe humans can extend their personal existence indefinitely through technological means—and an examination of other institutions involved at the end of life, Abou Farman argues that secular immortality is an important site to explore the tensions inherent in secularism: how to accept death but extend life; knowing the future is open but your future is finite; that life has meaning but the universe is meaningless. As secularism denies a soul, an afterlife, and a cosmic purpose, conflicts arise around the relationship of mind and body, individual finitude and the infinity of time and the cosmos, and the purpose of life. Immortalism today, Farman argues, is shaped by these historical and culturally situated tensions. Immortalist projects go beyond extending life, confronting dualism and cosmic alienation by imagining (and producing) informatic selves separate from the biological body but connected to a cosmic unfolding. On Not Dying interrogates the social implications of technoscientific immortality and raises important political questions. Whose life will be extended? Will these technologies be available to all, or will they reproduce racial and geopolitical hierarchies? As human life on earth is threatened in the Anthropocene, why should life be extended, and what will that prolonged existence look like?

Cold-Case Christianity J. Warner Wallace 2013-01-01 Written by an L. A. County homicide detective and former atheist, Cold-Case Christianity examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a “cold case”: it makes a claim about an event from the distant past for which there is little forensic evidence. In Cold-Case Christianity, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers’ intense interest in detective stories, Cold-Case Christianity inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

Religions in Shakespeare's Writings David V. Urban 2020-12-10 Offering a wide range of scholarly perspectives, Religions in Shakespeare's Writings explores Shakespeare’s depictions, throughout his canon, of various religions and matters related to them. This collection’s fifteen essays explore matters pertaining to Catholic, Anglican, and Puritan Christianity, the Albigensian heresy of the high middle ages, Islam, Judaism,
Roman religion, different manifestations of religious paganism, and even the “religion of Shakespeare” practiced by Shakespeare’s nineteenth-century admirers. These essays analyze how Shakespeare depicts both tensions between religions and the syntheses of different religious expressions on topics as diverse as Shakespeare’s varied portrayals of the afterlife, religious experience in Measure for Measure, and Black natural law and The Tempest. This collection also explores the political ramifications of religion within Shakespeare’s works, as well as Shakespeare’s multifaceted uses of the Bible. Additionally, while this collection does not present a Shakespeare whose particular religious beliefs can definitely be known or are displayed uniformly throughout his canon, various essays consider to what extent Shakespeare’s individual works demonstrate a Christian foundation. Contributors include John D. Cox, Cyndia Susan Clegg, Grace Tiffany, Matthew J. Smith, Bethany C. Besteman, Sarah Skwire, Feisal Mohamed, Benedict J. Whalen, Benjamin Lockerd, Bryan Adams Hampton, Debra Johanyak, John E. Curran, Emily E. Stelzer, David V. Urban, and Julia Reinhard Lupton.

The Macedonian Question and the Macedonians Alexis Heraclides 2020-12-31 This book is a comprehensive and dispassionate analysis of the intriguing Macedonian Question from 1878 until 1949 and of the Macedonians (and of their neighbours) from the 1890s until today, with the two themes intertwining. The Macedonian Question was an offshoot of the wider Eastern Question – i.e., the fate of the European remnants of the Ottoman Empire once it dissolved. The initial protagonists of the Macedonian Question were Greece, Bulgaria and Serbia, and a Slav-speaking population inhabiting geographical Macedonia in search of its destiny, the largest segment of which ended up creating a new nation, comprising the Macedonians, something unacceptable to its three neighbours. Alexis Heraclides analyses the shifting sands of the Macedonian Question and of the gradual rise of Macedonian nationhood, with special emphasis on the Greek, Bulgarian and Serbian claims to Macedonia (1870s–1919); the birth and vicissitudes of the most famous Macedonian revolutionary organization, the VM(O)RO, and of other organizations (1893–1940); the appearance and gradual establishment of the Macedonian nation from the 1890s until 1945; Titos’s crucial role in Macedonian nationhood-cum-federal status; the Greek-Macedonian name dispute (1991–2018), including the ‘skeletons in the cupboard’ – the deep-seated reasons rendering the clash intractable for decades; the final Greek-Macedonian settlement (the 2018 Prespa Agreement); the Bulgarian-Macedonian dispute (1950–today) and its ephemeral settlement in 2017; the issue of the Macedonian language; and the Macedonian national historical narrative. The author also addresses questions around who the ancient Macedonians were and the fascination with Alexander the Great. This monograph will be an essential resource for scholars working on Macedonian history, Balkan politics and conflict resolution.

Biblical Eschatology: Dr. Justin G. Prock 2021-06-20 In recent history, men from a variety of backgrounds have come to the same conclusion: that the Bible is about Israel only. For example: In 1861, John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come, O Come Emmanuel. Ever since 1861, Christians have sung that hymn at Christmas time, especially at Advent. Do you know what the words really mean that you are singing? In 1878, Edward Hine wrote an article titled, Seven-Eighths of the Bible Misunderstood, wherein he explains that seven-eighths of the Bible is about national salvation, i.e. the national salvation of True Israel; whereas, only one-eighth of the Bible is about personal salvation. Did you know that? In the 1960's, Pastor Sheldon Emry wrote an article title, An Open Letter to Any Minister Who Teaches the Jews Are Israel, wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible. In 1998, Arnold E. Kennedy wrote a book titled, The Exclusiveness of Israel, wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel. So, here we are in the Twenty-First Century, and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A.D. by Yahshuah and His disciples, i.e. the Gospel of the Kingdom. So, where did the so-called churches and pastors go wrong? By the way, is there really a hierarchy in the Bible? In order to find out what the truth really is, we have to look at the original languages in which the Bible was written and then translated. For example, the Old Testament was written in Hebrew and Aramaic, then translated into Greek. The New Testament was written in Hebrew and Greek. Both Testaments were put together and translated into Latin, then German, and finally into English, from which the entire world received their own translation of the Bible. So, what was the original meaning of the words used in the original languages, i.e. the etymology of the words. Once that is determined, then we can go onto the next phase and discuss types in the Bible. From there, what is the Law of First Mention? How should Bible prophecy be interpreted? Who are the keys to Bible prophecy? Where are we in the Bible prophecy timeline? During these discussions, we will find out who Yahweh chose of all the families of the earth to make His own. The churches teach universalism. The question then becomes, Who was Yahweh's Law given to? What are the Laws of Yahweh? And then the even bigger question becomes, Who was Yahshuah sent to? All of these questions and more will be answered as you read this book...

The Declaration of Independence and God Owen Anderson 2015-09-18 This book studies the concept of a 'self-evident' God in American legal thought from the Revolution to the present.

No Laws Establishing Or Prohibiting Religion Charles Underwood 2018-06-08 The First Amendment Religion Clause: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof..." This book takes an in-depth look at the religion clause portion of the First Amendment using historical documents and letters. In chapter one examples are given of the historical reasons for why the Framers of the First Amendment (the Founding Fathers) thought it was necessary to list religion as part of the Bill of Rights in the manner that they did. In chapter two documentation is presented showing how they applied it during their times of service in government. The application of the 14th Amendment is examined along with whether or not it should be applied to the 1st Amendment based on the history of both. In chapter three a complete analysis is made of Thomas Jefferson's "wall of separation" letter, and in chapter four an in-depth investigation is taken into Jefferson's Virginian Act for Establishing Religious Freedom, James Madison's Memoir and Remonstrance Against Religious Assessments, and Madison's Detached Memoranda essay on religion and government interaction. These documents, along with others examined in this book, display the Founding Fathers' views as to why there is a religious clause, and what its proper application should be between church (that is, religion) and state. This book also contains present day solutions for how the government could act legally and constitutionally regarding religion (and related religious books) and toward those who claim religious reasons as their motivation to physically harm others. History reveals the continued purpose and need for the Religion Clause in the Bill of Rights.

Buddhism and Medicine in Japan Katja Triplett 2019-11-18 This book demonstrates the close link between medicine and Buddhism in early and medieval Japan. It may seem difficult to think of Japanese Buddhism as being linked to the realm of medical practices since religious healing is usually thought to be restricted to prayers for divine intervention. There is a surprising lack of scholarship regarding medicinal practices in...
Singapore, whereas various “spiritual” organizations, particularly of Hindu origins and headed by a guru, still continue to operate as “societies” classified by the government with other “clubs.” These unconventional religiosities are not confined but ironically make their own places, meeting in ostensive secular venues: high-rise flats, malls, businesses, and community centers, thus existing in the overall space of religion, commerce, and the state. The book argues that State of Singapore also operates between the secular and the religious, constructing an overarching spatial regime that both accommodates and yet rivals the alternate spheres that spiritual movements construct under its umbrella. Both spatial configurations challenge the presumed relationships between myth and reality, religion and commerce, the ethereal and the concrete, the sacred and the secular, on the levels of self, community, and polity. Singapore, now deemed a model for urban development in Asia, also offers an understanding of a new post-secularity and perhaps reveals where the urbanized world is headed.

A Legacy of Learning Alan Avery-Peck 2014-10-16 The questions Jacob Neusner has asked have shaped how scholars today approach the rabbinic literature. These essays honor that legacy, addressing topics in early Judaism, Judaism’s relationship to Christianity and other religions, American Judaism, and the role of humanistic study today.

Salvation and Solvency Robert Christian Kahlert 2016-05-24 This monograph tracks the development of the socio-economic stance of early Mormonism, an American Millenarian Restorationist movement, through the first fourteen years of the church’s existence, from its incorporation in the spring of 1830 in New York, through Ohio and Missouri and Illinois, up to the lynching of its prophet Joseph Smith Jr in the summer of 1844.

Mormonism used a new revelation, the Book of Mormon, and a new apostolically inspired church organization to connect American antiquities to covenant-theological salvation history. The innovative religious strategy was coupled with a conservative socio-economic stance that was supportive of technological innovation. This analysis of the early Mormon church uses case studies focused on socio-economic problems, such as wealth distribution, the financing of publication projects, land trade and banking, and caring for the poor. Embracing the Past—Forging the Future Wm. Andrew Schwartz 2015-09-17 The times they are a-changin’. As such, our theology needs to adapt—to be responsive to the changing landscape. The idea for Embracing the Past–Forging the Future: A New Generation of Wesleyan Theology came from our assessment that Wesleyan theology has yet to fully adapt to this changing landscape, and that the future of Wesleyan theology requires the bringing together of old and new voices. The difficult task of balancing between continuity and change—keeping up with the developments of our culture and staying true to the roots of our tradition—requires the dual focus of looking forward and backward simultaneously. In this volume, we have brought together contributions by young Wesleyan scholars (graduate students and junior faculty) as a way of illustrating and articulating a new generation of Wesleyan theology. These younger voices demonstrate the desire to push Wesleyan theology in new directions. Additionally, we have included contributions from senior scholars who have been doing important work and who have already made significant contributions to Wesleyan theology. This is not simply the “old guard” but the voices of scholars who continue to make a profound impact on Wesleyan theology.

Predestination to Glory - Come by Faith Wayne O'Donnell 2020-05-09 All my books can be read online for free at wayneodonnell.com. Mt. 10:8, “Freely you have received, freely give.” This booklet is included in and comprises of one section of my book "Predestination is to Glory not to Faith: Anti-Calvinism & Reformed Theology; Pro-Certainty of Sanctification & Glorification; In Romans 8, Romans 9, & John 6." Most other anti-Calvinist books deal heavily with the moral and philosophical travesties of Calvinism. For example, I highly recommend What Love Is This, by Dave Hunt. But this book tries to provide better expositions of the passages that lead good, godly men to accept Calvinism in the first place, like John 6, by paying attention to the small, under-appreciated detail, that the Bible says predestination is to sanctification and glory, not to faith. If I felt this task was already accomplished, I wouldn't have written this book, but would have promoted the books that already did it.White (Calvinist), "There is no meaningful non-Reformed exegesis of [John 6:37-45] available. As numerous as the attempts of Arminian exegetes to find some way around the testimony of these verses has been, not even a plausible solution has been offered that does not require the complete dismantling of the text, redefinition of words, or the insertion of utterly foreign concepts." This book is the result of 1) a paper I wrote for a Soteriology class at Veritas International University, 2) my coming into...
contact with an increasing number of Reformed church plants, 3) my deep appreciation of D. Martin Lloyd-Jones’ teaching about the certainty of the hope of our future glorification, and 4) my gratitude for the simple gospel message I first heard when I was fourteen years old after having been raised a Roman Catholic. Jn. 3:36, "He that believes on the Son has everlasting life." Not, “He that is good,” or “He that goes to church,” or “He that is -predestined to- believe,” but “He that believes on the Son.” The gospel is a genuine offer for every person, in the way we usually think of an offer, and not something predetermined. My hope is that this book won’t only be a defense against Calvinism and its harms, and rescue some born-again Calvinists from Calvinism; but also that this consideration of the topic of predestination will give all readers a better understanding of the justification, sanctification, and glorification that comprise our gracious salvation, and this knowledge will also make us more fruitful. Jn. 15:7-8, “If ... my words abide in you, ... herein is my Father glorified, that you bear much fruit.”

Tasty Jesus Bryan Hurlbutt 2013-10-28 Tasty Jesus deals with key cultural, philosophical, and theological representations of Christ that find expression in the North American church. Each of these respective cameos of Christ has colored the Christological understanding of many believers in the local assembly. We live in a society deeply embedded in a mindless individualism that is more concerned with a malleable Christ that suits their present taste than the Jesus of both the Bible and historic Christian orthodoxy. This book is at once a critique, a call, and a consideration. It is a critique of particular visions of Jesus that are embraced by specific subcultures, philosophical camps, and theological perspectives. It is a call to the local church, both its attendees and leadership, intended to awaken them to the problems with these various portraits in hope of stirring them to respond appropriately. It is a consideration of the primary ideological counterpoints to each view of Jesus, and a postulation of the best manner in which to equip believers in the local assembly to respond to each distortion of Jesus and live under the lordship of the real Christ. It is time to get Jesus out from under the tyranny of our personal tastes!

Romans 9 - 11 Wayne ODonnell 2020-05-09 All my books can be read online for free at wayneodonnell.com.

Mt. 10:8, “Freely you have received, freely give.” This booklet is included in and comprises of one section of my book “Predestination is to Glory not to Faith: Anti-Calvinism & Reformed Theology; Pro-Certainty of Sanctification & Glorification; In Romans 8, Romans 9, & John 6.” As in Romans 8, we were predestined to glorification, not to faith or unbelief; so in Romans 9, Israel was predestined to glorification, not to faith or unbelief. The best way to demonstrate this is by Paul’s examples of the adversaries Pharaoh and Moses. Despite the unscriptural claims of Calvinists, Pharaoh wasn’t hardened about believing in God or the gospel. Over and over the scripture makes it clear that God hardened Pharaoh’s heart about not letting his people go.

“I will harden his heart, so that he will not let the people go,” Ex. 4:21. See also Ex. 7:14; 8:32; 9:7; 10:20; 27; 11:10, etc. And God didn’t harden Pharaoh’s heart so that he would go to hell, but so that once Pharaoh had made his decision not to let Israel go, he wouldn’t give in too soon due to weakness or aversion to pain, so that God could complete all ten plagues and destroy the mightiest army in the world of that time in the sea, so that all the world would hear of it. “I will harden Pharaoh’s heart, and multiply my signs and my
wonders in the land of Egypt, ... so that I can lay my hand on Egypt, and bring forth my armies, and my people the children of Israel, out of the land of Egypt by great judgments,” Ex. 7:3-4. See also Ex. 10:1-2, 7; 9:1; 14:4, 17. And in our passage, “Even for this same purpose I have raised you [an unbeliever] up [to be Pharaoh], so that I could show my power in you, and so that my name would be declared throughout all the earth,” Rm. 9:17. In contrast to Pharaoh, Moses accomplished something that wasn’t predestined at all, through his free-will choice. When Israel sinned by worshiping the golden calf, Moses interceded, and was granted mercy for them. But then Moses went beyond even that, and asked to see God’s glory as a gracious favor, and was also granted that request. “[Moses] said, ‘I beseech you, show me your glory.’ And [the LORD] said, ‘I will make all my goodness pass before you, ... and will be gracious to whom I will be gracious, and will show mercy on whom I will show mercy,’” Ex. 33:18-19. God knows beforehand which vessels are destined for eternal glory and which are destined for eternal shame. And it isn’t unrighteous of him in his providential control to make use of both kinds of vessels in his plans during our time on earth. He formed a man like Pharaoh who is destined for eternal shame into a vessel to rule Egypt so his name would be magnified in the earth at the time of Israel’s national birth. And he gives men like Moses and us experiences that help “fit” (Rom. 9:22) and “prepare” (Rom. 9:23) us for even more glorification. “Our light affliction [light compared to the weight of glory], which is but for a moment [a moment compared to the eternal glory], produces for us a far more exceeding and eternal weight of glory,” 2 Cor. 4:17. Flowers (Non-Calvinist), “Would anyone dare adopt or seek to defend this most troubling doctrine [of reprobation] if not for the perceived defense offered by the apostle in Romans 9?” Pink (Calvinist), “It is a remarkable and telling phenomenon that those who find no individual predestination to eternal life in Rom 9:6-13 cannot successfully explain the thread of Paul’s argument as it begins in Rom 9:1-5 and continues through the chapter.” Berkouwer (Calvinist), “Every hesitation about or hidden resistance against the sovereign freedom of God, every form of indeterminism which defends man’s cooperation against the divine act, will suffer shipwreck on Romans 9.” We shall see.

A Modern Relation of Theology and Science Assisted by Emergence and Kenosis Bradford McCall 2018-02-28 How should we attempt to understand the relationship between theology and science in the twenty-first century? In this book, I will attempt to answer this question by examining several previous attempts to classify this relationship. I also develop my personal view of the relation, thereafter discussing some Catholic contributions to this project, and then revisit some of my previously published material, highlighting the role of panentheism therein, and noting an emergent implication from the literature: the resultant possibilities for God-an implication that creates space for a broadly relational perspective of the process of emergence. These movements allow me to argue that kenosis and emergence can add to the discussion of understanding the theology and science relationship. Herein, I advocate a monistic process-based view of the overlapping relationship between theology and science.

Black Reverend James M. Lamb CADC CCS 2013-11-08 Rev. James Lamb has provided the Afro centric Spiritual community a tremendous literary historical-theological treatise. Imagine the Unimaginable Richard Rowe 2018-12-27 Imagining the Unimaginable is an inventor’s journey to answer age-old questions from a modern day perspective using only first-hand human experiences. What happens after we die? Is there an afterlife? Why is there so much suffering in the world? Why do bad things happen to good people?

Forgive Us Mae Elise Cannon 2014-09-23 Many people have become angry and frustrated with organized religion and evangelical Christianity, in particular. Too often the church has proven to be a source of pain rather than a place of hope. Forgive Us acknowledges the legitimacy of much of the anger toward the church. In truth, Christianity in America has significant brokenness in its history that demands recognition and repentance. Only by this path can the church move forward with its message of forgiveness, reconciliation, and peace. Forgive Us is thus a call to confession. From Psalm 51 to the teachings of Jesus to the prayers of
Nehemiah, confession is the proper biblical response when God’s people have injured others and turned their backs on God’s ways. In the book of Nehemiah, the author confesses not only his own sins, but also the sins of his ancestors. The history of the American church demands a Nehemiah-style confession both for our deeds and the deeds of those who came before us. In each chapter of Forgive Us two pastors who are also academically trained historians provide accurate and compelling histories of some of the American church’s greatest shortcomings. Theologian Soong-Chan Rah and justice leader Lisa Sharon Harper then share theological reflections along with appropriate words of confession and repentance. Passionate and purposeful, Forgive Us will challenge evangelical readers and issue a heart-felt request to the surrounding culture for forgiveness and a new beginning.

Saving a Sick America  Michael L. Brown, PhD 2017-09-26 Nationally syndicated radio host and columnist

Michael Brown provides a handbook for a biblically-based moral and cultural renaissance, revealing that the key to recapturing America’s greatness consists in returning to our spiritual and moral roots. America is at a tipping point, and never has this been more apparent than right now. We are in danger of losing our spiritual and moral heritage, making many believe that we have fallen beyond the point of recovery. This book is here to say, that, yes, we have fallen. In fact, fallen much further than we realize, but that our country’s best days are ahead—with the help of a radical, moral, and cultural revolution, beginning with the church. This book is a manual for the revolution. On all fronts, Americans are talking about the need for revolution, arguing from the left and the right that “the status quo must go!” This book comes at just the right time, as people are wondering what in the world has happened to our country—from the homes to the college campuses, from the inner cities to the White House, from our national debt to the material found on our computers and TV screens. In clear, compelling prose, Brown covers topics ranging from the sexualization of pop culture to the dumming down of our schools to the undermining of family structures to a pervasive culture of entitlement, while pointing consistently to the Bible’s solution to these issues. A radical call for reformation written with sobriety and hope, Saving a Sick America provides the inspiration and guidance necessary for a moral and cultural revolution.

The Gospel in the Dock  Bryan M. Christman 2021-08-10 C. S. Lewis famously penned the phrase "God in the Dock" and proposed that there was a "great divide" between ancient and modern humans, in that our ancestors would have rightly seen themselves "in the dock" before God, while we moderns have placed God upon and expands the "life and death" stakes Lewis proposed by demonstrating that the gospel way of faith itself has been placed in the dock by us and in many ways ruined our relationships with God, with our own selves, with one another, and even with the natural world itself which we are meant to "steward" for its good. In these pages the reader will discover why the gospel that requires faith is good news, but why we so tragically default to our divisive and self-destructive ways.

The Worldview of the Word of Faith Movement: Eden Redeemed  Mikael Stenhammar 2021-12-16 This volume approaches the Word of Faith as a worldview, and analyses the movement through N. T. Wright's model for worldview-analysis in order to provide necessary nuance and complexity to scholarly interpretations of the Word of Faith. The reader receives insights into the movement's narrative, semiotic, practical and propositional dimensions, which cumulatively offer a multifaceted understanding of how the Word of Faith interprets reality and engages with the world. The analysis shows that there is a narrative core to Word of Faith beliefs in the form of a unique theological story with focus set on the present restoration of Eden's authority and blessings. This study demonstrates how the Word of Faith operates as a distinct worldview that parses the world through the lens of faith's causative power to affect a direct correspondence between present reality and Eden's perfection. The findings advance a critical and therapeutic approach that acknowledges how the worldview both strengthens and subverts Pentecostalism.
