The Leadership Pill  Kenneth Blanchard 2012-12-11 How can you become a more successful manager, a stronger team leader and a motivator who gets the best results from a group? Ken Blanchard's inspiring new book provides the answer. In a beguiling, sometimes humorous fashion, THE LEADERSHIP PILL conjures up a tantalizing possibility: What if there was a pill that could stimulate the natural powers of the mind and body to provide leadership? In the story, an amazing new pill heightens one leader's powers, but contains the wrong ingredients, stimulating him in a short-sighted direction. He is coercive, obsessed with immediate results and drives his team relentlessly until, after a brief spike in performance, they suffer early burnout. In contrast, the 'Effective Leader', working without a pill, inspires and supports his team. He supplies the right ingredients, earning the respect and trust of his team with a blend of integrity, partnership and affirmation. Ultimately it is recognised that there is more to effective leadership than a wonder ‘pill’. Destined to be a transforming experience for thousands of readers, THE LEADERSHIP PILL shows how to apply the right techniques, no matter how pressured a business situation.

Trust Works! -- Ken Blanchard 2013-04-30 Trust Works! How to build it—How to keep it-In this enlightening guide developed from his popular Trust Works! training program, #1 bestselling author and management guru Ken Blanchard turns his vast knowledge and insight to one of the most timely and complex issues that affects all areas of our lives. Once upon a time, a dog and a cat lived together with other animals and the humans who cared for them. But canine and feline did not trust each other—a situation that led to fighting, backbiting, and sabotaging that soon affected the whole household. Unless their conflict was resolved, all of the pets would lose their home. Fortunately, a wise old parrot stepped in, teaching dog and cat the ABCDs of trust. Each became aware of the unconscious behaviors at the root of their hostility, dog and cat discovered how to change their behavior—a mutual transformation that created a happy, productive environment for all. In Trust Works! Ken Blanchard applies that fable to real-life situations to show anyone how to get along better with those around them. He outlines his ABCD trust model and uses it to address the factors that lead to discord, including low morale, miscommunication, poor response to problems and issues, and dysfunctional leadership. In today's polarized society, building trust—and sustaining it—has never been more important or seemingly elusive. Trust Works! provides a common language and essential skills that can replace dissension with peace and cooperation and help us all work together productively and in harmony.

Gender Intelligence Gender Intelligence Barbara Annis 2015-05-07 Gender Intelligence Barbara Annis and Keith Merron suggest it’s time to move beyond arguments based on politics and fairness, building an economic case for gender diversity in the workplace. Despite forty years of laws, quotas, diversity training, and legal expenses aimed toward equalizing pay, opportunities, and working conditions between the sexes, the glass ceiling remains firmly intact. For too long, companies have played the “numbers game”—attracting women to balance the overrepresentation of women in management. Yet, these efforts have rarely been sustained. In this groundbreaking comprehensive analysis, based on more than twenty-five years of in-depth surveys involving 100,000 men and women across dozens of Fortune 500 companies, Barbara Annis and Keith Merron provide a deeper understanding of the multiplicity of forces that have combined to create and perpetuate gender inequality. Gender Intelligence exposes common false assumptions that prevent men and women from successfully performing together at work—myths exacerbated by worn-out theories of gender blindness and sameness thinking. It shows how a small but growing number of courageous, leading-edge companies have broken through the barriers to successfully advance women, making the remarkable transformation from compliance to choice—from pressure to preference—and show how it can be done in any business. Gender Intelligence features 17 illustrations.
