The One Minute Apology Ken Blanchard 2003-01-07 With his phenomenal bestsellers The One Minute Manager and Raving Fans, Ken Blanchard changed the way we approach management, leadership, and customer service. Now Blanchard, along with coauthor Margret McBride, presents a concept that, when implemented properly, is one of the most powerful actions for improving company and employee morale. This is also a book that can extend well beyond the business realm and can repair relationships that we thought were broken forever. Using Blanchard’s signature breezy style, The One Minute Apology tells the story of a Young Man who wants to help his mentor, a company president, face and deal with some crucial mistakes he has made. For advice, the Young Man turns to a family friend, the One Minute Manager. What begins as a beautiful country weekend turns into an enlightening few days when he discovers what it truly means to apologize effectively when we have done something wrong. Through this engaging parable, Blanchard and McBride teach step-by-step how to and when to accept responsibility for our errors and deal with the cause of the damage while maintaining a genuine sense of integrity. Destined to join Ken Blanchard’s other groundbreaking classics, The One Minute Apology offers businesspeople -- and just about anyone -- a cogent and clear-headed way of approaching one of life’s most perplexing dilemmas: how to accept that we have made a wrong decision and how to correct it by making a meaningful apology. The techniques described in this simple but profound story will have significant results at work and at home. Whale Done! Kenneth Blanchard 2003-02-03 A compendium of straightforward techniques on how to accentuate the positive and redirect the negative, increasing productivity at work and at home. What do your people at work and your spouse and kids at home have in common with a five-ton killer whale? Probably a whole lot more than you think, according to top business consultant and mega-bestselling author Ken Blanchard and his coauthors from SeaWorld. In this moving and inspirational new book, Blanchard explains that both whales and people perform better when you accentuate the positive. He shows how using the techniques of animal trainers -- specifically those responsible for the killer whales of SeaWorld -- can supercharge your effectiveness at work and at home. When gruff business manager and family man Wes Kingsley visited SeaWorld, he marveled at the ability of the trainers to get these huge killer whales, among the most feared predators in the ocean, to perform amazing acrobatic leaps and dives. Later, talking to the chief trainer, he learned their techniques of building trust, accentuating the positive, and redirecting negative behavior -- all of which make these extraordinary performances possible. Kingsley took a hard look at his own often accusatory management style and recognized how some of his shortcomings as a manager, spouse, and father actually diminish trust and damage relationships. He began to see the difference between “GOTcha” (catching people doing things wrong) and “Whale Done!” (catching people doing things right). In Whale Done!, Ken Blanchard shows how to make accentuating the positive and redirecting the negative the best tools to increase productivity, instead of creating situations that demoralize people. These techniques are remarkably easy to master and can be applied equally well at home, allowing readers to become better parents and more committed spouses in their happier and more successful personal lives.
