Carrie was released in 1974, and it established Stephen King as one of the best-selling authors in the world. The novel has been translated into over 35 languages and has sold over 12 million copies worldwide. It has been adapted into a feature film directed by Brian De Palma, which was released in 1976, and it has been remade several times since then. The novel has been praised for its psychological horror and its exploration of themes such as power dynamics, manipulation, and the consequences of violent revenge.

The novel tells the story of Carrie White, a teenage girl who has the power of telekinesis. She is bullied and teased by her classmates, and she experiences a series of traumatic events that trigger her abilities. One day, she is invited to a prom by a boy she likes, but her mother decides to attend the prom instead of her daughter. During the prom, Carrie's abilities become more powerful, and she uses them to exact revenge on her mother and her classmates.

Carrie is considered a classic of horror literature, and it has become a cultural reference point. It has been the subject of many adaptations, including the feature film directed by Brian De Palma, which was released in 1976, and the novel has been translated into over 35 languages. It has been praised for its psychological horror and its exploration of themes such as power dynamics, manipulation, and the consequences of violent revenge.
