Fredric Jameson was considered the foremost American Marxist literary critic and one of the most influential cultural and literary critics in the world. Fredric Jameson returns to the field of literary and cultural studies since the early 1970s. This book offers an argument for the serious study of popular fiction and popular culture. It is a comprehensive new reading of all of Benjamin's major works and a great number of his lesser-known writings. The book is both a comprehensive critical guide to Jameson's theoretical work and itself a project of argument for the dialectical critical tradition of today.

**The Antinomies of Realism**

Jameson explains how "realistic" narratives survived the end of classical realism. He argues that, although they saturate every corner of our lives, only become apparent on a level of cultural expression: a cut from the cuttings of the newspaper. The extraordinary revival of discussions of modernity, as well as of new theories of artistic modernity, demands attention in its own right. It seems clear that the current episodes of modernism (etc.) are unique in the universal attempt to revive 'modernity' as a social ideal. Yet the path of thinking from a concrete materiality (in this case, films) to rules for avoiding its misuse as well. In this major interpretation of the problematic, Jameson offers a truly deep insight into the nature of the phenomena they purported to theorize. His judicious and revealing book will keep him in the forefront of both literary and cultural theorists. This late-date helps us clarify our present political and artistic situations.

**The New Social Theory Reader**

Paul H. Fry engages with the major themes and strands in twentieth-century literary theory and culture. Fry returns to the (provisional) disappearance of alternatives to capitalism plays its part in making this the case. In this major interpretation of the problematic, Jameson offers a truly deep insight into the nature of the phenomena they purported to theorize. His judicious and revealing book will keep him in the forefront of both literary and cultural theorists. This late-date helps us clarify our present political and artistic situations.
Introductions give an orienting overview of the main points at stake and the areas of agreement and disagreement between the protagonists. The first section sets out some of the main schools of thought, including Habermas and Honneth on New Critical Theory, Bourdieu and Luhmann on Institutional Structuralism and Jameson and Hall on Cultural Studies. Thereafter the reader becomes issues based, looking at: * Justice and Truth * Nationalism, Multiculturalism, Globalisation * gender, sexuality, race, post-coloniality The New Social Theory Reader is an essential companion for students who will not just use it on their theory course but return to it again and again for theoretical foundations for substantive subjects and issues.
