Back to Venice Michael Grant 2011-05-26 Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation—and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's *The Scream*. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiouser and curiouser from there. During his stay—which is sometimes zany and sometimes frightening—he meet his hero, Michelangelo, who teaches him the true meaning of art.

Beyond the Rails II Jack Tyler 2015-03-16 British East Africa in the 1880s. A place of mystery, intrigue, and danger. Powerful tribes, many hostile, the descendants of once-great empires, rule the plains and forests. European colonial powers jostle for advantage as they struggle to push inland from their coastal enclaves. A rail line is being driven from Mombasa toward Lake Victoria, drawing laborers and speculators from every civilized continent. The rails have reached Nairobi, a still-tiny boom town where wealthy entrepreneurs rub shoulders with cutthroats and railroad workers, but to reach out further, one must travel by foot or wagon, or by one of the ramshackle airships that connect the scattered settlements. One such ship is *Kestrel*, once a steam powered river lighter designed to haul cargos up the shallow streams that reach inland from the coast. Rescued from the scrapyard and slung beneath a balloon, she has been given a second chance at life as a carrier in the aerial cargo trade. Business is good in the booming colony, but in every pub and hostel, at the end of every pier, in the alley behind each tavern lurk dangerous men (and women!) of questionable motives, each with his own

scheme to claim his share of the colony's wealth, by whatever means come readily to hand. No one completely escapes brushes with these charlatans, and Captain Clinton Monroe's crew is no exception. Join them aboard the Kestrel as they sail the skies to high adventure.

Flight of Remembrance Marina Dutzmann Kirsch 2011-12 Now an Award-Winning Finalist in the Non-Fiction: Narrative category of The 2012 USA Best Book Awards, sponsored by USA Book News. Obtain a free 40-page excerpt on www.kirschstonebooks.com. Against the backdrop of World War II tragedy and devastation in Latvia, Poland and Germany and three decades of European history, this true narrative provides a window into the palpitating heart of wartime upheaval through the lives of Rolf Dutzmann and Lilo Wassull—two people fatefully positioned "on the other side." In December of 1939, swept along on a tide of dire necessity and circumstance due to the imminent Soviet takeover of his homeland, Rolf, a young Latvian aeronautical engineering student, flees with his family to Germany, a country fully under Hitler's control and already engaged in a brutal war. While the account chronicles Rolf's pursuit of his technical dream against daunting wartime odds, it is first and foremost a poignant love story that plays out against a panorama of worldwide chaos and destruction. It is also a story of the seen and unseen forces that coalesce to keep Rolf and Lilo alive after they meet in 1940 Berlin, leading them through a chain of cataclysmic events including Rolf's draft into the Luftwaffe and his father's assignment as chief inspector of V-2 rocket production; the bombing of Berlin; the destruction of their homes; their numerous desperate, cross-country escapes from the bombing, the advancing Soviet troops from the east, and other Allied forces from the west; the POW camp hardships; and the deprivation of the postwar years. Despite the immeasurable evil, suffering and desolation of World War II, a synchronistic chain of events provides an uplifting reminder that love and hope may take wing even out of the ashes of life's most terrifying adversities.
