The Hollow Kingdom Clare B. Dunkle 2006-09-19 In nineteenth-century England, a powerful sorcerer and King of the Goblins chooses Kate, the elder of two orphan girls recently arrived at their ancestral home, Hallow Hill, to become his bride and queen. A Century of Artists Books Riva Castleman 1997-09-01 Published to accompany the 1994 exhibition at The Museum of Modern Art, New York, this book constitutes the most extensive survey of modern illustrated books to be offered in many years. Your Diamond Dreams Cut Open My Arteries Else Lasker-Schüler 2020-05 Critics have called Else Lasker-Schüler the greatest of all German women poets and one of the finest Jewish poets. This large and representative selection of translations by Robert P. Newton, supplemented by a biographical and critical introduction and a selected bibliography, was the first substantial presentation of her works in English at its original publication in 1982.

The Other Side of the Island Allegra Goodman 2009-05-14 A gripping and beautifully written dystopian page-turner from New York Times bestselling author and National Book Award finalist ALLEGRA GOODMAN. In the eighteenth glorious year of Enclosure, long after The Flood, a young girl named Honor moves with her parents to Island 365 in the Tranquil Sea. Life on the tropical island is peaceful—there is no sadness and no visible violence in this world. Earth Mother and her Corporation have created New Weather. The sky is always blue and it almost never rains. Every family fits into its rightful, orderly, and predictable place... Except Honor’s. Her family does not follow the rules. They ignore curfew, sing songs, and do not pray to Earth Mother. Honor doesn’t fit in with the other children at the Old Colony School. Then she meets Helix, a boy with a big heart who slowly helps her uncover a terrible secret about the Island: Sooner or later, those who do not fit disappear, and they don’t ever come back. Honor knows her family could be next, and when the unthinkable happens, she must make the dangerous journey to the Other Side of the Island—before Earth Mother comes for her too... My Dear Hamilton Stephanie Dray 2018-04-03 USA Today Bestseller "An edge-of-my-seat immersion into historical events...No study of Alexander Hamilton would be complete without reading this book." -Karen White, New York Times bestselling author "The best book of the year!" –Kate Quinn, New York Times bestselling author of The Alice Network Wife, Widow, and Warrior in Alexander Hamilton's quest for a more perfect union From the New York Times bestselling authors of America's First Daughter comes the epic story of Eliza Schuyler Hamilton—a revolutionary woman who, like her new nation, struggled to define herself in the wake of war, betrayal, and tragedy. Perfect for fans of Ron Chernow’s biography Alexander Hamilton and fans of Lin-Manuel Miranda's Hamilton: The Musical. In this haunting, moving, and beautifully written novel, Dray and Kamoie used thousands of letters and original sources to tell Eliza’s story as it’s never been told before—just as the wronged wife at the center of a political sex scandal—but also as a founding mother who shaped an American legacy in her own right. A general’s daughter... Coming of age on the perilous frontier of revolutionary New York, Elizabeth Schuyler champions the fight for independence. And when she meets Alexander Hamilton, Washington’s penniless but passionate aide-de-camp, she’s captivated by the young officer’s charisma and brilliance. They fall in love, despite Hamilton’s bastard birth and the uncertainties of war. A founding father’s wife... But the union they create—in their marriage and the new nation—is far from perfect. From glittering inaugural balls to bloody street riots, the Hamiltons are at the center of it all—including the political treachery of America’s first sex scandal, which forces Eliza to struggle through heartbreak and betrayal to find forgiveness. The last surviving light of the Revolution... When a duel destroys Eliza’s hard-won peace, the grieving widow fights her husband’s enemies to preserve Alexander’s legacy. But long-buried secrets threaten everything Eliza believes about her marriage and her own legacy. Questioning her tireless devotion to the man and country that have broken her heart, she’s left with one last battle—to understand the flawed man she married and imperfect union he could never have created without her... The Firefly Code Megan Frazer Blakemore 2017-09-12 In this gorgeously-crafted utopian saga from Megan Frazer Blakemore, five friends must find the courage to change the course of the future... Leaving Gee’s Bend Irene Latham 2017-03-01 Ludelphia Bennett may be blind in one eye, but that doesn’t mean she can’t put in a good stitch. In fact, Ludelphia sews all the time, especially when things are going wrong. But when Mama gets deathly ill, it doesn’t seem like even quilting will help. Mama needs medicine badly—medicine that can only be found in Camden, over forty miles away. That’s when Ludelphia decides to do something drastic—leave Gee’s Bend. Beyond the cotton fields lies a path Ludelphia knows only too well: beyond the borders, she will always be a stranger. Leaving Gee’s Bend is a powerful story of determination, courage, and hope.
fields of her small sharecropping community, Ludelphia discovers a world she never imagined, but there’s also danger lurking for a young girl on her own. Set in 1932 and inspired by the rich quilting traditions of Gee’s Bend, Alabama, Leaving Gee’s Bend is a delightful story of a young girl facing a brave new world, presented in a new paperback edition.

Matched Ally Condie 2011-09-20 Cassia has always trusted the Society to make the right choices for her: what to read, what to watch, what to believe. So when Xander’s face appears on-screen at her Matching ceremony, Cassia knows with complete certainty that he is her ideal mate . . . until she sees Ky Markham’s face flash for an instant before the screen fades to black. The Society tells her it’s a glitch, a rare malfunction, and that she should focus on the happy life she’s destined to lead with Xander. But Cassia can’t stop thinking about Ky, and as they slowly fall in love, Cassia begins to doubt the Society’s infallibility and is faced with an impossible choice: between Xander and Ky, between the only life she’s known and a path that no one else has dared to follow. Look for CROSSED, the sequel to MATCHED, in Fall 2011! Watch a Video

A Prayer for the Dying Stewart O’Nan 2000 Set in post-Civil War Wisconsin, a small town is petrified with fear as an epidemic overwhelms their community with sickness and death. Reprint.

Mary Queen of Scotland and The Isles Margaret George 2010-02-01 Margaret George's exhaustively researched novel skillfully weaves both historical fact and plausible fiction in bringing the story of Mary Queen of Scots to life. She was a child crowned a queen... A sinner hailed as a saint.... A lover denounced as a whore... The world-dreaded, woman-devoured Queen of Scotland and the Isles brings to life the fascinating story of Mary, who became the Queen of Scots when she was only six days old. Raised in the glittering French court, returning to Scotland to rule as a Catholic monarch over a newly Protestant country, and executed like a criminal in Queen Elizabeth's England, Queen Mary lived a life like no other, and Margaret George weaves the facts into a stunning work of historical fiction. “With a seamless use of original letters, diaries, and poems: a popular, readable, inordinately moving tribute to a remarkable queen.” -- Kirkus Reviews

20 Years Later E. J. Newman 2011-01-01 Twenty years after a plague has wiped out most of humanity, four friends in London seek to discover the secret behind this catastrophe.

Undine Penni Russon 2013-09-01 A gorgeously spooky book about magic, family, power and love. Being sixteen is confusing and unpredictable enough for anyone. But if you’re Undine, you also begin hearing voices calling you home in the middle of the night — and then you suddenly produce a storm out of thin air. Your best friend Trout insists on falling messily in love with you, while you end up with a crush on his older brother. Meanwhile, the ocean begins appearing in your bedroom, and your dead father turns out to be not so dead after all...

FREE Sam Usher 2019-09-05 Boy and Grandad take care of a little bird. When it gets better, they put it outside, but it keeps hopping back into the house. Following Boy wherever he goes. Boy wonders what kind of bird it is. An eagle? An ostrich? A bird of paradise, perhaps? He wants to keep it, but Grandad says it must return to its natural habitat in the wild where it can spread its wings and be free. And so begins an exhilarating journey into the rainforest! The first in a new quartet of enchanting picture books where a boy and his beloved grandad discover the wonder of the natural world.

Gates of Fire Steven Pressfield 2007-01-30 NATIONAL BESTSELLER • "Steven Pressfield brings the battle of Thermopylae to brilliant life."—Pat Conroy At Thermopylae, a rocky mountain pass in northern Greece, the feared and admired Spartan soldiers stood three hundred strong. Theirs was a suicide mission, to hold the pass against the invading millions of the mighty Persian army. Day after bloody day they withstood the terrible onslaught, buying time for the Greeks to rally their forces. Born into a cult of spiritual courage, physical endurance, and unmatched battle skill, the Spartans would be remembered for the greatest military stand in history—one that would not end until the rocks were awash with blood, leaving only one gravely injured Spartan squire to tell the tale....

The Compound S. A. Bodeen 2008-04-29 S.A. Bodeen’s The Compound is a 2009 Bank Street - Best Children’s Book of the Year. Eli and his family have lived in the Compound for six years. The world they knew is gone. Eli’s father built the Compound to keep them safe. Now, they can’t get out. He won’t let them. Eli’s classmate, 17-year-old Elena is vanishing. Every day means renewed determination, so every day means fewer calories. This is the story of a girl whose armor against anxiety becomes artillery against herself as she battles on both sides of a lose-lose war in a struggle with anorexia. Told entirely from Elena’s perspective over a five-year period and cowritten with her mother, award-winning author Clare B. Dunkle, Elena’s memoir is a fascinating and intimate look at a deadly disease, and a must read for anyone who knows someone suffering from an eating disorder.

The Roar Emma Clayton 2014-09-04 Twins Mika and Ellie live in a future behind a wall, safe from the plague animals that live beyond. Or so they’ve been told. When one disappears, the other has also been caught in a sinister game, they begin to discover that the world is built on lies...

Hope and Other Luxuries Clare B. Dunkle 2015-05-19 Clare Dunkle seemed to have an ideal life—two beautiful, high-achieving teenage daughters, a loving husband, and a satisfying and successful career as a children's book novelist. But it’s when you let down your guard that the ax falls. Just after one daughter successfully conquered her depression, another daughter developed a life-threatening eating disorder. Co-published with Elena Vanishing, the memoir of her daughter, this is the story—told in brave, beautifully written, and unflinchingly honest prose—of one family's fight against a deadly disease, from an often ignored but important perspective: the mother of the anorexic.

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of Battle Hymn of the Tiger Mother). If you’re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeless religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies showed conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, even if that means living with kids who produce solid and happy ones. Ultimately these experiments are very funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of Battle Hymn of the Tiger Mother). The Sky Inside Claire B. Dunkle 2010-12-21 Martin lives in a perfect world. Every year a new generation of genetically-engineered children is shipped out to meet their parents. Every spring the residents of his town take down the snow they've stuck to their windows and put up flowers. Every morning his family gathers around their television and votes, like everyone else, for whatever matter of national importance the president has on the table. Today, it is the color of his drapes. It's business as usual under the protective dome of suburb HMI. And it's all about to come crashing down. Because a stranger has come to take away all the little children, including Martin's sister, Cassie, and no one wants to talk about where she is going. The way Martin sees it, he has to determine whether or not he can remain in the dubious safety of HMI, with danger that no one wants to talk about lurking just beneath the surface, or he can actually break out of the suburb, into the mysterious land outside, rumored to be nothing but blowing sand for miles upon miles. Acclaimed author Claire B. Dunkle has crafted a fresh and fast-paced science-fiction thriller, one that challenges her characters -- and her readers -- to look closer at the world they take for granted.

The House of Dead Maids Clare B. Dunkle 2010-09-14 Young Tabby Aykroyd has been brought to the dusty mansion of Seldom House to be nursemaid to a foundling boy. He is a savage little creature, but the Yorkshire moors harbor far worse, as Tabby soon discovers. Soon dead maids and things that come with it. With a jealousy devotion that extends beyond the grave? As Tabby struggles to escape the evil forces rising out of the land, she watches her young charge choose a different path. Long before he reaches the old farmhouse of Wuthering Heights, the boy who will become Heathcliff has doomed himself and any who try to befriend him.

Tankborn Karen Sandler 2015-10-31 Kayla and Mishalla, two genetically engineered non-human slaves (GENs), fall in love with higher-status boys, discover deep secrets about the creation of GENs, and in the process find out what it means to be human.

The Guardians John Christopher 2014-11-04 In a world where two nations rule all, Rob must find a way to live among them both in this futuristic story from the author of the Tripods series. In the future, the world has been divided into two societies. One is the Conurb—a sprawling, modern city where technology rules and people live only with the bare minimum they need to survive. The other is the County—a land of green fields and beautiful mansions, where the people have turned back the clock to a pristine past. Rob has always lived in the Conurb, but after he is sent to a terrible boarding school, he decides his only option is to take a chance and cross the Barrier into the unknown world of the County. There he meets another boy who introduces Rob to the very different society, and all the wondrous things that come with it. But even though Rob wants to believe that the County is a utopia, he begins to learn about the darkness that lurks beneath the smiles of his new family and friends. And when sinister secrets are revealed, Rob is forced to make a choice: stay in the County, where everything is a perfect lie, or return to the Conurb, where life is hard, horrible, and real.

The Boat of a Million Years Poul Anderson 2018-09-18 A New York Times Notable Book and Hugo and Nebula Award Finalist: This epic chronicle of ten immortals over the course of history "succeeds admirably" (The New York Times). The immortals are ten individuals born in antiquity from various cultures. Immune to disease, able to heal themselves from injuries, they will never die of old age--although they can fall victim to catastrophic wounds. They have walked among mortals for millennia, traveling across the world, trying to understand their special gifts while searching for one another in the hope of finding some meaning in a life that may go on forever. Following their individual stories over the course of human history and beyond into a richly imagined future, "one of science fiction's most revered works has a hall that is "ambitious in scope, meticulous in detail, polished in style" (Library Journal).
world! The kids’ only hope is to trap the plot’s mastermind when he comes to steal the crayon. But how can three kids from the middle of nowhere stop an evil billionaire? With the help of an eccentric neighbor, an artificially intelligent domino, a DNA-analyzing tray, two hot air balloons, and a cat named Mucus, they just might be able to save the planet. This clever comic adventure from debut author Henry Clark is a truly original and utterly wacky story about the importance of intelligence and curiosity in a complacent world.

Violet Eyes by Nicole Luiken 2001-02-01 “I’m the Idea Girl, the one who can always think of something to do.” Angel Eastland knows she’s different. It’s not just her violet eyes that set her apart. She’s smarter than her classmates and more athletically gifted. Her only real competition is Michael Vallant, who also has violet eyes -- eyes that tell her they’re connected, in a way she can’t figure out. Michael understands Angel. He knows her dreams, her nightmares, and her most secret desires. And he begins to realize that nothing around them is what it seems. Someone is watching them, night and day. They have just one desperate chance to escape, one chance to find their true destiny, but their enemies are powerful -- and will do anything to stop them.

The Seer And The Sword by Victoria Hanley 2010-10-31 Flame-haired Princess Torina knows nothing of battles and conquest until her father, the king of Bellandra, returns home with an orphaned prince from the neighbouring enemy kingdom. The boy prince is offered to Torina as a slave, but she frees him from his bonds and their unusual friendship develops in the years that follow. But Torina faces terrible danger: she has an amazing gift that many would kill for, and when her father is brutally murdered, Torina is forced to flee for her life. An evil usurper takes over her rightful throne, and the kingdom is ruled by cruelty and fear. Can Torina’s gift -- to look into the future of others -- help her win back what is rightly hers? This is an epic fantasy of extraordinary scope and vision. Its twists and turns will leave readers breathless.

The War Below by Marsha Forchuk Skrypuch 2018-04-24 This companion novel to Skrypuch’s Making Bombs for Hitler follows a boy who joins the underground Ukrainian resistance in the fight against Hitler. The Nazis took Luka from his home in Ukraine and forced him into a labor camp. Now, Luka has smuggled himself out -- even though he left behind his dearest friend, Lida. Somehow, he vows, he’ll find her again. But first, he must survive. Racing through the woods and mountains, Luka evades capture by both Nazis and Soviet agents. Though he finds some allies, he never knows who to trust. As Luka makes difficult choices in order to survive, desperate rescues and guerilla raids put him in the line of fire. Can he persevere long enough to find Lida again or make it back home where his father must be waiting for him? Marsha Forchuk Skrypuch, author of Making Bombs for Hitler, delivers another action-packed story, inspired by true events, of daring quests and the crucial decisions we make in the face of war.

Memory Boy by Will Weaver 2012-08-21 Ash is still falling from the sky two years after a series of globally devastating volcanic eruptions. Sunlight is as scarce as food, and cities are becoming increasingly violent as people loot and kill in order to maintain their existence. Sixteen-year-old Miles Newell knows that the only chance his family has of surviving is to escape from their Minneapolis suburban home to their cabin in the woods. As the Newells travel the highways on Miles’ supreme invention, the All Princess, they have high hopes for safety and peace. But as they venture deeper into the wilderness, they begin to realize that it’s not only city folk who have changed for the worse.

Freaking Lana Kromwiede 2012 Losing his powers in a traumatic accident, 12-year-old Taemon, a boy from a world where most people have telekinetic abilities, is exiled to a colony with fellow disabled people and comes to enjoy the community’s acceptance and manual labors before encountering dangerous secrets.

In the Coils of the Snake by Clare B. Dunkle 2006-12-26 “What is the spell for?” Miranda asked curiously, stepping close beside him to squeeze through the first ring of trees. She didn’t know of any goblin spells that used flowers unless they were crushed like herbs. “Do you really want to know?” murmured the elf absenty, looking up at the dark crowns of the ancient oaks. “Yes,” she said. She had always liked magic. He glanced back down at her then. “It’s for you,” he said. And the instant they passed the great trunks, his hand closed over her wrist. The powerful final volume of the Hollow Kingdom Trilogy Miranda has waited her whole life to come home to the globein kingdom, but she never imagined she’d feel so alone there. Her beloved Marak, the center of her world since childhood, has reached the end of his reign. But Marak didn’t raise a coward. Miranda needs all her courage when a mysterious elf lord takes her prisoner, reining an age-old battle. Caught between two hostile races, she becomes their greatest reason for war—and their only hope for a future. In this final volume of the Hollow Kingdom Trilogy, Clare B. Dunkle draws readers deep into her magical realm for one last incredible story.

Sam and Zasha by Randi Barrow 2013-01-01 In post-WWII Russia, one boy dares to save an entire race of outlawed dogs -- the German shepherd! World War II has just ended when thirteen-year-old Mikhail finds a dying man and his German shepherd, Zasha, in the woods. It’s dangerous -- some say traitorous -- to own a German dog after Germany attacked Russia, so Mikhail must keep Zasha a secret to keep her alive. But Mikhail’s rival, Katia, is determined to find the dog she is sure he’s hiding. At the same time, a soldier named Dimitri is breeding a new Russian dog at a nearby farm. So many dogs were lost in combat, to starvation, and in the slaughter of German dogs that the country is in dire need of every kind of dog. Dimitri, too, has suspicions of Zasha’s existence, and would like nothing more than to add her to his breeding program. He’ll have to compete with the armed dog thieves who are also on her trail. Mikhail’s inspiring journey to save his best friend, the last German shepherd in Russia, forces him to face some of life’s hardest lessons about war, hate, forgiveness, hope, love, and man’s best friend.

Nick and Tesla’s High-Voltage Danger Lab by Bob Pflugfelder 2013-11-05 Nick and Tesla are bright 11-year-old siblings with a knack for science, electronics, and getting into trouble. When their parents mysteriously vanish, they’re sent to live with their Uncle Newt, a brilliant inventor who engineers top-secret gadgets for a classified government agency. It’s not long before Nick and Tesla are embarking on adventures of their own—engineering all kinds of outrageous MacGyverish contraptions to save their skin: 9-volt burglar alarms, electromagnets, mobile tracking devices, and more. Readers are invited to join in the fun as each story contains instructions and blueprints for five different projects. In Nick and Tesla’s High-Voltage Danger Lab, we meet the characters and learn how to make everything from rocket launchers to soda-powered vehicles. Learning about science has never been so dangerous—or so much fun!
