Your Life. Uploaded Gordon Bell 2010-10-26 "A marvelous job of exploring first hand the implications of storing our entire lives digitally." -Guy L. Tribble, Apple, Inc. Tech luminary, Gordon Bell, and Jim Gemmell unveil a guide to the next digital revolution. Our daily life started becoming digital a decade ago. Now much of what we do is digitally recorded and accessible. This trend won't stop. And the benefits are astonishing. Based on their own research Bell and Gemmell explain the ever-increasing access to electronic personal memories-both "cloud" services such as Facebook and huge personal hardrives. Using Bell as a test case, the two digitally uploaded everything-photos, computer activity, biometrics-and explored systems that could best store the vast amounts of data and make it accessible. The result? An amazing enhancement of human experience from health and education to productivity and just reminding about good times. And then, when you are gone, your memories, your life will still be accessible for your grandchildren... Your Life, Uploaded is an invaluable guide to taking advantage of new technology that will fascinate and inspire techies, business people, and baby boomers alike.

Collaborative Remembering Michelle L. Meade 2017-12-01 We remember in social contexts. We reminisce about the past together, collaborate to remember shared experiences, and, even when we are alone, we remember in the context of our communities and cultures. Taking an interdisciplinary approach throughout, this text comprehensively covers collaborative remembering across the fields of developmental psychology, cognitive psychology, social psychology, discourse processing, philosophy, neuropsychology, design, and media studies. It highlights points of overlap and contrast across the many disciplinary perspectives and, with its sections on 'Approaches of Collaborative Remembering' and 'Applications of Collaborative Remembering', also connects basic and applied research. Written with late-stage undergraduates and early-stage graduates in mind, the book is also a valuable tool for memory specialists and academics in the fields of psychology, cognitive science and philosophy who are interested in collaborative memory research.

Breakpoint: Why the Web will Implode, Search will be Obsolete, and Everything Else you Need to Know about Technology is in Your Brain Jeff Stibel 2013-07-23 What can the human brain and its relationship to the internet tell us about our society, our technologies, and our businesses? A lot, as it turns out. The internet today is a virtual replica of the brain, and the networks that leverage it grow and collapse in ways that are easily predictable if you understand the brain and other biological networks. We're living in the midst of a networking revolution. All of the major technology innovations of the 21st century – social networking, cloud computing, search engines, and crowdsourcing, to name a few – leverage the internet and are thus bound by the rules of networks. We've seen the exponential growth of these technologies, and they've led to a more efficient and tightly connected world. But what many people don't realize is that all networks eventually reach a breakpoint and collapse. This happens in the brain, it happens in nature, it happened to MySpace, and it will happen to Facebook and Google. It is critical to understand where the breakpoint is in the networks you use in order to achieve optimum success.

Navigating the world of new technologies today can be like walking through a minefield unless you know the path. Imagine what you could do with a roadmap for where things are headed? In this fascinating look at the future of business and technology, neuroscientist and entrepreneur Jeff Stibel shows how the brain can act as a guide to understanding the future of the internet and the constellation of businesses and technologies that run on it. He'll show how leaders like Marissa Mayer are using artificial intelligence to literally remake Yahoo! and how startups like oDesk and Kickstarter are using crowdsourcing, the next wave of revolutionary technology, to create something much larger and "smarter" than the sum of their parts. Stibel offers a fresh perspective about the future of business and technology in a candid and engaging manner.

Memory Sven Bernecker 2009-12-24 In this book, Sven Bernecker investigates the defining characteristics of memory and the issues essential to understanding it. The book gives a comprehensive philosophical account of memory and illuminates issues central to contemporary discussions of metaphysics and epistemology such as personal identity, causation, mental content, and justification. Bernecker argues that remembering something, unlike knowing something, does not require having a belief. There are also instances where one has a memory but no justification for what one remembers. These surprising results suggest that remembering something requires standing in an appropriate causal relation to the relevant past representation. The book shows that a distinction needs to be made between the causal dependence of a memory on a past representation and the causal dependence of a memory on that which retains the past representation. This distinction turns out to be crucial for discerning cases of remembering from instances where some content is learned anew rather than recalled. The book proposes a theory of memory contents whereby they are determined by relations the subject bears to his past physical or social environment rather than by states internal to the subject. This theory is shown to be compatible with the compelling psychological criterion of personal identity. Against the background of the theory of memory contents, Bernecker maintains that a memory content need not be the same as, but only similar to, the content of the representation from which it causally derives. This view has interesting results for the debate over false memories and the theory of self-knowledge.

What Happens When Young Women Say Yes to God Lysa TerKeurst 2018-07-10 Your Journey to Extraordinary Starts with One Word—Yes If you have a desire deep inside your heart to be someone special and do amazing things, you are not alone. Lysa TerKeurst and her daughter, Hope, have felt that hunger too, and they've learned that only God can satisfy the craving to go beyond just making it through the day. Why? Because God is the one who created that need inside of you and He's using it to draw you closer to Him. As you begin your journey to extraordinary, this book will help you overcome your fear of saying yes to God by focusing on the life-changing results of obeying Him get past your need for perfection by giving all your cares and worries to God stop stressing about change by embracing God's purpose and direction for your life be confident about when God is speaking to you by learning how to recognize His voice let go of the unimportant stuff by choosing to accept the greater gifts that God has in store for you When you say yes to God, you will see your faith grow and bloom. Will you accept His invitation and start your journey today?

Memory 101 James Michael Lampinen, PhD 2014-11-25 Contemporary research has found that memory is much more than the process for recalling information that has been learned and retainedit is a rich, nuanced process that is an important part of every human activity. This highly readable foundational text provides an overview of the theories and research on human memory from a psychological perspective. Grounded in the premise that all psychological processes depend on memory, and that memory is shaped by the functions it serves, the authors look at a wide range of memory processes and discuss the major theories that have been developed to explain how it functions. This book describes the major structural and functional theories that guide our understanding of memory. The authors then focus on everyday functions of memory, including memorizing things, remembering to do things (prospective memory), and recalling how to do things, such as skills, procedures, and navigation. Disorders of memory including Alzheimer's and amnesia are examined along with exceptional memory skills, such as the phenomenon of individuals with highly superior autobiographical memory. The book also addresses the intriguing and controversial topics of repressed and recovered memories, the validity of memory in courtroom testimony, and the effects of remembering traumatic events. Illustrative examples, metaphors, and humor make for a text that is engaging and entertaining, resulting in a valuable, concise introduction for students. Key Features: Provides a concise, easy-to-read, yet scientifically based survey of theory and current research on memory Grounded in the concept that memory is foundational to all psychological processes and human experience Covers controversial and intriguing topics including repressed and recovered memories, memory in legal testimony, amnesia, and the phenomenon of super memory Explores the myths and realities surrounding memory loss The Psych 101 Series Short, reader-friendly introductions to cutting-edge topics in psychology. With key concepts, controversial topics, and fascinating accounts of up-to-the-minute research, The Psych 101 Series is a valuable resource for all students of psychology and anyone interested in the field.

New Scientist 2008

Narrative Humanism Wyatt Moss-Wellington 2019-09-13 This book attempts to clarify the narrative conditions of humanism, asking how we can use stories to complicate our understanding of others, and questioning the ethics and efficacy of attempts to represent human social complexity in fiction. With case studies of films like Parenthood (1989), American Beauty (1999), Little Miss Sunshine (2006) and The Kids Are All Right (2010), this original study synthesises leading discourses on media and cognition, evolutionary anthropology, literature and film analysis into a new theory of the storytelling instinct.

Psychology Daniel L. Schacter 2010-12-10 Your students may forget it's a textbook. But they will always remember what they learn. View a sample chapter and student video reviews at www.worthpublishers.com/thedans Their research continues to change the way psychology is taught. Their teaching has inspired thousands of students. Their writing fascinates readers and vividly shows how psychological science is relevant to their lives. So it was no surprise that Dan Schacter, Dan Gilbert, and Dan Wegner's introductory psychology textbook was a breakout success. With the new edition, Psychology is more than ever a book instructors are looking for—a text that students will read and keep reading. Thoroughly updated, the new edition is filled with captivating stories of real people and breakthrough research, plus a variety of proven and effective new learning tools, all carried along by the Dans' uncanny way of making the story of psychological principles as riveting and enriching as reading a great book.

The Healing Virtues Duff R. Waring 2016-01-21 The Healing Virtues explores the intersection of psychotherapy and virtue ethics - with an emphasis on the patient's role within a healing process. It considers how the common ground between the therapeutic process and the cultivation of virtues can inform the efforts of both therapist and patient. The ethics of psychotherapy revolve partly around what therapists should or should not do as well as the sort of person that therapists should be: e.g., empathic, prudent, compassionate, respectful, and trustworthy. Contemporary practitioners have argued for therapist virtues that are relevant to assisting the patient's efforts in a healing process. But the ethics of a therapeutic dialogue can also revolve around the sort of person the patient should be. Within this book, Duff R. Waring argues that there is a case for patient virtues that are relevant to dealing with the problems in living that arise in psychotherapy, e.g., honesty, courage, humility, perseverance. The central idea is that treatment may need to build virtues while it ameliorates problems. Hence, the patient's work in psychotherapy can both challenge character strengths and result in their further development. The book is unique in bringing the topic of virtue ethics to the psychotherapeutic encounter, and will be of interest to psychotherapists, philosophers, and psychiatrists.

New Books on Women, Gender and Feminism 2008

What I Remember Millicent Garrett Fawcett 2021-08-05 "However benevolent men may be in their intentions, they cannot know what women want and what suits the necessities of women's lives as well as women know these things themselves." Fawcett was only 19 years old when she launched a petition for women's suffrage and 22 when she began her political career. An English politician, writer and feminist, Fawcett fought tirelessly to give women a right to vote and the chance to gain higher education. Although Fawcett made outstanding contributions to women's suffrage and was one founder of Newnham's College, Cambridge, one of the first English Universities for women, she is not as famous as one would expect. "What I Remember," corrects this. It is the story of an extraordinary feminist trailblazer whose history almost forgot, but whose impact is still felt today. Stories of extraordinary women are often ignored, but Fawcett's is one that can't be. Hers is a story of strength, resilience and the fervent pursuit of all that benefits women. And, there is no better time than now to read the amazing story of the woman who won citizenship for women.

Schwab 2020-10-06 NEW YORK TIMES BESTSELLER USA TODAY BESTSELLER NATIONAL INDIE BESTSELLER THE WASHINGTON POST BESTSELLER Recommended by Entertainment Weekly, Real Simple, NPR, Slate, and Oprah Magazine #1 Library Reads Pick—October 2020 #1 Indie Next Pick—October 2020 BOOK OF THE YEAR (2020) FINALIST—Book of The Month Club A "Best Of" Book From: Oprah Mag * CNN * Amazon * Amazon Editors * NPR * Goodreads * Bustle * PopSugar * BuzzFeed * Barnes & Noble * Kirkus Reviews * Lambda Literary * Nerdette * The Nerd Daily * Polygon * Library Reads * io9 * Smart Bitches Trashy Books * LiteraryHub * Medium * BookBub * The Mary Sue * Chicago Tribune * NY Daily News * SyFy Wire * Powells.com * Bookish * Book Riot * Library Reads Voter Favorite * In the vein of The Time Traveler's Wife and Life After Life, The Invisible Life of Addie LaRue is a New York Times bestselling author V. E. Schwab's genre-defying tour de force. A Life No One Will Remember. A Story You Will Never Forget. France, 1714: in a moment of desperation, a young woman makes a Faustian bargain to live forever—and is cursed to be forgotten by everyone she meets. Thus begins the extraordinary life of Addie LaRue, and a dazzling adventure that will play out across centuries and continents, across history and art, as a young woman learns how far she will go to leave her mark on the world. But everything changes when, after nearly 300 years, Addie stumbles across a young man in a hidden bookstore and he remembers her name. Also by V. E. Schwab Shades of Magic A Darker Shade of Magic A Gathering of Shadows A Conjuring of Light Villains Vicious Vengeful At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Woman who Can't Forget Jill Price 2008 Describes the author's efforts to come to terms with abilities that cause her to remember events and details with complete recall, in a memoir that also relates her participation in extensive scientific studies.

The Black Dogs Project Fred Levy 2015-09-15 Combat Black Dog Syndrome worldwide; a portion of all proceeds from Black Dog Project will be donated to black dog rescue. One of Tumblr's most viral blogs of 2014, the Black Dogs Project is a stunning photo series by animal photographer Fred Levy. Known as "Black Dog Syndrome" in animal shelters and rescues, it refers to the unfortunate phenomenon that black dogs are frequently the LAST dogs to be adopted and the FIRST dogs to be euthanized in rescue shelters. Animal photographer Fred Levy couldn't believe that it was true, so he began talking with shelters. Not only does the phenom exist, but he discovered it's an epidemic. Levy decided to turn his camera lens to black dogs, showing the world how beautiful they truly are. He called the photo series, The Black Dogs Project, and the stunning photographs have been shared worldwide, spreading awareness and attention to the problem. A portion of all proceeds for Black Dogs Project will be donated to black dog rescue.

Forgiving What You Can't Forget Lysa TerKeurst 2020-11-17 *#1 New York Times Bestseller* You deserve to stop suffering because of what other people have done to you. Have you ever felt stuck in a cycle of unresolved pain, playing offenses over and over in your mind? You know you can't go on like this, but you don't know what to do next. Lysa TerKeurst has wrestled through this journey. But in surprising ways, she's discovered how to let go of bound-up resentment and overcome the resistance to forgiving people who aren't willing to make things right. With deep empathy, therapeutic insight, and rich Bible teaching coming out of more than 1,000 hours of theological study, Lysa will help you: Learn how to move on when the other person refuses to change and never says they're sorry. Walk through a step-by-step process to free yourself from the hurt of your past and feel less offended today. Discover what the Bible really says about forgiveness and the peace that comes from living it out right now. Identify what's stealing trust and vulnerability from your relationships so you can believe there is still good ahead. Disempower the triggers hijacking your emotions by embracing the two necessary parts of forgiveness.

Research Methods Theresa L. White 2012-05-03 Now in its 9th Edition, RESEARCH METHODS provides psychology students with a scientific approach to

understanding their field of study and the world in general. The text's logical, step-by-step coverage is the result of decades of author experience. It includes all of the stages of the research process, from selecting the project and searching for literature, to choosing a protocol and getting published. Utilizing a wide variety of problems from psychological literature, RESEARCH METHODS also illustrates the many creative ways that psychology professionals design and conduct effective research. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Oxford Handbook of Social Cognition Donal E. Carlston 2013-09-19 This handbook provides a comprehensive review of social cognition, ranging from its history and core research areas to its relationships with other fields. The 43 chapters included are written by eminent researchers in the field of social cognition, and are designed to be understandable and informative to readers with a wide range of backgrounds.

Book Review Digest 2008

Meaning in Law: A Theory of Speech Charles W. Collier 2009-08-07 Despite widespread admiration for the First Amendment's protection of speech, this iconic feature of American legal thought has never been adequately theorized. Existing theories of speech proceed on the basis of legal doctrine and judicial decisionmaking, social and political philosophy, or legal and intellectual history. But these are not the disciplines one would most naturally turn to in analyzing speech. Meaning in Law: A Theory of Speech takes a new and different approach. This book develops a general legal theory of speech on the basis of linguistic theory and the philosophy of language. The opening chapters retrace the main conceptual stages in the expression of meaning: from natural meaning, through symbolism, to signification. Later chapters analyze symbolic speech (communication by nonlinguistic means) as the key to developing an intention-based theory of speech. The essential elements of the theory are (1) nonnatural meaning, (2) the signaling of intent, (3) the recognition of intent, and (4) establishing a convention. A final chapter applies these insights to the case law of symbolic speech and resolves some basic confusions in the legal literature. This analysis proceeds by way of an original distinction between actual conduct (in the real world) and the "ideal conduct" described in a statute. The former may be described both as communicative and noncommunicative, while the latter has already been conceptualized as either communicative or noncommunicative. This distinction clears up a major legal quandary: how conduct that counts as communication may nevertheless be regulated or prohibited, without running afoul of the First Amendment's protection of speech.

Amazing Stories 1926

The Mind of a Mnemonist A. R. Luria 1987 The Mind of a Mnemonist is a rare phenomenon—a scientific study that transcends its data and, in the manner of the best fictional literature, fashions a portrait of an unforgettable human being.

Introducing Modern Japan Contains transcripts of lectures given at the Japan Information & Culture Center, Embassy of Japan, Washington D.C This I Cannot Forget Anna Larina 1994-01 These are the memoirs of the 80-year-old wife of the charismatic Bolshevik leader and revolutionist, Nikolai Bukharin. It offers a new dimension to our understanding of Soviet history and one of the most attractive, admired and still-mourned old Bolsheviks, Bukharin. In Anna Larina we have an extraordinary woman's story, as well as first-hand knowledge from within the revolutionary elite that created the Soviet Union, ruled it in the 1930s and then was swept away for ever in the crimson tide of Stalin's 20-year mass terror.

Delphi Collected Works of Fred M. White (Illustrated) Fred M. White 2019-09-10 A British pulp fiction author of the late nineteenth and early twentieth century, Frederick M. White produced a prolific number of novels and short stories, including the cult classic 'Doom of London' science-fiction stories. Helping to shape the course of sensation and mystery story literature, White was also a pioneer of the spy story. His ingenious creativity in producing hundreds of original and thrilling narratives of crime, war, mystery, romance and science fiction was a rare and sadly neglected talent of the interwar period. This comprehensive eBook presents White's collected works, with numerous illustrations, rare texts appearing in digital print for the first time, informative introductions and the usual Delphi bonus material. (Version 1) * Beautifully illustrated with images relating to White's life and works * Concise introductions to the famous novels * 84 novels, with individual contents tables * Features rare novels appearing for the first time in digital publishing, including 'Love, the Foe', 'Robe of Lucifer', 'Paul the Sage' and many more * Images of how the books were first published, giving your eReader a taste of the original texts * Excellent formatting of the texts * Famous works, including the 'Doom of London' series, are fully illustrated with their original artwork * Rare story collections available in no other collection, including 'The Last of the Borgias' and 'The Sage of Tyburn' series * Special chronological and alphabetical contents tables for the short stories * Easily locate the short stories you want to read * Over 250 short stories — endless hours of classic pulp fiction Please visit www.delphiclassics.com to browse through our range of exciting titles CONTENTS: The Novels and Novellas A Golden Argosy (1886) By Order of the League (1886) The Old Secretaire (1887) The Silver Stream (1888) Naboth's Vineyard (1889) A Daughter of Israel (1892) In Trust (1892) The Robe of Lucifer (1896) Tregarthen's Wife (1901) Blackmail (1903) The Cardinal Moth (1903) Craven Fortune (1904) The Weight of the Crown (1904) A Shadowed Love (1905) My Lady Bountiful (1905) The Corner House (1905) The Crimson Blind (1905) The Ends of Justice (1906) The House of the Schemers (1906) The Law of the Land (1906) The Nether Millstone (1906) The Slave of Silence (1906) The Yellow Face (1906) Behind the Mask (1907) The Edge of the Sword (1907) The Five Knots (1907) The Mystery of the Four Fingers (1907) The Lonely Bride (1907) The Lord of the Manor (1907) The Midnight Guest (1907) The Open Door (1907) A Queen of the Stage (1908) Paul Quentin (1908) The Scales of Justice (1908) The Sundial (1908) A Crime on Canvas (1909) Netta, the Story of Sin (1909) The Golden Rose (1909) A Front of Brass (1910) A Mummer's Throne (1910) Hard Pressed (1910) Love, the Foe (1910) Paul, the Sage (1910) The White Glove (1910) The Man Called Gilray (1911) The Mystery of the Ravenspurs (1911) The Secret of the Sands (1911) Powers of Darkness (1912) A Royal Wreath (1913) A Secret Service (1913) The House of Mammon (1913) The Sentence of the Court (1913) The Day (1914) The Lady in Blue (1915) Ambition's Slave (1916) The Seed of Empire (1916) The Case for the Crown (1918) The Salt of the Earth (1918) The Wings of Victory (1919) The Honour of His House (1920) The Leopard's Spots (1920) The Man Who Was Two (1921) The Councillors of Falconhoe (1922) The Mystery of Room 75 (1922) The Green Bungalow (1923) The Mystery of Crocksands (1923) The Turn of the Tide (1923) The Devil's Advocate (1924) The Golden Bat (1924) The House on the River (1925) The Price of Silence (1925) The Riddle of the Rail (1926) The Shadow of the Dead Hand (1926) The King Diamond (1927) The Grey Woman (1928) A Broken Memory (1929) The Phantom Car (1929) A Clue in Wax (1930) Found Dead (1930) On the Night Express (1930) Queen of Hearts (1930) The Man Who Knew (1932) Secret of the River (1934) The Blue Daffodil (1934) The Shorter Fiction Felix Gryde Stories The Last of the Borgias Drenton Denn Stories The Romance of the Secret Service Fund The Doom of London The Sage of Tyburn Real Drama Gipsy Stories Miscellaneous Short Stories The Short Stories List of Short Stories in Chronological Order List of Short Stories in Alphabetical Order Please visit www.delphiclassics.com to browse through our range of exciting titles or to purchase this eBook as a Parts Edition of individual eBooks

The Amazing Discernment of Women Jentezen Franklin 2006-09-03 Based on scriptural principles and stories this book will teach you how to activate and apply discernment in every area of your life. This book teaches how God many times used women because of their discernment throughout the Bible. It also shows that every woman has been given a special gift (sometimes referred to as intuition). When a woman exercises this discernment, they will find help/insight in these areas: favor, the atmosphere of their home, children, husband, outside associations, protection, provision, recovery of what's been lost, timing, right place, right plan, right people, living a life that will be remembered

Popular Science 2008

Miracles We Have Seen Harley Rotbart 2016-09-13 This is a book of miracles—medical events witnessed by leading physicians for which there is no reasonable medical explanation, or, if there is, the explanation itself is extraordinary. These dramatic first-person essays detail spectacular serendipities, impossible cures, breathtaking resuscitations, extraordinary awakenings, and recovery from unimaginable disasters. Still other essays give voice to cases in which the physical aspects were less dramatic than the emotional aspects, yet miraculous and transformational for everyone involved. Positive impacts left in the wake of even the gravest of tragedies, profound triumphs of heart and spirit. Preeminent physicians in many specialties, including deans and department heads on the faculties of the top university medical schools in the country describe, in everyday language and with moving testimony, their very personal reactions to these remarkable clinical experiences. Among the extraordinary cases poignantly recounted by the physicians witnessing them: A priest visiting a hospitalized patient went into cardiac arrest on the elevator, which opened up on the cardiac floor, right at the foot of the cardiac specialist, at just the right moment. A tiny premature baby dying from irreversible lung disease despite the most intensive care who recovered almost immediately after being taken from his hospital bed and placed on his mother's chest. President John F. Kennedy's son Patrick, who died shortly after birth, and whose disease eventually led to research that saved generations of babies. A nine-year-old boy who was decapitated in a horrific car accident but survived without neurological damage. A woman who conceived and delivered a healthy baby—despite having had both of her fallopian tubes surgically removed. A young man whose only hope for survival was a heart transplant, but just at the moment he developed a potentially fatal complication making a transplant impossible, his own heart began healing itself. A teenage girl near death after contracting full-blown rabies who became the first patient ever to recover from that disease after an unexpected visit by Timothy Dolan, the man who would go on to become the Archbishop of New York. A Manhattan window-washer who fell 47 stories—and not only became the only person ever to survive a fall from that height, but went on to make a full recovery. Miracles We Have Seen is a book of inspiration and optimism, and a compelling glimpse into the lives of physicians—their humanity and determined devotion to their patients and their patients' families. It reminds us that what we don't know or don't understand isn't necessarily cause for fear, and can even be reason for hope

Harper's Monthly Magazine 1922

How Memory Works—and How to Make It Work for You Robert Madigan 2015-06-10 "Do you wish you could remember the names of people you just met? What if birthdays, anniversaries, and online passwords rarely slipped your mind? Robert Madigan is an expert in the "memory arts"—practical, proven methods for improving the ability to retain and use information. Like taking the stairs instead of the elevator, it's important to exercise memory in simple ways every day. Dr. Madigan explains the science of how memory works and presents innovative mnemonic devices and visualization techniques that will help everyone—from students to seniors—sharpen their mental skills; avoid embarrassing lapses; and remember faces, appointments, facts, numbers, lists, and much more!"-

Failure, A Writer's Life Joe Milutis 2013-01-25 Failure, A Writer's Life is a catalogue of literary monstrosities. Its loosely organized vignettes and convolutes provide the intrepid reader with a philosophy for the unreadable, a consolation for the ignored, and a map for new literary worlds.

Far from Ordinary Lysa TerKeurst 2022-03-01 Your Journey to Extraordinary Starts with One Word—Yes If you have a desire deep inside your heart to be sold out to the Lord and do amazing things for Him, you are not alone. Lysa TerKeurst and her daughter Hope have felt that passion too, and they've learned that only God can satisfy the craving to go beyond just making it through the day. Why? Because God is the one who created that need inside of you and He's using it to draw you closer to Him! Will you accept His invitation and start your journey today?

The Publishers Weekly 2008

The Woman Who Could Not Forget: Iris Chang Before and Beyond The Rape of Nanking Ying-Ying Chang 2012-07-01 The poignant story of the life and death of world-famous author and historian Iris Chang, as told by her mother. Iris Chang's best-selling book The Rape of Nanking forever changed the way we view the Second World War in Asia. It all began with a photo of a river choked with the bodies of hundreds of Chinese civilians that shook Iris to her core. Who were these people? Why had this happened and how could their story have been lost to history? She could not shake that image from her head. She could not forget what she had seen. A few short years later, Chang revealed this "second Holocaust" to the world. The Japanese atrocities against the people of Nanking were so extreme that a Nazi party leader based in China actually petitioned Hitler to ask the Japanese government to stop the massacre. But who was this woman that single-handedly swept away years of silence, secrecy and shame? Her mother, Ying-Ying, provides an enlightened and nuanced look at her daughter, from Iris' home-made childhood newspaper, to her early years as a journalist and later, as a promising young historian, her struggles with her son's autism and her tragic suicide. The Woman Who Could Not Forget cements Iris' legacy as one of the most extraordinary minds of her generation and reveals the depth and beauty of the bond between a mother and daughter.

Three Women Lisa Taddeo 2019-07-09 #1 NEW YORK TIMES BESTSELLER * #1 SUNDAY TIMES BESTSELLER * #1 INDIE NEXT PICK Named a Best Book of the Year: The Washington Post * NPR * The Atlantic * New York Public Library * Vanity Fair * PBS * Time * Economist * Entertainment Weekly * Financial Times * Shelf Awareness * Guardian * Sunday Times * BBC * Esquire * Good Housekeeping * Elle * Real Simple * And more than twenty additional outlets "Staggeringly intimate...Taddeo spent eight years reporting this groundbreaking book." —Entertainment Weekly "A breathtaking and important book...What a fine thing it is to be enthralled by another writer's sentences. To be stunned by her intellect and heart." —Cheryl Strayed "Extraordinary...This is a nonfiction literary masterpiece...I can't remember the last time a book affected me as profoundly as Three Women." —Elizabeth Gilbert "A revolutionary look at women's desire, this feat of journalism reveals three women who are carnal, brave, and beautifully flawed." —People (Book of the Week) "A riveting true story about the sex lives of three real American women, based on nearly a decade of reporting. Lina, a young mother in suburban Indiana whose marriage has lost its passion, reconnects with an old flame through social media and embarks on an affair that quickly becomes all-consuming. Maggie, a seventeen-year-old high school student in North Dakota, allegedly engages in a relationship with her married English teacher; the ensuing criminal trial turns their quiet community upside down. Sloane, a successful restaurant owner in an exclusive enclave of the Northeast, is happily married to a man who likes to watch her have sex with other men and women. Hailed as "a dazzling achievement" (Los Angeles Times) and "a riveting page-turner that explores desire, heartbreak, and infatuation in all its messy, complicated nuance" (The Washington Post), Lisa Taddeo's Three Women has captivated readers, booksellers, and critics—and topped bestseller lists—worldwide. Based on eight years of immersive research, it is "an astonishing work of literary reportage" (The Atlantic) that introduces us to three unforgettable women—and one remarkable writer—whose experiences remind us that we are not alone.

The Light We Lost Jill Santopolo 2017-05-09 The New York Times Bestseller and A Reese's Book Club Pick "This love story between Lucy & Gabe spans decades and continents as two star-crossed lovers try to return to each other...Will they ever meet again? This book kept me up at night, turning the pages to find out, and the ending did not disappoint."—Reese Witherspoon "One Day Meets Me Before You meets your weekendner Lucy."—The Skimm "Extraordinary."—Emily Giffin He was the first person to inspire her, to move her, to truly understand her. Was he meant to be the last? Lucy is faced with a life-altering choice. But before she can make her decision, she must start her story—their story—at the very beginning. Lucy and Gabe meet as seniors at Columbia University on a day that changes both of their lives forever. Together, they decide they want their lives to mean something, to matter. When they meet again a year later, it seems fated—perhaps they'll find life's meaning in each other. But then Gabe becomes a photojournalist assigned to the Middle East and Lucy pursues a career in New York. What follows is a thirteen-year journey of dreams, desires, jealousies, betrayals, and, ultimately, of love. Was it fate that brought them together? Is it chance that has kept them away? Their journey takes Lucy and Gabe continents apart, but never out of each other's hearts. This devastatingly romantic debut novel about the enduring power of first love, with a shocking, unforgettable ending, is Love Story for a new generation. "It's the epic love story of 2017."—Redbook
