Where I Lost Her T. Greenwood 2016-02-23 The acclaimed author of Keeping Lucy crafts "a spellbinding tale about finding what we most want in the places we least expect" (Mary Kubica, New York Times-bestselling author). In her page-turning new novel, T. Greenwood follows one woman's journey through heartbreak and loss to courage and resolve, as she searches for the truth about a missing child. Eight years ago, Tess and Jake were considered a power couple of the New York publishing world—happy, in love, planning a family. Failed fertility treatments and a heartbreaking attack at adoption have fractured their marriage and left Tess edgy and adrift. A visit to friends in rural Vermont throws Tess's world into further chaos when she sees a young, half-dressed child in the middle of the road, who then runs into the woods like a frightened deer. The entire town begins searching for the little girl. But there are no sightings, no other witnesses, no reports of missing children. As local police and Jake point out, Tess's imagination has played her false before. And yet Tess is compelled to keep looking, not only to save the little girl she can't forget but to salvage her broken heart as well. Blending her trademark lyrical prose with a superbly crafted and suspenseful narrative, Where I Lost Her is a gripping, haunting novel from a remarkable storyteller. "Showcasing the power of friendship and of hope, this mysterious, suspenseful exploration of the human psyche will keep readers turning pages and losing sleep." —Publishers Weekly "This intoxicating blend of women's fiction and psychological thriller is the perfect platform for Greenwood's exquisite prose and masterful storytelling." —RT Book Reviews (4.5 Stars, Top Pick)

As Much As Words Can Tell Leonidas Smith 2020-06-16 These twenty-six stories are presented from my point of view, the truth as I have observed it, in others as well as myself. They are written as creative non-fiction, which tries to tell a riveting story using the techniques of fiction, but sticking with the truth. So when I change the name of a character, like "Honest Murph" the trader in My $75,000 Banjo, I say, "So, a few days later, we rode out to see a man I'll call "Honest Murph, the Banjo Trader." Many times I must rely solely on memory. The graduate-level grilling I took, in Oral Examination, has been stored there since 1970, more an embarrassment than in the diction of the committee. So, after I introduced Dr. Grabow, Dr. Los Angeles, and Mr. Minnesota, I warned the reader, "Here's part of the re-created discussion." Even in stories based on interviews or diary notes, memory is not totally reliable because selective perception interferes when the memory is stored, and selective retention interferes when the memory is recalled. So, like the shoe salesman who only sees feet and stores their owners as the 6A, the 12D, and so on, I can only claim provisional truth for my recollections, even with the story The Man with No Umbrella, which I wrote down almost immediately after an amazing conversation at the bank. Three of the stories did not come from my memory. Joseph's Dilemma originated in the Bible. A Tattered Coat came from a man in Burnsville, NC, who heard it firsthand as a youngster. That Willy Privette Sure Did Fly comes from the Sheriff's Deputy who was a friend of the man involved. As Much As Words Can Tell is set in the towns where I have lived in North Carolina, South Carolina, Ohio, Virginia, with homefolks who lived or shared stories. Words are never enough, but they are the best tool we have for sharing what we hold in our hearts. Here are the stories, grouped by theme: - The Man Who Wrote Teddy Bear, The Tattered Coat, The Woman With Two Voices, Rolling Your Own, The Dream I Can't Forget, What Jerry Saw, and How the Truth Found Me deal with a reality unperceived by the naked eye. - Promises Kept, Harmless as Doves, Silencing a Scammer, and Your Sin Will Find You Out show characters in various stages of self-deception. - Joseph's Dilemma, The Man Who Took A Life, and The Man With No Umbrella feature good men making the best life-wrenching circumstances. - Oral Examination, Old Winter's Grace, Where the Camera Led, and My $75,000 Banjo remind me "experience is a dear teacher." - "About lies of the committee. So, after I introduced Dr. Grabow, Dr. Los Angeles, and Mr. Minnesota, I warned the reader, "Here's part of the re-created discussion." Smith; The School for Liars and Promises Kept, those of my Mama, Virginia Smith. - Bugs in My Ear deals with the pros and cons of DIY medication. When I was ready to hear them, almost all of these stories
flowed into my mind so fast I could barely type fast enough to get them down. I was the receiver—not the conveyer of them. I believe that writing is a spiritual activity, that every writer has a Muse, who should be thanked. I deal with him in the dedication. I truly hope you will be able to catch the spirit of the Muse. His joy, glory, power, and unconditional positive regard, which the stories bore when He gave them to me. If so, my hopes for this little book will be fulfilled. Peace, Leon Smith

We Are So Loved

Jill Lambert 2017-09-22 When we hear stories of spontaneous healings, assistance from angels and loved ones who’ve passed, the laws of physics bending or even breaking to save someone, and people using their divine creative power to claim what they desire despite appearances, our beliefs change about what is possible for us. We Are So Loved is about such miracles and more. Many of these stories may seem too fantastic to be true, but they are. As you read them, maybe you’ll remember some of your own miracles that you discounted as just a coincidence, luck, or just your imagination. The mystical, miraculous experiences I’ve had since childhood, the stories others have shared with me of divine assistance and moments of grace, as well as the miraculous healings I witness as a Reconnective Healing Practitioner, have changed my beliefs about what is possible and continue to transform my world for the better on every level of my being. That’s what I want for you, and why I’m sharing them in this book. I hope they inspire you to think and believe a little bigger and better than you did before you read them as you realize how loved you are, Who You Really Are, and how possible the impossible really is. The miraculous experiences in this book are what fuel my life’s mission to share the truth of how loved we are and how powerful we are when we align with the Love that is our Source of being. I hope these stories remind you of the God Within you and all life on this planet, that they awaken an awareness of the Love and well-being that is constantly flowing to you, and help you release the limiting beliefs that have kept you from allowing love into all that you do. We Are So Loved is my first book, and just the beginning of much more to come.

And he doesn't want children. **The Woman Who Can't Forget** Jill Price 2008-05-06 Jill Price has the first diagnosed case of a memory condition called "hyperthymestic syndrome" -- the continuous, automatic, autobiographical recall of every day of her life since she was fourteen. Give her any date from that year on, and she can almost instantly tell you what day of the week it was, what she did on that day, and any major world event or cultural happening that took place, as long as she heard about it that day. Her memories are like scenes from home movies, constantly playing in her head, backward and forward, through the years; not only does she make no effort to call her memories to mind, she cannot stop them. The Woman Who Can't Forget is the beautifully written and moving story of Jill's quest to come to terms with her extraordinary memory, living with a condition that no one understood, including her, until the scientific team who studied her finally charted the extraordinary terrain of her abilities. Her fascinating journey speaks volumes about the delicate dance of remembering and forgetting in all of our lives and the many mysteries about how our memories shape us. As we learn of Jill's struggles first to realize how unusual her memory is and then to contend, as she grows up, with the unique challenges of not being able to forget -- remembering both the good times and the bad, the joyous and the devastating, in such vivid and insistently detailed -- the way her memory works is contrasted to a wealth of discoveries about the workings of normal human memory and normal human forgetting. Intriguing light is shed on the vital role of what's called "motivated forgetting" -- the act of clearing out of memory the information that memory tailor the reality of what's actually happened to us in our lives; In The Woman Who Can't Forget, Jill Price welcomes us into her remarkable life and takes us on a mind-opening voyage into what life would be like if we didn't forget -- a voyage after which no reader will think of the magical role of memory in our lives in the same way again.

What I Remember Millicent Garrett Fawcett 2021-08-05 "However benevolent men may be in their intentions, they cannot know what women want and what suits the necessities of women’s lives as well as women know these things themselves." Fawcett was only 19 years old when she launched a petition for women’s suffrage and 22 when she began her political career. As an English politician, writer, and feminist, Fawcett fought tirelessly to give women a right to vote and the chance to gain higher education. Although Fawcett made outstanding contributions to women’s suffrage and was one founder of Newnham’s College, Cambridge, one of the first English Universities for women, she is not as famous as one would expect. "What I Remember," corrects this. It is the story of an extraordinary feminist trailblazer whom history almost forgot, but whose impact is still felt today. Stories of extraordinary women are often ignored, but Fawcett’s is one that can’t be. Hers is a story of strength, resilience and the fervent pursuit of all that benefits women. And, there is no better time than now to read the amazing story of the woman who won citizenship for women.
