Treat with Caution
Serenity Woods 2014-09-18 Treats to Tempt You, Book 1 An enemies-to-lovers romance with heat and heart. Tasha Wilde has spotted the perfect site for the Treats to Tempt You confectionery shop she’s planning to run with her best friend, Maisey. It’s the ideal size and location, right on the waterfront in Doubtless Bay, New Zealand. The only fly in the melted chocolate is Maisey’s brother, Kole. He wants the shop for his photography business, and he’s about to sign the lease. Tasha and Kole Graham have trod the wafer-thin line between friends and enemies since they were teenagers. Privately, she acknowledges Kole has grown up into a fine figure of a man. Okay, to be honest, he’s so sexy he often dismantes the speech center of her brain. But he’s still the most irritating guy on Earth. Kole tries to think of Tasha as just his sister’s best friend, but it’s getting harder and harder. Literally. And he’s having trouble hiding it. So when their friends suggest a bet with the shop as the prize, and it means he can get his hands on Tasha, he’s quick to agree. The Shakespearean-style scheme? To get the other person to fall in love with them. In eight days. Both are confident their attraction is only physical. Both are going to get into trouble. But who will win the bet on Midsummer night? Warning: Sultry and steamy, with rising temperatures. And the sub-tropical weather's pretty hot too. Adults only.

*Inside the Crips* Ann Pearlman 2013-12-24

*Inside the Crips* is the memoir of the author's thirty-year gang life as a Crip—beginning at the tender age of ten in the mid-seventies—and his prison turnaround nearly twenty-five years later. Colton ("C-Loc") Simpson calls himself the only gang member ever allowed to quite the Crips—and one of the few to survive to his thirties. Simpson—son of aballplayer for the California Angels and a mother who was relentlessly tough with her sons after their fathers left her—became a gang member at ten. Inside The Crips tells the remarkable—and at the same time, all too common—story of gang life in the 1980s in immediate and descriptive prose that makes this book a gripping true-life read. Inside The Crips covers the rush that comes from participating in gang violence and the years-long wars between the Bloods and Crips. Simpson's story also puts the reader in the middle of the struggle between the Crips and corrections officers in Calipatria prison. It covers gang life from the mid-seventies to the mid-nineties, and introduces characters it's impossible not to care about: Simpson's fellow gangbanger Smile; and Gina, the long-suffering friend and mother of two sons who married Simpson in prison.
