Tristan
Gottfried (von Strassburg) 1960

The New Southern Gentleman Jim Booth 2002 "Daniel Randolph Deal is a Southern aristocrat, having the required bloodline, but little of the nobility. A man resistant to the folly of ethics, he prefers a selective, self-indulgent morality. He is disingenuous, albeit successful in his dealings with women, a trifling presence in the surviving fragments of the Tristan of Thomas Gottfried Strassburg 1960 One of the most acclaimed works in medieval Europe, and for a long time the legend of Tristan was known primarily through it, rather than through the poetic versions. The book had considerable influence on European culture; Melory, for example, based Books VIII to XII of his Morte d'Arthur on it. This is the first time this work of one of the most important and definitive treatments of significant aspects of this most important and challenging high medieval version of the Tristan legend. They examine aspects of Gottfried's unparalleled narrative artistry; the important connections between Gottfried's Tristan and the socio-cultural situation in which it was composed; and the relationships that Gottfried's Tristan bears to the other versions of the legend and explanatory notes clarify medieval practice, sections not concerned with the traditional story are included in synoptic form. The introduction examines the Prose Tristan in the context of the many other versions of the legend and explanatory notes clarify medieval practice, and institutions, names, and places, as well as linguistic ambiguities.

Tristan Gottfried (von Strassburg) 1967

Tristan with the 'Tristan' of Thomas Gottfried von Strassburg 2004-07-01 One of the most acclaimed works in medieval Europe, and for a long time the legend of Tristan was known primarily through it, rather than through the poetic versions. The book had considerable influence on European culture; Melory, for example, based Books VIII to XII of his Morte d'Arthur on it. This is the first time this work of one of the most important and definitive treatments of significant aspects of this most important and challenging high medieval version of the Tristan legend. They examine aspects of Gottfried's unparalleled narrative artistry; the important connections between Gottfried's Tristan and the socio-cultural situation in which it was composed; and the relationships that Gottfried's Tristan bears to the other versions of the legend and explanatory notes clarify medieval practice, sections not concerned with the traditional story are included in synoptic form. The introduction examines the Prose Tristan in the context of the many other versions of the legend and explanatory notes clarify medieval practice, and institutions, names, and places, as well as linguistic ambiguities.

Tristan Gottfried (von Strassburg) 2021-12-04 Gottfried von Strassburg's early 13th century retelling of the "Tristan and Iseult" legend is widely regarded as one of the most important works of the German Middle Ages. Left unfinished at the time of his death and subsequently finished by Heinrich von Freiburg and Ulirich von Türheim, Strassburg's "Tristan" is held out as one of the best examples of the "common", as opposed to the "courtly", version of the tale. "Tristan" tells the tale of a young Cornish knight, Tristan, who is tasked with the mission of escorting his Uncle King Mark of Cornwall's wife to be, the Princess Iseult from Ireland. However during the journey, when the pair mistakenly drink a love-potion intended for the king and his young bride, and are instantly possessed with an all-consuming love for each other -- a love they are compelled to conceal by a series of subterfuges that culminate in tragedy. Von Strassburg's work is acknowledged as the greatest rendering of this legend of medieval lovers, and went on to influence generations of writers and artists and is considered one of the most important works of the German Middle Ages.

Lancelot of the Lake 2000 The early 13th century French romance tells of Lancelot's childhood, his arrival at King Arthur's court, and the flowering of his consuming, passionate love -- achieved its most complete and profound rendering in the German poet Gottfried von Strassburg's verse romance Tristan (ca. 1200-1210). Along with his great literary influence Wolfram von Eschenbach and his verse poem Parzival, Gottfried is considered one of the three great poets produced by medieval Germany, and over the centuries his Tristan has lost none of its ability to attract with the beauty of its poetry and to challenge -- if not provoke -- with its sympathetic depiction of adulterous love. The essays, written by a dozen leading Gottfried specialists in Europe and North America, provide definitive reassessments of significant aspects of this most important and challenging high medieval version of the Tristan legend. They examine aspects of Gottfried's unparalleled narrative artistry; the important connections between Gottfried's Tristan and the socio-cultural situation in which it was composed; and the relationships that Gottfried's Tristan bears to the other versions of the legend and explanatory notes clarify medieval practice, sections not concerned with the traditional story are included in synoptic form. The introduction examines the Prose Tristan in the context of the many other versions of the legend and explanatory notes clarify medieval practice, and institutions, names, and places, as well as linguistic ambiguities.

Magic and Magicians in the Middle Ages and the Early Modern Time Albrecht Classen 2007-12-25 Clear demarcation lines between magic, astrology, necromancy, medicine, and even sciences in the pre-modern world. Under the umbrella term 'magic,' the contributors to this volume examine a wide range of texts, both literary and religious, both medical and philosophical, in which the topics of magic overlap. The contributors address issue such as how people perceived magic, whether they accepted it and utilized it for their own purposes, and what impact magic might have had on the mental structures of that time. While some papers examine the specific appearance of magicians in literary texts, others analyze the practical application of magic in medical contexts. In addition, this volume includes studies that deal with the rise and fall of espionage in the late Middle Ages, and whether the Neobertian notion of disenchantment pertaining to the modern world can be maintained. Magic is, oddly but significantly, still around us and exerts its influence. Focusing on magic in the medieval world thus helps us to shed light on human culture at large.

The Romance of Tristan Renée L. Curtis 1994 The Romance of Tristan tells one of the most moving and influential love stories of world literature: the doomed, uncontrollable, and enthralling passion of Tristan and Iseut, who fall in love after drinking the love potion meant for Iseut and her husband Mark. The prose version, written and deemed by many to be the greatest of all medieval narratives, is one of the most widely acclaimed works in medieval Europe, and for a long time the legend of Tristan was known primarily through it, rather than through the poetic versions. The book had considerable influence on European culture; Malory, for example, based Books VIII to XII of his Morte d'Arthur on it. This is the first time this work of one of the most important and definitive treatments of significant aspects of this most important and challenging high medieval version of the Tristan legend. They examine aspects of Gottfried's unparalleled narrative artistry; the important connections between Gottfried's Tristan and the socio-cultural situation in which it was composed; and the relationships that Gottfried's Tristan bears to the other versions of the legend and explanatory notes clarify medieval practice, sections not concerned with the traditional story are included in synoptic form. Tristan Gottfried (von Strassburg) 1975

The Ring of Truth Wendy Doniger 2017-04-03 Why are sex and jewelry, particularly rings, so often connected? Why do rings continually appear in stories about marriage and adultery, love and betrayal, loss and recovery, identity and masquerade? What is the mythology that makes finger rings symbols of true (or, as the case may be, untrue) love? The cross-cultural distribution of the mythology of sexual rings is impressive—from ancient India and Greece through the Arab world to Shakespeare, Marie Antoinette, Wagner, nineteenth-century novels, Hollywood, and the De Beers advertising campaign that gave us the expression, "A Diamond is Forever." Each chapter of The Ring of Truth, like a charm on a charm bracelet, considers a different constellation of stories: stories about rings lost and found in fish; forgetful husbands and clever wives; treacherous royal necklaces; fake jewelry and real women; modern women's revolt against the hegemony of jewelry; and the clash between common sense and conventional narratives about rings. Herein lie signet rings, betrothal rings, and magic rings of invisibility or memory. The stories are linked by a common set of meanings, such as love symbolized by the circular and unbroken shape of the ring: infinite, constant, eternal—a meaning that the stories often prove tragically false. While most of the rings in the stories originally belonged to men, or were given to women by men, Wendy Doniger shows that it is the women who are important in these stories, as they are the ones who put the jewelry to work in the plots.

The Death of King Arthur 1975-01-30 Recounting the final days of Arthur, this thirteenth-century French version of the Camelot legend, written by an unknown author, is set in a world of fading chivalric glory. It depicts the Round Table diminished in strength after the Quest for the Holy Grail, and with its integrity threatened by the weakness of Arthur's own knights. Whispers of Queen Guinevere's infidelity with his beloved comrade-at-arms Sir Lancelot profoundly distress the trusting King, leaving him no match for the machinations of the treacherous Sir Mordred. The human tragedy of The Death of King Arthur so impressed Malory that he built his own Arthurian legend on this view of the court—a view that profoundly influenced the English conception of the 'great' King.

Tristan and Isolde Gottfried von Strassburg 2020-09-16 "I believe this fluent, accurate, readable translation of Tristan and Isolde will become the standard English edition of Gottfried's literary masterpiece. Wisely choosing not to recreate the end rhyme of the original, Whobrey has created a text that stays true to the original Middle High German while rendering it into modern English prose. The inclusion of Ulrich von Türheim's Continuation is a great strength of this book. For the first time, English speakers will be able to read Gottfried's work in tandem with Ulrich's and explore—via Whobrey's discussion of Ulrich's sources—the rich Tristan literary tradition in the Middle Ages and the ways in which Gottfried's achievement resonated well after his death. The footnotes provide helpful cultural, historical, and interpretive information, and Whobrey's Introduction offers a nice overview of Gottfried's biography, a discussion of Gottfried's important literary excursus, his place within the literature and genres of his time, and the source material for his Tristan. Particularly useful is Whobrey's discussion of the intricate and masterful structure of Gottfried's text." —Scott Pincikowski, Hood College
