Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of Battle Hymn of the Tiger Mother). If you’re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You’ll be laughing and learning at the same time.

A Little Too Far Lisa Desrochers 2013-09-17 Have you ever gone just a little too far? Lexie Banks has. Yep. She just had mind-blowing sex with her stepbrother. In her defense, she was on the rebound, and it’s more of a my-dad-happened-to-marry-a-woman-with-a-super-hot-son situation. But still, he’s been her best friend and confidant for the better part of the last few years... and is so off limits. It’s a good thing she’s leaving in two days for a year abroad in Rome. But even thousands of miles away, Lexie can’t seem to escape trouble. Raised Catholic, she goes to confession in hopes of alleviating some of her guilt... and maybe not burning in hell. Instead, she stumbles out of the confessional and right into Alessandro Moretti, a young and very easy-on-the-eyes deacon... only eight months away from becoming a priest. Lexie and Alessandro grow closer, and when Alessandro’s signals start changing despite his vow of celibacy, she doesn’t know what to think. She’s torn between falling in love with the man she shouldn’t want and the man she can’t have. And she isn’t sure how she can live with herself either way.

To Professor, with Love Linda Kage 2014 Junior in college. Star athlete. Constant attention from the opposite sex. On this campus, I'm worshiped. While seven hundred miles away, back in my hometown, I'm still trailer park trash, child of the town tramp, and older sibling to three kids who are counting on me to keep my shit together so I can take them away from the same crappy life I grew up in. These two opposing sides of myself never mix until one person gets a glimpse of the true me. I never expected to connect with anyone like this or want more beyond one night. This may be the real deal. Problem is Dr. Kavanagh's my literature professor. If I start anything with a teacher and we're caught together, I might as well kiss my entire future goodbye, as well as my family's and especially Dr. Kavanagh's. Except sometimes love is worth risking everything. Or at least, it damn better be, because I can only resist so much.

**Drowning Instinct**

Lisa J. Bick 2012-02-01 There are stories where the girl gets her prince, and they live happily ever after. (This is not one of those stories.)
Jenna Lord’s first sixteen years were not exactly a fairy tale. Her father is a controlling psycho and her mother is a drunk. She used to count on her older brother—until he shipped off to Iraq. And then, of course, there was the time she almost died in a fire. There are stories where the monster gets the girl, and everyone cries for his innocent victim. (This is not one of those stories either.) Mitch Anderson is many things: A dedicated teacher and coach. A caring husband. A man with a certain... magnetism. And there are stories where it’s hard to be sure who’s a prince and who’s a monster, who is a victim and who should live happily ever after. (These are the most interesting stories of all.) Drowning Instinct is a novel of pain, deception, desperation, and love against the odds—and the rules.
