Nobody cherishes a toy that makes you read a long guidebook just to figure out how the darn thing works! That is why I have put this book together for both beginners and expert, to teach you them the building blocks of using the Nikon Coolpix B500 camera. It starts out by going over the feature and modes in the device, followed by defining some key terms that canon camera user needs to know. This book will explain all the basics settings, Dials, Modes, Buttons, Shooting Tips and much more. It covers only what most users want to know so you don’t have to comb through hundreds of pages of technical jargon just to find out how to do a common feature. This book is written in a little more casual and fun than what you expect from most canon manuals. Click the BUY button now!!!
