The Shortest History of War
Gwynne Dyer 2021-08-03 War has always been a defining feature of human society. This pacy, lively history explains why we do it - and how we can stop. Acclaimed historian and military expert Gwynne Dyer tells the story of war from its earliest origins up to the present age of atom bombs and algorithms. Gwynne Dyer chronicles the advent of warfare in the first cities; the rise of inequality and tyranny as humans multiply; the 1000-year classical era of combat until the firearm and the Thirty Years’ War, which changed everything. He traces how the brief interlude of limited war before the popular revolutions of the eighteenth century ushered in total war - and how the devastation was halted, for now, by the shock of Hiroshima. We are in the longest stretch of peace between major powers in modern history. It marks a precarious balance, as the looming threats of nuclear proliferation, climate change and superpower rivalry - evoked most recently in the war in Ukraine - threaten our world. This concise, vivid and clear-sighted book is vital reading for anyone who wants to understand the role of war in the long human story - and how we can stop it from dominating our future. London-based Gwynne Dyer is an admired...

Word Nerd Susin Nielsen 2016-10-06 Ambrose Bukowski is a twelve-year-old with a talent for mismatching his clothes, for saying the wrong thing at the worst possible time, and for words. In short, he’s a self-described nerd. Making friends is especially hard because he and his overprotective mother, Irene, have had to move so often. And when bullies at his latest school almost kill him by deliberately slipping a peanut into his sandwich to set off his allergy, it’s his mother who has the extreme reaction. From now on, Ambrose has to be home-schooled. Then Ambrose strikes up an unlikely friendship with the landlord’s son, Cosmo, an ex-con who’s been in prison. They have nothing in common except for Scrabble. But a small deception grows out of control when Ambrose convinces a reluctant Cosmo to take him to a Scrabble club. Could this spell disaster for Ambrose?

Credit Analysis and Lending Management Milind Sathye 2003-03-04 Credit Analysis and Lending Management is a new Australasian text that focuses on the core lending functions of financial institutions, covering asset management, credit risk assessment and analysis, lending policy formulation and management, and the rise of new product development and marketing in the financial services sector. The value of any financial institution is measured by its ability to effectively manage and reduce its credit risk. This text details the structure of the credit organisation, including loan markets. Relevant financial statements are presented to develop students’ interpretative and analytical understanding of financial statements. Features: • Developments in loan marketing and new loan products are profiled and assessed (see chapter 17).
Problem loan management is discussed as a growing professional issue (see chapter 16). * Detailed case studies at the end of the text present a diverse set of professional scenarios that can be used for assignment, assessment and group work activities. * ‘Industry insight’ boxes profile current professional issues and identify industry developments. * ‘A day in the life of...’ boxes highlight the diversity of professional roles in the banking industry.

**Slave Stealers** Timothy Ballard 2018-09-04 Follow two abolitionists who fought one of
The most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother’s house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day “underground railroad” which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings—Mia and Marky, who were born in Haiti.

Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman—The “Conductor”; Abraham Lincoln— the “Great Emancipator”; Little Mia—the sister who saved her little brother; Guesno Mardy—the Haitian father who lost his son to slave traders; and Harriet Jacobs—a teacher for us all.

**Sick** Tom Leveen 2013-10-01

Brian and his friends are not part of the cool crowd. They’re the misfits and the troublemakers—the ones who jump their high school’s fence to skip class regularly. So when a deadly virus breaks out, they’re the only ones with a chance of surviving. The virus
turns Brian’s classmates and teachers into bloodthirsty attackers who don’t die easily. The whole school goes on lockdown, but Brian and his best friend, Chad, are safe (and stuck) in the theater department—far from Brian’s sister, Kenzie, and his ex-girlfriend with a panic attack problem, Laura. Brian and Chad, along with some of the theater kids Brian had never given the time of day before, decide to find the girls and bring them to the safety of the theater. But it won’t be easy, and it will test everything they thought they knew about themselves and their classmates. Praise for SICK “The gore and action will leave enthralled readers thrilled and then sated with each kill on either side.” —Booklist “Between the pacing and the heroes’ salty, blue language (full of lovingly creative, genital-inspired insults), reluctant readers who love zombies will devour it, right up to the abrupt end.” —Kirkus Reviews “Sick is well written, with great detail, even if it is a little gory.” —VOYA Magazine Awards 2014 Quick Picks for Reluctant Young Readers list from YALSA Defying Doomsday Tsana Dolichva 2016 Teens form an all-girl band in the face of an impending comet. A woman faces giant spiders to collect silk and protect her family. New friends take their radio show on the road in search of plague survivors. A man seeks love in a fading world. How would you survive the apocalypse? Defying Doomsday is an anthology of apocalypse fiction featuring disabled and chronically ill protagonists, proving it’s not always the “fittest” who survive— it’s the most tenacious, stubborn, enduring and innovative characters who have the best chance of adapting when everything is lost. In stories of fear, hope and survival, this anthology gives new perspectives on the end of the world, from authors Corinne Duyvis, Janet Edwards, Seanan McGuire, Tansy Rayner Roberts, Stephanie Gunn, Elinor Caiman Sands, Rivqa Rafael, Bogi Takacs, John Chu, Maree Kimberley, Octavia Cade, Lauren E Mitchell, Thoraiya Dyer, Samantha Rich, and K L Evangelista. Fallocaust Quil Carter 2014-07-09 Over two hundred and thirty years ago the Fallocaust happened, killing almost everything that lived and creating what is now known as the greywastes. A dead wasteland where cannibalism is a necessity, death your reality, and life before the radiation nothing but pictures in dog-eared magazines. Reaver is a greywaster, living in a small block controlled by a distant ruler said to have started the Fallocaust.
He is a product of the savage world he was raised in and prides himself on being cold and cruel. Then someone new to his town catches his eye, someone different than everyone else. Without knowing why he starts to silently stalk him, unaware of where it will lead him.

**Medical Anthropology** Andrea S. Wiley 2009 Intended as the primary text for introductory courses on medical anthropology, this book integrates human biological data relevant to health and disease with both evolutionary theory and the social environments that more often than not produce major challenges to health and survival. Because students who take this fastest-growing anthropology course come from a variety of disciplines (anthropology, biology, especially pre-med students, and health sciences, especially), the text does not assume anything beyond a basic high-school level familiarity with human biology and anthropology. The authors first present basic...
Biological information on a particular health condition and then expand their analysis to include evolutionary, historical, and cross-cultural perspectives. Among the topics covered are nutrition, infectious disease, stress, reproductive health, behavioral disease, aging, race/racism and health, mental health, and healers and healing.
