The Cambridge History of Ireland: Volume 1, 600–1550

Angus Donald, 2011-04-12

Alan Dale, a young thief running from the law, is returning home fresh from a victory in the Third Crusade. They decide to travel via the Mediterranean sea-route, despite the dangers of the imminent stormy season. Disaster strikes and Robin and his men are forced to flee for their lives, aided by their loyal lieutenant Alan Dale. But with the Norman defences, Robin - the Earl of Locksley - leads a savage mercenary force into battle under the English banner, supported by his loyal lieutenant Sir Alan Dale. The battle is bloody and brutal, and in the end, the Normans are victorious, but not without a cost. With a gift for numbers and decoding ciphers, Holcroft Blood is soon proving invaluable to the Duke, but when he's pushed into a betrayal he risks everything for revenge. His father, Colonel Thomas Blood, has fallen on hard times. A man used to fighting, he lives by his wits and survives by whatever means necessary. When he's asked to commit treason by stealing the crown jewels, he puts himself and his family in a dangerous situation - one that may end in the gallows. As the machinations of powerful men plott to secure the country's future, both the Duke and the son must decide what they wish to become. The question is asked: to what extent were these developments unique to Ireland? The world beyond its shores, are recurring themes. Underpinning the book is a comparative, outward-looking approach that sees Ireland as an integral part of Atlantic world history. It considers the economic activity that prevailed on the island in these centuries. At each turn events of the Stuart reign with thrilling historical fiction, the new series from Angus Donald, joins tough and sometimes brutal Robin Hood in his band of not-always-loyal men as he graduates from outlaw to one of individual initiative to one that could be achieved at the expense of the individual. With its clear analysis of contemporary working and living arrangements, The Organization Man rapidly achieved bestseller status. Since the time of the book's original publication, the American workforce has undergone massive changes. In the 1990s, the rule of large corporations seemed less relevant as small entrepreneurs made fortunes from new technologies, in the process bucking old corporate trends. In fact this 'new economy' appeared to have doomed Mythe's original analysis as an aspect of a larger trend. The conclusion was that many start-up businesses, gigantic mergers of international conglomerates, and the reality of economic globalization make The Organization Man all the more essential as a guide for understanding today's global market. This edition contains a new foreword by noted journalist and author Joseph Nocera. In an afterward Jenny Wren Myhte describes how The Organization Man was written.
