Real Estate Finance and Investments William B. Brueggeman 2005 Real Estate Finance & Investments is today's most indispensable, hands-on look at the increasingly vital arena of real estate partnerships, secondary mortgage markets, and fixed- and adjustable-rate mortgages. Updates to this edition include completely revised coverage of REITs, expanded coverage of CMBS, more detail on how underlying economic factors affect property value, and short readings based on current events.

Nothing Changes Until You Do Mike Robbins 2014-05-06 After three years of living his dream as a professional baseball pitcher, Mike Robbins had an arm injury that benched him for good, and when this happened, everything changed. He had to figure out who he was without the identity of "baseball player"—a process fraught with emotional highs and lows—and he quickly realized that the self-criticism and self-doubt he was feeling are in fact epidemic in our culture. Too often we base our value on our external world—our jobs, finances, appearance, or various other factors. Even the most successful people struggle with their relationship with themselves. In Nothing Changes Until You Do, Mike looks at this delicate relationship and brings to light a new way to look at life, opening your eyes to your innate value. These 40 inspiring essays, which are real tales from Mike's own life and the lives of his clients, boil down some of the most important lessons Mike has learned on his own personal journey—and as he's traveled throughout the country for over a decade speaking to groups of all kinds. With themes spanning from the importance of trusting yourself to the benefits of vulnerability to the strength inherent in embracing change, this book shows you how to get out of your own way and make peace with yourself. With humor, authenticity, and ease, Mike illustrates that with a little self-compassion and a healthy dose of self-acceptance, anyone can turn away from the negatives that manifest because of a critical self-perception—things like self-doubt, insecurity, addictions, sabotaged relationships, unnecessary drama, and more. Making peace with yourself is fundamental to happiness and success. So join Mike and learn to have more compassion, more acceptance, and more love for yourself—thus giving you access to more compassion, more acceptance, and more love for the people (and everything else) in your life.
Managing an Information Security and Privacy Awareness and Training Program Rebecca Herold 2005-04-26 Managing an Information Security and Privacy Awareness and Training Program provides a starting point and an all-in-one resource for infosec and privacy education practitioners who are building programs for their organizations. The author applies knowledge obtained through her work in education, creating a comprehensive resource of nearly everything involved with managing an infosec and privacy training course. This book includes examples and tools from a wide range of businesses, enabling readers to select effective components that will be beneficial to their enterprises. The text progresses from the inception of an education program through development, implementation, delivery, and evaluation.

Socioeconomics, Diversity, and the Politics of Online Education Setzekorn, Kristina 2020-06-19 Education has until recently promoted social mobility, especially for online education demographic groups. Featuring a wide range of topics including globalization, accreditation, and socioeconomics, this book is essential for teachers, administrators, government policy writers, educational software developers, MOOC providers, LMS providers, policymakers, academicians, administrators, researchers, and students interested in student retention and diversity and income inequality as well as promoting social mobility and democracy through accessible public education.

Interview Questions and Answers Richard McMunn 2012-01-01 25 Top Financial Services Firms 2008
The Web Startup Success Guide Robert Walsh 2009-12-08 If there's a software startup company in your developer heart, this is the book that will make it happen. The Web Startup Success Guide is your one-stop shop for all of the answers you need today to build a successful web startup in these challenging economic times. It covers everything from making the strategic platform decisions as to what kind of software to build, to understanding and winning the Angel and venture capital funding game, to the modern tools, apps and services that can cut months off development and marketing cycles, to how startups today are using social networks like Twitter and Facebook to create real excitement and connect to real customers. Bob Walsh, author of the landmark Micro-ISV: From Vision to Reality, digs deep into the definition, financing, community-building, platform options, and productivity challenges of building a successful and profitable web application today.
Practitioner's Guide to Ethics and Mindfulness-Based Interventions Lynette M. Monteiro 2017-10-26 This book focuses on the role of ethics in the application of mindfulness-based interventions (MBIs) and mindfulness-based programs (MBPs) in clinical practice. The book offers an overview of the role of ethics in the cultivation of mindfulness and explores the way in which ethics have been embedded in the curriculum of MBIs and MBPs. Chapters review current training processes and examines the issues around incorporating ethics into MBIs and MBPs detailed for non-secular audiences, including training clinicians, developing program curriculum, and dealing with specific client populations. Chapters also examine new, second-generation MBIs and MBPs, the result of the call for more advanced mindfulness-based practices. The book addresses the increasing popularity of mindfulness in therapeutic interventions, but stresses that it remains a new treatment methodology and in order to achieve best practice status, mindfulness interventions must offer a clear understanding of their potential and limits. Topics featured in this book include: • Transparency in mindfulness programs. • Teaching ethics and mindfulness to physicians and healthcare professionals. • The Mindfulness-Based Symptom Management (MBSM) program and its use in treating mental health issues. • The efficacy and ethical considerations of teaching mindfulness in businesses. • The Mindful Self-Compassion (MSC) Program. • The application of mindfulness in the military context. Practitioner’s Guide to Mindfulness and Ethics is a must-have resource for clinical psychologists and affiliated medical, and mental health professionals, including specialists in complementary and alternative medicine and psychiatry. Social workers considering or already using mindfulness in practice will also find it highly useful.
Make Talent Your Business Wendy Axcelrod 2011 Most managers focus on near-term results, struggling to find the time and motivation to develop direct reports in any significant way. Yet fast-paced business environments demand managers who can grow their employees' skills. Axcelrod and Coyle's work offers guidance on how to develop their staff in significant ways, while getting results, every day.

In addition, the authors include guidance to help controllers carry out their responsibilities to ensure that all financial accounts are reviewed for reasonableness and are reconciled to supporting transactions, as well as performing asset verification. Comprehensive in scope the book contains the best practices for controllers and: Reveals how to set the right tone within an organization and foster an ethical climate Includes information on risk management, internal controls, and fraud prevention Highlights the IT security controls with the key components of successful governance Examines the crucial role of the controller in corporate compliance and much more The Master Guide to Controllers' Best Practices should be on the bookshelf of every controller who wants to ensure the well-being of their organization.

**The Career Development Bulletin 1979**

**Field Archaeologist's Survival Guide** Chris Webster 2016-07-01 Chris Webster's handy, informative guide outlines what it takes to become an archaeological technician, a field worker in cultural resource management (CRM) archaeology. Based on his popular blog feature, Shovelbums Guide, Webster offers young archaeologists useful advice about CRM work, including writing, cooking in hotel rooms, hand-mapping, surviving unemployment, life after archaeology, and more. It provides tools new CRM archaeologists need to get hired and to live life on the road in a fluctuating job market as well as details on how to succeed as a field archaeologist. Appendices cover sample job hunting documents and checklists for fieldwork. If you will be pursuing a position in this dynamic, challenging field, this book is a must-read both before you apply for that first job and once you get one.

**The Intersection of Change Management and Lean Six Sigma**

Randy K. Kesterson 2017-09-01 "Randy has crafted an invaluable book, no matter where you are in the journey of organizational change management. A must-have guide you will refer to again and again." - Marshall Goldsmith, author of the #1 New York Times bestseller, Triggers. "Randy Kesterson recognizes that much of the energy that organizations put into Lean and Six Sigma improvements is wasted when the results are not applied effectively due to the organization's resistance to change." - Ellen Domb, Ph.D. POR, one of the world's top 50 quality experts at QualityGurus.com "Finally, a book that recognizes that most organizations are on the left side of the FAT-LEAN continuum. Far too many organizations think they are Lean/Six Sigma mature only to realize that they aren't even close." - Gerhard Plenert, Ph.D., serves as Director of Executive Education, Shingo Institute, Home of the Shingo Prize The Intersection of Change Management and Lean Six Sigma: The Basics for Black Belts and Change Agents is for Lean and Six Sigma professionals working to solve complex organizational challenges. Written for a business executive and certified Lean Six Sigma black belt, this book: Provides sound, innovative practices for those interested in successfully navigating organizational change. Focuses on culture change and mindsets, not just tools and applications. Stresses effective communication ensuring that various stakeholders understand the reasons for the change, the benefits, and the details. Illustrates how the benefits of Lean and Six Sigma initiatives can benefit the change management process. This book pinpoints and examines the intersection of change management and Lean Six Sigma. It features interviews with change management practitioners (executives, project managers, and black belts) and provides pertinent case studies detailing successful and failed changes.
