Hart Attack Cristin Harber 2014-11-18 Outside of Titan Group, there are few people that Roman Hart would die for. He’s a soldier, a protector, and he’s haunted that one of the people he should’ve been able to protect didn’t let him. That was years ago, and now a hardened heart and a cocky attitude are his impenetrable shields, until one woman—one challenge—drives him to distraction. On the outside, Beth Tourne has it all. Luxury car, gorgeous condo, and a job partying with the rich and famous. It’s a plush CIA cover, but she wants more. Anything for an adrenaline rush that can override her guilty numbness and let her forget the tragedy she never saw coming. Their scars make them perfect operatives. Their mirrored pasts give them deep, wounded reasons to stay alone. But the more they ignore the tension, the more vulnerable they become. Survival means trust. In one another, behind closed doors, and on the job. The only way they’re making it out alive is if they find peace while waging a war. Dreamers of the Day
Mary Doria Russell 2008-03-11
A schoolteacher still reeling from the tragedies of the Great War and the influenza epidemic travels to the Middle East in this memorable and passionate novel “Marvelous . . . a stirring story of personal awakening set against the background of a crucial moment in modern history.”—The Washington Post

Agnes Shanklin, a forty-year-old schoolteacher from Ohio, has come into a modest inheritance that allows her to take the trip of a lifetime to Egypt and the Holy Land. Arriving at the Semiramis Hotel just as the 1921 Cairo Peace Conference convenes, she is freed for the first time from her mother’s withering influence and finds herself being wooed by a handsome, mysterious German. At the same time, Agnes—with her plainspoken American opinions—is drawn into the company of Winston Churchill, T. E. Lawrence, and Lady Gertrude Bell, who will, in the space of a few days, redraw the world map to create the modern Middle East. As they change history, Agnes too will find her own life transformed forever. With prose as graceful and effortless as a seductive float down the Nile, Mary Doria Russell illuminates the long, rich history of the Middle East with a story that brilliantly elucidates today’s headlines.

Only for Him Cristin Harber 2015-02-24 Grayson Ford and Emma Kinglsey—close since they were kids, opposites in every way. He’s the stuff high school crushes are made of, Mister Popular, and captain of every team. She’s artsy, cute, and not in his league, though fully aware of Summerland’s I Dream of Dating Grayson Ford support group. I can’t say no. The girl’s had my heart since before I knew it went missing. He hides a life of hell. His father hates him, his mother’s gone. Emma is his only savior, yet she doesn’t know her power over him. She’s the only girl he wants, the only one he could ever tell—though he won’t. I’m stronger, bigger, more of a man than he’ll ever be, but because I ruined his life, I’ve taken his crap, his attacks, the vulgar nature of his existence. Until she discovers Gray’s embarrassment, his humiliation. Emma fights for him, for a chance. They’re a Cinderella story that she believes impossible. But as the layers peel back, it’s just a guy who needs a girl in order to keep breathing. My mind is already doodling Mrs. Grayson Ford in imaginary notebooks. He has no clue where my head is at... But, given that I didn’t see what just happened coming, maybe I have no clue where his head is at either. Only for Him is the first of four books in the Only series.

Jax Cristin Harber 2017-10-10 Seven is an enigma. A motorcycle club princess. The daughter of a notorious gangster. The best friend of the deputy mayor. A coffee shop owner. The single mom of two young, adopted children. She’s colorful, in every way possible—from her attitude to her piercings and bright pink hair—and she’s a woman on a mission with the power to help broker a clean break between a powerful motorcycle club and a South American drug cartel. But not all players are ready for the game to change, including the ones she can’t see like the CIA. Jax Michaelson has a bad attitude and a good shot. The former Navy SEAL has been on Titan’s problem list for running his mouth since the day he showed up for work, but he does a hell of a job, and they’d never let him go. Call him cocky, that’s fine, because then you’d have to admit he’s the best at anything and everything—except diplomacy. When Titan is forced into the seedy drug world filled with cartel glitz and Harley-riding MCs, Seven and her family become an unexpected bargaining chip right after she and Jax find a way to stand each other—in bed. Will friends become lovers? Or are they too far gone to be opposites that attract? Is Jax nothing but a bad boy who leaves her hoping for a military hero when the burden of living as Mayhem royalty backfires and her children disappear.

The Velvet Hours Alyson Richman 2016-09-06 From the international bestselling author of The Lost Wife and The Garden of Letters, comes a story—inspired by true events—of two women pursuing freedom and independence in Paris during WWII. As Paris teeters on the edge of the German occupation, a young French woman closes the door to her late grandmother’s treasure-filled apartment, unsure if she’ll ever return. An elusive countesman, Marthe de Florian cultivated a life of art and beauty, casting out all recollections of her impoverished childhood in the dark alleys of Montmartre. With Europe on the brink of war, she shares her story with her granddaughter Solange Beaugiron, using her prized possessions to reveal her innermost secrets. Most striking of all are a beautiful string of pearls and a magnificent portrait of Marthe painted by the Italian artist Giovanni Boldini. As Marthe’s tale unfolds, like velvet itself, stitched with its own shadow and light, it helps to guide Solange on her own path. Inspired by the true account of an abandoned Parisian apartment, Alyson Richman brings to life Solange, the young woman forced to leave her fabled grandmother's legacy behind to save all that she loved.

**The Titan Series: A Military Romance Sampler** Cristin Harber

CHAPTER SAMPLER of three bestselling military romance novels (WINTERS HEAT, GARRISON’S CREED, WESTIN’S CHASE) and two bestselling novellas (GAMBLED and CHASED). The sampler includes the first few chapters of each book. It's an easy way to see if you like the series before you buy it. WINTERS HEAT After putting her life on the line to protect classified intelligence, military psychologist Mia Kensington is on a cross-country road trip from hell with an intrusive save-the-day hero. Uninterested in his white knight act, she’d rather take her chances without the ruggedly handsome, cold-blooded operative who boasts an alpha complex and too many guns. Colby Winters, an elite member of The Titan Group, has a single objective on his black ops mission: recover a document important to national security. It was supposed to be an easy in-and-out operation. But now, by any means necessary becomes a survival mantra when he faces off with a stunning woman he can’t leave behind. When Titan’s safe houses are compromised, Colby stashes Mia at his home, exposing his secret—he’s the adoptive father of an orphaned baby girl. Too soon, danger arrives and Mia lands in the hands of a sadistic cartel king with a taste for torture. As hours bleed into fear-drenched days, Colby races across the globe and through a firestorm of bullets to save the woman he can’t live without. GARRISON'S CREED Nicola is an injured CIA agent on the run from a failed undercover operation. Her escape plan shatters when she slams into the man who buried her a decade ago. Cash Garrison. Her first and only love. Now, sexier than her best memory and cradling a sniper’s rifle, he has questions she can’t answer. Why was she alive? And armed? Cash is an elite member of a black ops organization, The Titan Group. He thought Nicola died his senior year of college and swore off love to focus on a decade of military missions. But when she shows up behind enemy lines, bleeding out and wielding a weapon, his heart and mind are unsure how to
proceed. Titan and the CIA join forces to uncover a mole hidden in a network of international terrorists and homegrown mobsters, teaming Cash and Nicola again. They fight old wounds and re-ignite sparks while closing in on a double agent. When disaster strikes, Nicola’s hidden past makes her the hunted target and Cash’s best kill shot may not be enough to save them. WESTIN'S CHASE Jared Westin knows his reputation and likes it. He gets the job done. No emotion. No baggage. That’s why his elite ops company, The Titan Group, is better than the best. They complete projects classified as mission impossible. And then, in walks a woman as tough as she is sexy. His counterpart in every way, should he choose to admit it. Ousted undercover ATF agent Lilly Chase only answers to “Sugar.” Jared is the only man who can see past her leather-and-lipstick demeanor, and that revelation is terrifying. She was fired for helping Titan on a questionable arrest she should’ve ignored, then partnered with Jared’s rival on an assignment in Afghanistan. Distance and danger do nothing to change her feelings. When she’s left on the side of a mountain to die, an unexpected ally comes forward, and might open her heart. Saving Sugar isn’t a normal rescue operation. It pits Titan against its rival, Jared against his nemesis. Chasing Sugar’s heart isn’t a simple task, either. She fights him, fights them, always ready to run. When she becomes a pawn in a game of collateral damage, Jared must risk his life to save her—the woman whose bravado and surprising sweetness has given him the one thing he never had. Love. **Parentology** Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of Battle Hymn of the Tiger
Mother). If you’re like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley’s sassy kids show him the limits of his profession.

Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You’ll be laughing and learning at the same time.

**Cultural Techniques** Jörg Dünne 2020-08-24 This volume presents the preliminary results of the work carried out by the interdisciplinary cultural techniques research lab at the University of Erfurt. Taking up an impulse from media studies, its contributions examine—from a variety of disciplinary perspectives—the interplay between the formative processes of knowledge and action outlined within the conceptual framework of cultural techniques. Case studies in the fields of history, literary (and media) studies, and the history of science reconstruct seemingly fundamental demarcations such as nature and culture, the human and the nonhuman, and materiality and the symbolical order as the result of concrete practices and operations. These studies reveal that particularly basic operations of spatialization form the very conditions that determine emergence within any cultural order. Ranging from manual and philological "paper work" to practices of opening up and closing off spaces and collective techniques of assembly, these case studies replace the grand narratives of cultural history focusing on micrological
examinations of specific constellations between human and nonhuman actors.

Bishop's Queen Cristin Harber 2016-10-25 “I can't shake the feeling that somebody's watching me.” One second Ella Leighton’s life was normal—the next, not so much. A social media maven who made her living saving sea turtles, the decision to join a reality TV show was a good one for the cause. But for her... the adjustment wasn’t easy. Her publicist used phrases like online personality. An overnight celebrity. Everyone explained that was why she couldn’t shake the feeling. But none of their excuses could explain the letters. The pictures. And then her stalker crossed the line, triggering the demand for security. Bishop O'Kane didn’t expect to come face-to-face with his ex-girlfriend when Titan sent him on bodyguard duty. The woman he once loved, the same one he walked away from years ago, was now his responsibility. Opposites in every way, they couldn’t be more different, but maybe they had never needed each other more. With the FBI falling short in their investigation, the Titan team must rally around the woman with millions of followers, protecting her from her own as Bishop and Ella forge a path of second chances and forgiveness, unburying the past in order to survive. **Hot Target** Suzanne Brockmann 2004-12-28 Bestselling author Suzanne Brockmann knows exactly what makes hearts race and pulses pound: peril and passion. No one succeeds more brilliantly at blending these exhilarating elements in breathtaking novels of men and women forced to grapple with the deepest emotions and the highest risks. And there’s no better proof than Hot Target. Like most men of action, Navy SEAL Chief Cosmo Richter never learned how to take a vacation. So when he finds himself facing a month’s leave, he offers his services to Troubleshooters Incorporated. Founded by a former SEAL, the private-sector security firm is a major player in the ongoing war against terrorism, known for carrying out covert missions too volatile for official U.S. military action. But the first case Richter takes on is anything but under the radar. High-profile maverick movie producer Jane Mercedes Chadwick hasn’t quite completed her newest film, but she’s already courting controversy. The World War II epic frankly portrays the homosexuality of a real-life hero—and the storm of advance media buzz surrounding it has drawn the fury of extremist groups. But despite a relentless campaign of angry E-mails, phone calls, and smear tactics, Chadwick won’t be pressured into abandoning the project. Then the harassment turns to death threats. While the FBI appears on the scene, nervous Hollywood associates call in Troubleshooters, and now Chadwick has an army of round-the-clock bodyguards, whether she likes it or not. And she definitely doesn’t. But her stubbornness doesn’t make FBI agent Jules Cassidy’s job any easier. The fiercely independent filmmaker presents yet another emotional obstacle that Cassidy doesn’t need—he’s already in the midst of a personal tug-of-war with his ex-lover, while fighting a growing attraction to Chadwick’s brother. Determined to succeed—and survive—on her own terms, Chadwick will face off with enemies and allies alike. But she doesn’t count on the bond she forms with the quiet, capable Cosmo Richter. Yet even as their feelings bring them closer, the noose of deadly terror all around them draws tighter. And when all hell erupts, desire and desperate choices will collide on a killing ground that may trap them both in the crossfire.
