X-Com UFO Defense David Ellis 1994-10-01 X-COM UFO Defense players must coordinate scientists, engineers, and soldiers to defeat an alien invasion and develop a strategy to ensure human survival. This "Official Strategy Guide" contains charts, tables, maps, and illustrations exposing every detail of the alien threat. In a special section, the game's designers and programmers reveal the game's deepest secrets. **Research Methods For Business** Roger Bougie 2019-08-26 Research Methods For Business, 8th Edition explains the principles and practices of using a systematic, organized method for solving problematic issues in business organizations. Designed to help students view research from the perspective of management, this popular textbook guides students through the entire business research process. Organized into six main themes—Introduction, Defining the Management and the Research Problem, Theory, Collecting Information, Drawing Conclusions, and Writing and Presenting the Research Report—the text enables students to develop the skills and knowledge required to successfully create, conduct, and analyze a research project. Now in its eighth edition, this popular textbook has been thoroughly updated to incorporate substantial new and expanded content, and reflect current research methods and practices. The text uses a unique blended learning approach, allowing instructors the flexibility to custom-tailor their courses to fit their specific needs. This innovative approach combines the face-to-face classroom methods of the instructor with internet-based activities that enable students to study what they want, when they want, at their own pace.

Monsters in the Dark: the Making of X-COM: UFO Defense - Special Edition David Craddock 2021-10-05 Monsters in the Dark charts the career of legendary designer Julian Gollop through the creation of 1994's X-COM, a terrifying and terrifyingly deep wargame hailed as the finest PC game (IGN) and a bona fide classic (GameSpot). Includes bonus interviews not found in the book's standard edition.

Data Pipelines with Apache Airflow Julian de Ruiter 2021-04-05 "An Airflow bible. Useful for all kinds of users, from novice to expert." - Rambabu Posa, Sai Aashika Consultancy Data Pipelines with Apache Airflow teaches you how to build and maintain effective data pipelines. A successful pipeline moves data efficiently, minimizing pauses and blockages between tasks, keeping every process along the way operational. Apache Airflow provides a single customizable environment for building and managing data pipelines, eliminating the need for a hodgepodge collection of tools, snowflake code, and homegrown processes. Using real-world scenarios and examples, Data Pipelines with Apache Airflow teaches you how to simplify and automate data pipelines, reduce operational overhead, and smoothly integrate all the technologies in your stack. Purchase of the print book includes a free eBook in PDF, Kindle, and ePub formats from Manning Publications. About the technology Data pipelines manage the flow of data from initial collection through consolidation, cleaning, analysis, visualization, and more. Apache Airflow provides a single platform you can use to design, implement, monitor, and maintain your pipelines. Its easy-to-use UI, plug-and-play options, and flexible Python scripting make Airflow perfect for any data management task. About the book Data Pipelines with Apache Airflow teaches you how to build and maintain effective data pipelines. You'll explore the most common usage patterns, including aggregating multiple data sources, connecting to and from data lakes, and cloud deployment. Part reference and part tutorial, this practical guide covers every aspect of the directed acyclic graphs (DAGs) that power Airflow, and how to customize them for your pipeline's needs. What's inside Build, test, and deploy Airflow pipelines as DAGs Automate moving and transforming data Analyze historical datasets using backfilling Develop custom components Set up Airflow in production environments About the reader For DevOps, data engineers, machine learning engineers, and sysadmins with intermediate Python skills. About the author Bas Harenslak and Julian de Ruiter are data engineers with extensive experience using Airflow to develop pipelines for major companies. Bas is also an Airflow committer. Table of Contents PART 1 - GETTING STARTED 1 Meet Apache Airflow 2 Anatomy of an Airflow DAG 3 Scheduling in Airflow 4 Templating tasks using the Airflow context 5 Defining dependencies between tasks PART 2 - BEYOND THE BASICS 6 Triggering workflows 7 Communicating with external systems 8 Building custom components 9 Testing 10 Running tasks in containers PART 3 - AIRFLOW IN PRACTICE 11 Best practices 12 Operating Airflow in production 13 Securing Airflow 14 Project: Finding the fastest way to get around NYC PART 4 - IN THE CLOUDS 15 Airflow in the clouds 16 Airflow on AWS 17 Airflow on Azure 18 Airflow in GCP

Tom Clancy's The Division: Recruited Thomas Parrott 2022-02-01 A newly recruited agent is the Strategic Homeland Division's best hope to prevent a nefarious plot from ripping the agency apart, in this brand new post-apocalyptic thriller from Tom Clancy's The Division® Maira Kanhai has had enough: since the Green Poison epidemic hit DC, her Cybersecurity degree is worthless, she can't rejoin the US Navy, and her early efforts to secure Maryland led to a costly mistake: the death of her brother. Every day new factions emerge, trying to burn her city to the ground – until the Division emerges, inspiring hope. When a grenade kills one of their agents, Maira suddenly has a chance to make a real difference as a raw new Division recruit ... if she can pass the tests, and overcome the enemies plotting to permanently eliminate the Division once and for all.

Game Architecture and Design Andrew Rollings 2004 A guide to computer game design, architecture, and management explores the application of design principles, shares the experiences of game programmers, and offers an overview of game development software.

X-Com Apocalypse David Ellis 1997 X-Com Apocalypse is set in the year 2084. Earth civilization has been crippled by overpopulation and pollution, and people have moved into self-contained "Utopian" cities such as Megalopolis. Soon, society begins to unravel, and, of course, aliens are at the root of the problem. And with this strategy guide players can more easily root out the problem and annihilate it.

The Game Audio Strategy Guide Gina Zdanowicz 2019-12-10 The Game Audio Strategy Guide is a comprehensive text designed to turn both novices and experienced audio designers into technical game audio pros. Providing both a theoretical foundation and practical insights, The Game Audio Strategy Guide offers a thorough look at the tools and methods needed to create industry-quality music and sound design for games. The text is supported by an extensive companion website, featuring numerous practical tutorials and exercises, which allows the reader to gain hands-on experience creating and implementing audio assets for games. The Game Audio Strategy Guide is the essential manual for anyone interested in creating audio for games, inside or outside the classroom.

XCOM 2: Factions Kevin J. Anderson 2018-11-06 Human rebels fight to overthrow the alien occupation in this epic science fiction graphic novel based on the hit video game. It's 2035 and the war is over. For two decades, the alien invaders have lived side by side with their human conquests, preaching peace and coexistence, and slandering the human forces that fought to repel them. They think they've won the war. They think this planet is theirs. They think XCOM is finished. They're wrong. Set in the action-packed world of XCOM and incorporating elements from the game, XCOM 2: FACTIONS expands the universe of the successful game franchise. Featuring sharp, dynamic artwork from top comics artists, this original story is the beginning of an exciting new comics series perfect for XCOM players and sci-fi adventure fans.

XCOM 2: Resurrection Greg Keyes 2015-11-10 In the world of XCOM, the governments of Earth unite under threat of an alien invasion and form XCOM, an elite paramilitary organization tasked with repelling the extraterrestrial offensive and defending humanity. Woefully outgunned, XCOM's only hope is to outsmart and outmaneuver the enemy by turning the aliens' power against them. Making clever use of game elements, XCOM: Resurrection details the strategy and costs of war in a compelling narrative sure to delight sci-fi aficionados and fans of the game series.

The Essential Guide to Game Audio Steve Horowitz 2014-03-05 The Essential Guide to Game Audio: The Theory and Practice of Sound for Games is a first of its kind textbook and must-have reference guide for everything you ever wanted to know about sound for games. This book provides a basic overview of game audio, how it has developed over time, and how you can make a career in this industry. Each chapter gives you the background and context you will need to understand the unique workflow associated with interactive media. The practical, easy to understand interactive examples provide hands-on experience applying the concepts in real world situations.

Totally Unauthorized Guide to X-Com 2 Ronald Wartow 1995 X-COM 2 is one of the most highly anticipated computer games, the follow up to the phenomenal hit X-COM. This guide gives the bare bones information needed to successfully play the game. It also provides full strategies for players, full descriptions of all the new creatures and aliens, where to find the artifacts and what they mean, tips, hints, cheats and much more.

Brave Girl Michelle Markel 2013-01-22 An engagingly illustrated account of immigrant Clara Lemlich's pivotal role in the influential 1909 women laborer's strike describes how she worked grueling hours to acquire an education and support her family before organizing a massive walkout to protest the unfair working conditions in New York's garment district. 25,000 first printing.

Ultrasound Edward I. Bluth 2011-01-01 Based on a popular course taught at the Radiological Society of North America's Annual Meeting, this book provides all the essential information for choosing the appropriate imaging examination and completing the imaging workup of a patient. Chapters are organized into parts according to the anatomical location of the clinical problems addressed. The authors guide the reader through the diagnostic evaluation, reviewing the indications for and the strengths and limitations of ultrasound imaging.Features: Practical information on the usefulness of ultrasound, nonimaging tests, or other imaging modalities, such as CT and MR, for evaluating each clinical situation Clear descriptions of symptoms and differential diagnosis Nearly 1,300 images and photographs demonstrating key points A new chapter on neonatal spinal cord anomalies Comprehensive and up-to-date, this edition is essential for ultrasonographers, radiologists, residents, physicians, nurses, and radiology assistants seeking the latest recommendations for the effective use of ultrasonography.

Wanderhome Jay Dragon 2021-06 Wanderhome is a pastoral fantasy role-playing game about traveling animal-folk, the world they inhabit, and the way the seasons change. It is a game filled with grassy fields, mossy shrines, herds of chubby bumblebees, opossums in sundresses, salamanders with suspenders, starry night skies, and the most beautiful sunsets you can imagine.

The Lost Kitchen Erin French 2017-05-09 An evocative, gorgeous four-season look at cooking in Maine, with 100 recipes No one can bring small-town America to life better than a native. Erin French grew up in Freedom, Maine (population 719), helping her father at the griddle in his diner. An entirely self-taught cook who used cookbooks to form her culinary education, she now runs her restaurant, The Lost Kitchen, in a historic mill in the same town, creating meals that draw locals and visitors from around the world to a dining room that feels like an extension of her home kitchen. The food has been called "brilliant in its simplicity and honesty" by Food & Wine, and it is exactly this pure approach that makes Erin's cooking so appealing—and so easy to embrace at home. This stunning giftable package features a vellum jacket over a printed cover.

This Naked Mind Annie Grace 2018-01-02 This Naked Mind has ignited a movement across the country, helping thousands of people forever change their relationship with alcohol. Many people question whether drinking has become too big a part of their lives, and worry that it may even be affecting their health. But, they resist change because they fear losing the pleasure and stress-relief associated with alcohol, and assume giving it up will involve deprivation and misery. This Naked Mind offers a new, positive solution. Here, Annie Grace clearly presents the psychological and neurological components of alcohol use based on the latest science, and reveals the cultural, social, and industry factors that support alcohol dependence in all of us. Packed with surprising insight into the reasons we drink, this book will open your eyes to the startling role of alcohol in our culture, and how the stigma of alcoholism and recovery keeps people from getting the help they need. With Annie's own extraordinary and candid personal story at its heart, this book is a must-read for anyone who drinks. This Naked Mind will give you freedom from alcohol. It removes the psychological dependence so that you will not crave alcohol, allowing you to easily drink less (or stop drinking). With clarity, humor, and a unique blend of science and storytelling, this Naked Mind will open the door to the life you have been waiting for. "You have given me my live back." —Katy F., Albuquerque, New Mexico "This is an inspiring and groundbreaking must-read. I am forever inspired and changed." —Kate S., Los Angeles, California "The most selfless and amazing book that I have ever read." —Bernie M., Dublin, Ireland

X-Com Terror from the Deep David Ellis 1995 What you learned playing X-COM UFO Defense will get you nowhere. A completely new strain of alien menace is bubbling up from the deep and your weapons are useless against them.X-COM specialist David Ellis divulges insider information on all the new aliens, their submarines and undersea bases, all three new hand-to-hand weapons, and combat strategies that hold up, even under skull-crushing depths. **The Zones of Regulation** Leah M. Kuypers 2011 "... a curriculum geared toward helping students gain skills in consciously regulating their actions, which in turn leads to increased control and problem solving abilities. Using a cognitive behavior approach, the curriculum's learning activities are designed to help students recognize when they are in different states called "zones," with each of four zones represented by a different color. In the activities, students also learn how to use strategies or tools to stay in a zone or move from one to another. Students explore calming techniques, cognitive strategies, and sensory supports so they will have a toolbox of methods to use to move between zones. To deepen students' understanding of how to self-regulate, the lessons set out to teach students these skills: how to read others' facial expressions and recognize a broader range of emotions, perspective about how others see and react to their behavior, insight into events that trigger their less regulated states, and when and how to use tools and problem solving skills. The curriculum's learning activities are presented in 18 lessons. To reinforce the concepts being taught, each lesson includes probing questions to discuss and instructions for one or more learning activities. Many lessons offer extension activities and ways to adapt the activity for individual student needs. The curriculum also includes worksheets, other handouts, and visuals to display and share. These can be photocopied from this book or printed from the accompanying CD."—Publisher's website.

Press Reset Jason Schreier 2021-05-11 From the bestselling author of Blood, Sweat, and Pixels comes the next definitive, behind-the-scenes account of the video game industry: how some of the past decade's most renowned studios fell apart—and the stories, both triumphant and tragic, of what happened next. Jason Schreier's groundbreaking reporting has earned him a place among the preeminent investigative journalists covering the world of video games. In his eagerly anticipated, deeply researched new book, Schreier trains his investigative eye on the volatility of the video game industry and the resilience of the people who work in it. The business of videogames is both a prestige industry and an opaque one. Based on dozens of first-hand interviews that cover the development of landmark games—BioShock Infinite, Epic Mickey, Dead Space, and more—on to the shocking closures of the studios that made them, Press Reset tells the stories of how real people are affected by game studio shutdowns, and how they recover, move on, or escape the industry entirely. Schreier's insider interviews cover hostile takeovers, abusive bosses, corporate drama, bounced checks, and that one time the Boston Red Sox's Curt Schilling decided he was going to lead a game studio that would take out World of Warcraft. Along the way, he asks pressing questions about why, when the video game industry is more successful than ever, it's become so hard to make a stable living making video games—and whether the business of making games can change before it's too late.

Gameer's Web Directory Mark Salzman 1997 Includes thousands of links to gaming sites and secrets on playing the games. CD-ROM contains cheat codes and game hacks, trial versions of new games, and a complete HTML version of the book.

Super Mario Bros. 3 Bob Chipman 2013-04-19

Make Time Jake Knapp 2018-09-25 From the New York Times bestselling authors of Sprint comes a simple 4-step system for improving focus, finding greater joy in your work, and getting more out of every day. "A charming manifesto—as well as an intrepid do-it-yourself guide to building smart habits that

stick. If you want to achieve more (without going nuts), read this book."—Charles Duhigg, bestselling author of The Power of Habit and Smarter Faster Better Nobody ever looked at an empty calendar and said, "The best way to spend this time is by cramming it full of meetings!" or got to work in the morning and thought, Today I'll spend hours on Facebook! Yet that's exactly what we do. Why? In a world where information refreshes endlessly and the workday feels like a race to react to other people's priorities faster, frazzled and distracted has become our default position. But what if the exhaustion of constant busyness wasn't mandatory? What if you could step off the hamster wheel and start taking control of your time and attention? That's what this book is about. As creators of Google Ventures' renowned "design sprint," Jake and John have helped hundreds of teams solve important problems by changing how they work. Building on the success of these sprints and their experience designing ubiquitous tech products from Gmail to YouTube, they spent years experimenting with their own habits and routines, looking for ways to help people optimize their energy, focus, and time. Now they've packaged the most effective tactics into a four-step daily framework that anyone can use to systematically design their days. Make Time is not a one-size-fits-all formula. Instead, it offers a customizable menu of bite-size tips and strategies that can be tailored to individual habits and lifestyles. Make Time isn't about productivity, or checking off more to-dos. Nor does it propose unrealistic solutions like throwing out your smartphone or swearing off social media. Making time isn't about radically overhauling your lifestyle; it's about making small shifts in your environment to liberate yourself from constant busyness and distraction. A must-read for anyone who has ever thought, If only there were more hours in the day.... Make Time will help you stop passively reacting to the demands of the modern world and start intentionally making time for the things that matter.

Limitless Jim Kwik 2020-04-07 An instant New York Times bestseller and #1 Wall Street Journal bestseller. JIM KWIK, the world's #1 brain coach, has written the owner's manual for mental expansion and brain fitness. With the best Mindset, Motivation and Method, your powers become truly limitless.

XCOM 2 Rick Barba 2017-12-12 Continue the fight against an imposing alien force with this original novel based on the hit video game XCOM 2. Under constant threat by the alien invasion, humanity's fate is in the hands of the last remaining military resistance: XCOM. The elite unit is the only hope for the people of Earth. The novel follows XCOM as they continue to fight for freedom, redemption, and survival. Fans of XCOM 2: Resurrection will enjoy this exciting addition to the XCOM story and its use of elements of the popular game.

Play Bigger Al Ramadan 2016-06-14 The founders of a respected Silicon Valley advisory firm study legendary category-creating companies and reveal a groundbreaking discipline called category design. Winning today isn't about beating the competition at the old game. It's about inventing a whole new game—defining a new market category, developing it, and dominating it over time. You can't build a legendary company without building a legendary category. If you think that having the best product is all it takes to win, you're going to lose. In this farsighted, pioneering guide, the founders of Silicon Valley advisory firm Play Bigger rely on data analysis and interviews to understand the inner workings of "category kings"—companies such as Amazon, Salesforce, Uber, and IKEA—that give us new ways of living, thinking or doing business, often solving problems we didn't know we had. In Play Bigger, the authors assemble their findings to introduce the new discipline of category design. By applying category design, companies can create new demand where none existed, conditioning customers' brains so they change their expectations and buying habits. While this discipline defines the tech industry, it applies to every kind of industry and even to personal careers. Crossing the Chasm revolutionized how we think about new products in an existing market. The Innovator's Dilemma taught us about disrupting an aging market. Now, Play Bigger is transforming business once again, showing us how to create the market itself.

The Art of Wolfenstein MachineGames 2014 Provides an in-depth look at the art of the video game, detailing the character designs, settings, and technology of the alternate world where the Nazis won World War II.

Grand Theft Auto Tim Bogenn 2003-05 Covers the missions, maps, hidden features, vehicles, weapons, and characters.

Sid Meier's Memoir! : A Life in Computer Games Sid Meier 2020-09-08 The life and career of the legendary developer celebrated as the "godfather of computer gaming" and creator of Civilization, featuring his rules of good game design. "Sid Meier is a foundation of what gaming is for me today." — Phil Spencer, head of Xbox Over his four-decade career, Sid Meier has produced some of the world's most popular video games, including Sid Meier's Civilization, which has sold more than 51 million units worldwide and accumulated more than one billion hours of play. Sid Meier's Memoir! is the story of an obsessive young computer enthusiast who helped launch a multibillion-dollar industry. Writing with warmth and ironic humor, Meier describes the genesis of his influential studio, MicroProse, founded in 1982 after a trip to a Las Vegas arcade, and recounts the development of landmark games, from vintage classics like Pirates! and Railroad Tycoon, to Civilization and beyond. Articulating his philosophy that a video game should be "a series of interesting decisions," Meier also shares his perspective on the history of the industry, the psychology of gamers, and fascinating insights into the creative process, including his rules of good game design.

The Video Games Guide Matt Fox 2012-12-01 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design—from the very earliest (1962's Spacewar) through the present day releases on the PlayStation 3, Xbox 360, Wii and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels and of course the author's views and insights into the game. In addition to the main entries and reviews, a full-color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include: a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

XCOM 2 Strategy & Tactics Guide Scott O'Brady 2020-09-25 XCOM 2 Strategy & Tactics Guide provides detailed information on how to defeat Advent strategically and tactically. The guide provides detailed information on soldier classes, weapons, weapon mods, PCS chips, Advent enemies and missions. At the end of the guide information on some of the more than 6,000 mods available for the game is provided.

XCOM 2 Mods Guide Scott O'Brady 2020-10 XCOM 2 War of the Chosen has many mods and this book gives details primarily on mods that add enemies, add missions or impact mission play. The book also looks at mods that add enemies and raider factions.

Ultimate Techniques & Tactics James Parinella 2004 Improve your poaches, hone your hucks, and sharpen your cuts. With Ultimate Techniques & Tactics as your guide, you will master all of the offensive and defensive skills and principles critical to excelling in the sport. This essential handbook contains more than the mechanics of the game; it presents in-depth instruction on using key skills such as throwing, cutting, and catching in game situations. You will study flight paths to maximize your chances of completing passes; understand the finer points of catching; and learn when, where, and how to cut to gain yardage, improve disc position, and maintain possession. You will also stun your opponents when your team employs the offensive and defensive strategies learned in Ultimate Techniques & Tactics. Use your complete knowledge of offensive skills to organize such offenses as zone, stack, weave, and split stack. And when every point matters, create an impenetrable line of defense to save the game. Disrupt your competitors' rhythm and timing using one-on-one, zone, or junk defenses like the clam. Ultimate Techniques & Tactics is the first and best guide to the sport of Ultimate. Use it to become an Ultimate champion!

Ninja Selling Larry Kendall 2017-01-03 2018 Axiom Business Book Award Winner, Gold Medal Stop Selling! Start Solving! In Ninja Selling, author Larry Kendall transforms the way readers think about selling. He points out the problems with traditional selling methods and instead offers a science-based selling system that gives predictable results regardless of personality type. Ninja Selling teaches readers how to shift their approach from chasing clients to attracting clients. Readers will learn how to stop selling and start solving by asking the right questions and listening to their clients. Ninja Selling is an invaluable step-by-step guide that shows readers how to be more effective in their sales careers and increase their income-per-hour, so that they can lead full lives. Ninja Selling is both a sales platform and a path to personal mastery and life purpose. Followers of the Ninja Selling system say it not only improved their business and their client relationships; it also improved the quality of their lives.

Crash Course in Gaming Suellen S. Adams 2013-11-25 Video games aren't just for kids anymore. This book will describe the "why" and "how" to start or expand a video gaming program in the library, including some specific examples of how to target adult and female game patrons. Gaming supplies more than just visual stimulation and empty entertainment; it can also promote socialization as well as the learning of both traditional and new literacies required to succeed in the modern world. Problem-solving, multi-tasking, complex decision-making on the fly, and "reading" the combination of words and graphics are vital skills for the 21st century—all of which are required to play video games. Crash Course in Gaming discusses the pros and cons of gaming, the types of games and game systems, circulating collections, and game programs. It explains how a library's video game program can—and should—do much more than simply draw younger users to the library, providing examples of how everyone from parents to senior citizens can benefit from a patron-oriented computer gaming program. The appendices also include specific games, programs, review sources, and sources for further information. Includes general information and tips for programs as well as specific examples of programs that have worked Discusses both programming and collection development Provides a full description of types of games, game play systems, and gamers Presents a variety of useful tips to build successful collections and programs that will be helpful even to librarians with no game experience

Game Design Deep Dive: Horror Joshua Bycer 2021-10-08 The Game Design Deep Dive series examines a specific game system or mechanic over the course of the history of the industry. This entry will examine the history and design of the horror genre and elements in video games. The author analyzes early video game examples, including the differences between survival, action-horror, and psychological horror. Thanks to recent hits like Five Night's at Freddy's, Bendy and the Ink Machine, and recent Resident Evil titles, the horror genre has seen a strong resurgence. For this book in the Game Design Deep Dive series, Joshua Bycer will go over the evolution of horror in video games and game design, and what it means to create a terrifying and chilling experience. FEATURES • Written for anyone interested in the horror genre, anyone who wants to understand game design, or anyone simply curious from a historical standpoint • Includes real game examples to highlight the discussed topics and mechanics • Explores the philosophy and aspects of horror that can be applied to any medium • Serves as a perfect companion for someone building their first game or as part of a game design classroom Joshua Bycer is a game design critic with more than eight years of experience critically analyzing game design and the industry itself. In that time, through Game-Wisdom, he has interviewed hundreds of game developers and members of the industry about what it means to design video games. He also strives to raise awareness about the importance of studying game design by giving lectures and presentations. His first book was 20 Essential Games to Study. He continues to work on the Game Design Deep Dive series.

Clockwork Game Design Keith Burgun 2015-05-15 Only by finding and focusing on a core mechanism can you further your pursuit of elegance in strategy game design. Clockwork Game Design is the most functional and directly applicable theory for game design. It details the clockwork game design pattern, which focuses on building around fundamental functionality. You can then use this understanding to prescribe a system for building and refining your rulesets. A game can achieve clarity of purpose by starting with a strong core, then removing elements that conflict with that core while adding elements that support it. Filled with examples and exercises detailing how to put the clockwork game design pattern into use, this book is a must-have manual for designing games. A hands-on, practical book that outlines a very specific approach to designing games Develop the mechanics that make your game great, and limit or remove factors that disrupt the core concept Practice designing games through the featured exercises and illustrations

Writing Interactive Music for Video Games Michael Sweet 2015 This is the first complete guide to composing interactive scores for video games.

Authored by the developer of Berklee College of Music's pioneering Game Audio program, it covers everything professional composers and music students need to know, and contains exclusive tools for interactive scoring previously available only at Berklee. Drawing on his experience as an award-winning video game composer and in teaching hundreds of music students, the author brings together comprehensive knowledge presented in no other book.

With the amazing aliens encyclopedia you can profile and defeat every enemy. See how to develop weapons and build the best bases and follow the best strategies to minimize casualties.Form the best alliance of all with XCOM: Enemy Unknown Official Strategy Guide and defend Earth from the alien threat.

The Monsters Know What They're Doing Keith Ammann 2019-10-29 From the creator of the popular blog The Monsters Know What They're Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior—and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In The Monsters Know What They're Doing, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, The Monsters Know What They're Doing is essential reading for every DM.
