2020-10-15 This book mobilises the theory of uneven and combined development to uncover the geopolitical economic drivers of China’s rise. The purpose is to explain the formation and trajectory of its economic ‘accumulation system’ – which remains a confounding hybrid of statist and neoliberal forms of capitalism – as the outcome of China’s geopolitical engagement of the USA during the late stages of the Cold War, and its participation in manufacturing global production networks (GPNs). Fear of geopolitical catastrophe drove China to open its economy, while GPNs enabled China to generate substantial export surpluses which could be recycled through state-owned banks as cheap credit and subsidies to large, vertically integrated and politically-controlled state-owned enterprises. In this way, a symbiosis emerged between ‘state’ and ‘Keynesian-Fordist’ sectors of the economy, while the national-territorial state retained its form and expanded its functions. The book chronicles how this reliance on export surpluses, however, rendered China extremely vulnerable to external shocks – prompting a dramatic monetary and fiscal stimulus response to the crisis of 2008, even while sustaining the illusion of economic ‘decoupling’ from the global economy. Finally, it examines the growing role of the state in the current crisis-ridden economic model and China’s current geopolitical and geo-economic expansionism in areas such as the Belt and Road Initiative and the militarisation of the East and South China Seas.

The Company Daughters

Samantha Rajaram 2020-10-30 ‘Blew my mind… so magically written and most of all that it is based on true events… a hard-hitting, soul-crushing book… I loved every moment of it… immersive, heart-wrenching, I feel emotional writing this review.’ Goodreads reviewer, 5 stars Wanted: Company Daughters. Virtuous young ladies to become the brides of industrious settlers in a foreign land. The company will pay the cost of the lady’s dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Beil has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana’s future begins to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey – but what awaits them on the other side of the world is nothing like what they’ve been promised… Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of Girl with a Pearl Earring. This book is a beautiful example of the power of human will and the endurance and hope that love can give a person.’ Goodreads reviewer, 5 stars ‘This book is so tender and beautiful… I was enchanted by this book! It’s a delightful read that will have your emotions all over the place.’ Goodreads reviewer ‘I love historical fiction, and this book touched on a topic and time I knew nearly nothing about…There’s love, there’s loss, there’s surviving, there’s thriving… It was a very beautiful book.’ Goodreads reviewer ‘The Company Daughters is a beautifully written love story… a perfect example of the power of human will and the endurance and hope that love can give a person.’ Goodreads reviewer, 5 stars ‘This book is riveting and emotional, I fell in love with the author’s writing just flows off the page, and although there are struggles and upsets by the time you close the book over you are filled with a warm glow.’ Goodreads reviewer ‘A powerful and insightful read. I look forward to reading more historical work by Samantha Rajaram!’ Goodreads reviewer ‘Heartbreaking… a moving book… vivid, with amazing characters… This is a great read.’

Palaeogeography and Palaeobiogeography: Biodiversity in Space and Time

Paul Upchurch 2011-10-24 Biogeography represents one of the most complex and challenging aspects of macroevolutionary research, requiring input from both the earth and life sciences. Palaeogeographic reconstruction is frequently carried out by researchers with backgrounds in geology and palaeontology, who are less likely to be familiar with the latest biogeographic techniques: conversely, biogeographic methods are often devised by neontologists who may be less familiar with the fossil record, stratigraphy, and palaeogeography. Palaeogeography and Palaeobiogeography: Biodiversity in Space and Time bridges the gap between these two communities of researchers, who work on the same issues but typically use different types of data. The book covers a range of topics, and reflects some of the major overall questions in the field such as: Which approaches are best suited to reconstructing biogeographic histories under a range of circumstances? How do we maximize the use of organisinal and earth sciences data to improve our understanding of events in earth history? How well do analytical techniques devised for researching the biogeography of extant organisms perform in the fossil record? Can alternative biodiversity metrics, particularly those based on morphological measurements, enhance our understanding of biogeographic patterns and processes? This book approaches palaeobiogeography with coverage of technological applications and recent advances in the field. It contains a wide selection of overlapping and integrative disciplines, including evolutionary theory, vicariance biogeography, extinctions, and the philosophical aspects of palaeogeography. It also highlights new technological innovations and applications for research. Presenting a unique discussion of both palaeogeography and palaeobiogeography in one volume, this book focuses both historically and philosophically on the interface between geology, climate, and organismal distribution.

The Business Communication Handbook Judith Dwyer 2009 The ability to apply written, oral and interpersonal communication skills are essential if you are to succeed in your chosen career. This successful book is designed to help you apply and adjust these skills to suit the various situations they encounter in the workplace. The eighth edition of THE BUSINESS COMMUNICATION HANDBOOK builds on the previous editions to provide an understanding of communication principles that can then be applied in the workplace. This user-friendly text is divided into four parts: Workplace Communication, Workplace Relationships, Workplace Documents and Career Development. Each chapter includes learning objectives and a list of key terms at the beginning of the chapter. In addition, main headings highlight key ideas, a comprehensive glossary and end-of-chapter summaries that review the essential concepts presented in the chapter. Coverage of employability skills has also been incorporated into the new edition, with Ready For Work activities at the end of each section that enable students to reflect on their readiness for work and career advancement or promotion. A Companion Website at pearsoned.com.au/dwyer provides further online resources for teachers and students and includes: True/False questions, Internet exercises, Good/Bad practice and research topic questions. This provides teachers with additional assessments and tasks, an exam revision tool and the opportunity to integrate technology into course delivery.

Love, in Spanish Karina Halle 2014 The companion to the highly emotional, scandalous and USA Today Bestselling love story - Love, in English - is finally here! LOVE, IN SPANISH is a sequel about 60K words, told from Mateo Casalles’ POVs. This is not a “rehash” of LIE and is instead a whole new story about Mateo and Vera on their quest to a happily-ever-after. “She sat beside me on the bus and she changed my whole life.” Successful, wealthy and absurdly handsome Spanish ex-football player Mateo Casalles seemed like he had it all. A high-society wife, an adorable little girl, and flashy apartments in Madrid and Barcelona only sweetened the deal. But there was more to Mateo than met the eye: a life of uncertainty and regret that colored his black and white world. That was until Vera Miles came into his life like a shooting star. Tattooed, wild and young, Vera seemed like the polar opposite at first. But you can’t choose who you fall in love with and the two lost souls did everything they could to be together, all while suffering the grave consequences. Now with Mateo divorced and living in Madrid with Vera, there is a whole new set of challenges and setbacks facing the couple and rock the foundation of their star-crossed relationship. Unfortunately for them, the brighter the star, the faster they burn.

Deadlock Sara Paretsky 2011-02-09 When Chicago Black Hawks hockey legend Boom Boom Warshawski slips off a wharf and drowns in Lake Michigan, his private-eye cousin questions the accidental death report and rumors of suicide. Armed with a bottle of Black Label and a Smith & Wesson, V.I. follows a trail of violence and corruption to the center of Chicago’s powerful shipping industry. Dodging elaborate attempts on her life with characteristic grit and humor, the one-of-a-kind detective wends her way through a maze of grain elevators and thousand-ton freighters, ruthless businessmen and gorgeous ballerinas, to ferret out Boom Boom’s killers before they phase her out of the picture—permanently. Praise for Deadlock “V.I. Warshawski is one of the best . . . smart, tough, sexy.” —Daily News (New York) “Sara Paretsky makes excellent use of local backgrounds in a carefully plotted tale of murder and great misdeeds in the world of Great Lakes cargo shipping.” —Chicago Tribune “Hard-boiled detective fiction . . . a swift-paced and engrossing read.” —The Philadelphia Inquirer “Slithers with suspense!” —Chicago Sun-Times Piaggio (Vespa) Scooters Service and Repair Manual Matthew Coombs 2004 The Haynes Service and Repair manual for the Piaggio Vespa Scooter.

SafeFITS - Safe Future Inland Transport Systems Department of Economic and Social Affairs 2019-05-20 This report presents the results of the project SafeFuture Inland Transport Systems (SafeFITS), which aims to develop a robust road safety decision-making tool to support the most appropriate road safety policies and measures to achieve tangible results. Road accidents constitute a major social problem in modern societies, accounting for more than 1 million accidents per year in EU-28 (2,900 per day), resulting in 1.4 million injuries and 26,000 fatalities. Current trends suggest that, unless action is taken, traffic injuries will become the fifth leading cause of death by 2030, with the disparity between high-income and low-income countries further increased.
