**Five Dates with the Billionaire** Alyssa J. Montgomery 2020-11-01 A USA TODAY BESTSELLER ‘I’m insisting you date her. Five dates together, then I’ll have this surgery.’ Billionaire CEO Connor Stewart is being blackmailed. By his own grandmother, no less, who is refusing to have life-saving surgery unless Connor dates Mia Simms, his dull and dowdy marketing employee. For Violet’s sake, Connor agrees to the crazy scheme. There’s no risk of breaking his ‘short-term only’ rule with Mia Simms; she’s not the kind of woman Connor is interested in ... and he’s sure she’s hiding something. He just doesn’t expect it to be delicious curves and a firecracker personality. Mia Simms is hiding something, and it’s much more dangerous than her looks. All she wants to do is live life in the safety of the shadows and avoid discovery. But perhaps a short-term fling is exactly what she needs to remind her to live. But what if Violet is right to push them together? Can Mia trust Connor enough to let him see the real person behind the facade she’s built? Or is Violet’s little scheme about to put both their lives in danger?

Constitutional Mythologies Alain Marciano 2011-08-02 Our societies obviously rest on common beliefs. These “myths” are tools that help us to develop and build common identities; they form the structure around
which societies function. This does not imply that these beliefs are “true,” in the sense that they would be supported by empirical facts. In social matters, myths have undoubtedly important functions to play even if no empirical facts support them. On the other hand, and precisely because they are not discussed, myths may be problematic: they may create illusions, conserve structures that are inefficient and unable to improve the situation of citizens. This is particularly true with constitutions. Constitutions are very important for societies: a constitution is a document — even in societies based on “unwritten” constitutions — which binds citizens together, creating unity among them, and which forms the framework within which our activities take place. As Nobel Prize laureate James Buchanan used to say: constitutions contain the rules of the social game we play in our everyday life. However, constitutions are not frequently debated by citizens. This is why we end up with common beliefs about these constitutions: they are above our heads, around us. We take them, their role, function, and nature as given. The purpose of this volume to investigate and challenge common constitutional myths. Featuring contributions from prominent economists, political scientists, and legal scholars, the chapters in this volume address such myths as “constitutions are binding social contracts,” “constitutions are economic documents” and “constitutions are legal documents.” Illustrating their analyses with historical and contemporary examples from the United States, Canada, and Europe, the authors build a multi-layered approach to understanding constitutions and their implications for social and political influence.

Business Schools and their Contribution to Society Mette Morsing 2011-10-18 Business schools are arguably some of the most influential institutions in contemporary society. The research and education they provide set the standard for how future leaders manage local and global organizations - a responsibility requiring continual discussion, development and challenge. This exciting book explores the role of business schools through 3 key dimensions: - How business school legitimacy has been challenged by the recent economic crisis and corporate scandals; - How schools contribute to shaping and transforming business conduct; and - How institutions, past and present, develop their identities to face the challenges presented by the ongoing globalization process. Combining global perspectives from business school Deans, scholars and stakeholders, this book presents a unique discussion of the current and future challenges facing business schools and their contributions to society.

**Guarding the Single Mother** Leslie North Retired Navy SEAL, Clint Backwater, enjoys his solitary life as owner of the Ask Questions Later gun range. It’s the kind of place you find because you know a guy. So when Leila Ortiz, a petite woman with a “baby on board” sticker on the back of her car—and an 18-month-old boy in her arms—shows up at the range, panicked and desperate for a gun, he knows something is wrong. Having grown up in the foster system, Clint has seen what happens when you let yourself get too invested—things get messy, people leave. He made himself a promise to never get emotionally involved again, but the former SEAL in him feels the tug to help this woman and her child. Leila’s ex-husband is being released from prison early on good behavior and she found out too late. He was supposed to serve five years, not two, and Leila is unprepared to protect herself and her son. She promised him they’d never run again—they’ve made a nice life for themselves and the last thing she wants to do is leave it all behind. When Clint refuses to give Leila a gun without lessons, she agrees to return to the range to learn. At first, Leila won’t say why she’s so desperate for protection, but when the threats from her ex escalate, it becomes clear what she’s afraid of. Clint is a loner. Always has been, always will be. So when Leila and her little son enter his life, it hits him—hard—maybe being alone isn’t what he needs. Still, having his solitary life disrupted when he invites the little family into his home is a bit tougher to take than he thought. With Leila and her son in danger, though, he’ll do whatever it takes to keep them safe—even putting up with stray toys and changing a nappy or two. But the biggest danger might be to his heart, when it starts to look like the safest thing for Leila and her baby might be to leave her problems—and her budding relationship with Clint—behind.

**The Daddy and The Dom** Julia Sykes 2019-09-01
MfM ménage romance from USA Today bestselling author Julia Sykes. Two darkly domineering alpha males. They say I don't have to choose. They both want me. Together. The three of us. I was meant to be theirs: Joseph, my sweet first love, and Marco, his sternly intimidating best friend. I know they’re dangerous men, but being with them doesn't feel wrong. When they hold me in their arms, I feel safe, cherished. I’m still their captive, but I’m no longer certain if I want to be free of them. They swear they only kidnapped me for my own protection, and after a terrifying attack by one of their enemies, I’m starting to believe them. If I give myself to them, can my alluring criminal captors protect me? Or is their world too dangerous for even their strong arms to shield me from harm?

Keywords: MfM ménage, Daddy romance, mafia romance, kidnapping, romantic suspense, new adult
